This is a series I read as a teen and am re-reading for nostalgia purposes. I love Jennie McGrady!

Leanne Haynes says

Once again, I was very happy with another mystery featuring amateur sleuth, Jennie McGrady. In particular I appreciated the great set-up for the next book in the series. The ending felt very similar to Nancy Drew in which you are introduced to a new mystery that will be featured in the next installment.

This book has developments surrounding Jennie's mom and her attempts at finding love again. It also has a younger age group as the suspects and targets of the mystery. There is a lot of drug use and injuries in the plot, keeping the pace of the book fast and engaging. Another great mystery read!

Well written...had not idea who did it till the end!

This story begins with a reporter, Nancy Edward, questioning Jennie McGrady about the missing children in the last book. Jennie was exhausted after rescuing her brother, Nick, & his friend Hanna Stuart. Susan McGrady, Jennie's mom, put an end to the press conference. Having the press conference at the Hilton in downtown Portland was J.B.'s (Jennie's grandmother's new husband) idea, so they could also celebrate. J.B agreed to a few more questions, then they left. Gavin Winslow, a reporter for the high school newspaper, followed them out. He had a summer job at "The Oregonian" & had been assigned the story because he knew Jennie. She agreed to an interview the next day, she was both excited by & dreaded the prospect!
