Beware it's a Cliff Hanger

I really did enjoy the Hawk Fae by Terry Spear, I have fallen in love with all the characters in her Fae World. The part that has thrown me for a loop is the quick ending and the huge Cliff Hanger! The series is wonderful and well worth the the read! Now I'm onto Book 7 to find out what happens to all my favorite characters in this beautiful and mysterious Fae world.

Ah, much better

Ah, this one is so much better than that last book. I'm happy to have read more about Ena and am excited for Esmeralda. I am looking forward to more of their story in Phantom Fae, however I really like the idea of Ena And Brett so I hope Freya doesn't collide with that. Thanks Terry, the series just keeps getting better and better!

Linda says

Terry creates the most incredible flights of fantasy - in this case, fae-tasy - with her books.

For now, he wanted to help Ena escape the dragon fae king's wrath. As soon as Prince Grotto learned what she was about to do in the worst way. The reason she was in this mess was because Brett had helped take Princess Alicia prisoner. As Alicia's reward for saving the Princess, Alicia's grandfather had declared that Ena would wed Alicia's cousin. He was a dangerous dragon fae. Sure Ena would become a Princess if she were to wed Prince Grotto. Brett also knew that the fae intended to use her for her special skills and terminate her when she proved useless. Brett wasn't sure how to help Ena move her gold and staff to somewhere safe. Hopefully, in the Hawk Fae kingdom. They didn't have U-Haul trucks in the fae world. She was a dragon and that meant she wasn't leaving without her horde of treasure.

Linda's Thoughts:

HAWK FAE by Terry Spear is another wonderful addition to Terry's World of Fae series! This one seems to

serve as more of a transition from the last book, DRAGON FAE, to the next book, PHANTOM FAE as the ending is rather abrupt and there's a cliffhanger of sorts which is an anomaly for the books in this series. I missed that there wasn't a satisfying ending, but that's ok, as I already have PHANTOM FAE queued up to go on my phone!

In my opinion, this book would not work well as a standalone, as this particular storyline and characters were introduced in the last book, DRAGON FAE. Whereas the former books all worked well as standalones, I believe that the reader needs to be familiar with the story and the characters from the first book, THE DARK FAE, for full enjoyment of this storyline. So... if you want to jump into the series, and you don't want to read all the prior books, at least read the first book before starting fifth book. If you do it that way, you will not be lost in the current plot. Truly, every book in this series have been endearing treats that I can see myself listening to over and over again. For your maximum enjoyment, I'd highly recommend you start from the beginning as the series is best read in order.

As HAWK FAE begins, dragon shifter fae Ena is making preparations to flee her castle in the Dragon Fae kingdom with her horde of treasure and her staff of faithful misfits. She is leaving because the Dragon Fae king had decreed that Ena would wed the evil Prince Grotto. Ena is vehemently opposed to marrying the Prince, so her only choice is to leave and find refuge in the Hawk Fae kingdom. However, the trip will be fraught with danger and it will not be easy. This was truly an exciting, action-packed installment as it included a shipwreck, No Man's Land, vampire fae, freaky sand snakey creatures, multiple sword fights, cliff-side rescues, and much, much more!

If you love fairies and YA fairy tales, I highly recommend that you delve into Terry's delightful World of Fae series! This is a series that you can enjoy with your children or grandchildren. It's perfect for the young and old alike! LOL! I'm in my sixties and am obsessed with it!

Great story to keep you reading the series

Again, the action started right at the beginning and kept on til the end of the story with no total conclusion. You have to read this series in order. I plan on starting the next book immediately! We don't see many of the characters from the first few books, but the story is definitely moving right along. I can't wait to see where it takes us next. I love the way this is going and plan on introducing my mom and sister to the series.

I was lucky enough to be a Beta reader for this book. I had never read any of her Fae books and I can honestly say I've been missing out. You will love her new Fae book Hawk Fae. Awesome job Terry!!!

Love the story. A lot of characters but too short. Nothing was complete and left everything hanging. I love the series
