## **Murder By The Books Vol. 2 (Horrific True Stories) R.J. Parker**

Save \$30 when you purchase this 7 in 1 true crime book collection, or read for FREE with your Kindle Unlimited membership

This boxed set includes:

- **Recent Cold Cases solved by Forensic Science**, including: Krystal Beslanowitch, Lucille Johnson, Sara Lynn Wineski and others.

- **Serial Homicide, Notorious Serial Killers (Book 1)**: Albert Fish, Ted Bundy, Dennis Nilsen, Jeffrey Dahmer, Gary Ridgway and Edmund Kemper

- **Serial Homicide, Notorious Serial Killers (Book 2)**: John Wayne Gacy, Dennis Rader, Edward Gein, Aileen Wuornos, Jane Toppan and Nannie Doss

- **Serial Homicide, Notorious Serial Killers (Book 3)**: The Backpacker Murders, Arnold Karl Sodeman, The Moorhouse Murders, The Snowtown Murders, Eric Edgar Cooke and Lindsay Robert Rose

- **The Basement** This is a shocking story of kidnapping, rape, torture, mutilation, dismemberment, decapitation, and murder. On March 24, 1987, the Philadelphia Police Department received a phone call from a woman who stated that she had been held captive for the last four months. When police officers arrived at the pay phone from which the call was made, Josefina Rivera told them that she and three other women had been held captive in a basement by a man named Gary Heidnik. He imprisoned women in chains, in the filth and stench of a hole dug under his home.

- **Serial Killer Groupies** This book delves into the twisted psychology of women attracted to some of the most notorious monsters on the planet, giving true crime readers real insight into this phenomena.

- **Escaped Killer** When this killer was on the loose, citizens were vigilant, yet scared. Children were not allowed outside to play without adult supervision. But then he was captured, tried, convicted, and put away for life in prison. The community could finally breathe again. They are out of danger. Until the day the convicted killer escapes prison and rains terror upon anyone and everyone in his way. The manhunt pursues, the killer kills, and earns the title of a serial killer.

Approximately 700 Kindle Pages of horrific murder cases for under \$5.00

# **From Reader Review Murder By The Books Vol. 2 (Horrific True Stories) for online ebook**

**shawna says**

**Great read**

If you love true crime books, this is a great book to read. Not only does it tell about the crime, but you get a background of the childhood history of the criminal. Plus the sentence of the criminal.

---

**Ry Hendrix says**

**Outsourced**

If you are looking for a brief insight into serial murder profiles, this works. If you're looking more for details on the processes used to identify, capture, and prosecute the perpetrators of the murders, the amount of work spent solving the crimes (well and/or poorly executed), look to other true crime novels. The details are brief, most looking to be directly taken or referenced from other sources (articles, reports, or previous true crime novels) and not much else. Some of the cases were interesting, but I'll be finding a different book for those to better understand the research and procedures used to capture the killers.

**evette white says**

**Best serial killer box set I've read**

This is terrifying, brutal accounts of serial killers & the author doesn't leave anything out. I like how he categorized the books & described each serial killer in depth

The book on serial killer groupies was a first for me , and I have often wondered why these women have even a slight interest in men who have committed the most vile acts on humans & fall in love or even marry these psychos . I do have somewhat of a grasp on why they do interact with such men & the consequences one such groupie paid.

This set is one of a kind , for sure but I do look forward to reading more from this author.

---

**Deborah Farrow says**

**Fascinating**

I like to read RJ Parker's books. They are always well written, and informative. He's very knowledgeable about the cases that he writes about.

---

## **Tamika Polk says**

### **Interesting, and attention-getting**

As soon as I saw this book was available I downloaded it. I loved this book. It was just as good as I expected it to be. I read a lot of true crime and am always glad to find out new information. This book didn't disappoint, and I will be reading it again. This book definitely deserves at least a second, or maybe even a third read.

---

## **christina dale says**

### **Excellent!!!**

RJ Parker is very good at putting that visual description in words. Very well presented information!! Keep them coming! Thank y

---

## **Elisabeth Brookshire says**

### **Nice and long anthology**

This is a collection of books containing all types of crimes and murders. You will definitely have a lot of topics raised to get into, and you can bypass those that don't interest you as much.

---

## **David Taras says**

Not worth the effort. Just an ad for modern forensic science

---

## **Patti L Bennett says**

### **Mundane**

A report poorly written. Each case has information that is repeated, it appears to be done to create length. I finished but would rather be reading something else.

---

## **lisandra hannah says**

### **Enjoyee**

Despite the subject, I found the books very interesting. I would read more of these books as they become

available.
