### **Tomas Štefe says**

Man that scene where Issei is searching for Asia was a true tearjerker. Anyway volumes 5 and 6 were simply breathtaking, can't wait for the anime adaptation.

### **Dhiraj gupta says**

### **Aaron Nagy says**

Why does this series make me laugh so much, it's so immature but when I need quick cheap laughs this series really hits the spot. This was a good conclusion to the arc but really the reason this is getting a 4/5 because I had to stop reading multiple times during the song at the end and just laugh so I could digest how silly it was before continuing to read.

### **Suzette says**

The scene between Asia and Ise was so emotional it made me cry. Ise was able to reach Balance Breaker before and the Juggernaut Drive; if it is still incomplete as it is now just how strong will he be when it is complete?

P.S. The Oppai Dragon song was so funny. Hahaha! ? and Switch Princess Rias! Hahaha deads.
