**Perfect** Delaney Diamond

Does the end justify the means?

Cyrus Johnson is rich, powerful, and used to getting his way. When his estranged wife shows up at his office demanding a divorce once and for all, he not only refuses, he makes a demand of his own.

Daniella Barrett-Johnson has little bargaining power where Cyrus is concerned, and he's already used his vast financial resources to prolong their divorce and keep her tied to him. Her only hope is to give him what he wants, but if she does, how will she ever be able to leave him for good?

## From Reader Review Perfect for online ebook

### **Kitty says**

I actually liked Cyrus. you can tell he has a big heart and wants the best for his family. I also love the fact that he didn't give up on his marriage with Daniella and knew what he wanted . I almost felt sad when he found out she betrayed him but it is so nice to see how a man takes care of what is his.

---

### **Rilzy Adams says**

#### **Disappointed after the first...**

The hero of the book was a big bully and the heroine a doormat. Author didn't do a very good job rehabilitating him imho and so I found it hard to root for them. I get that as with the previous book she was going for Alpha male but he was just an Alpha a..hole.

The book was well written though so I will cotinue buying.

### **Alina Neac?u says**

seriously ?

---

### **Byron Washington says**

A little formulaic, but not a bad, albeit abbreviated, read.??????

---

### **Lisa says**

Daniela and Cyrus had a rough time for the first couple of years of marriage. She wanted to call it quits, he wouldn't do it! The way they worked through the problems in their relationship to build their happily ever after was beautiful! Dani found out Cyrus could let down his guard and love her, be in love with her! I enjoyed this story and look forward to the other Brother's stories!

### **Marq(ReadingRomanceinColor) says**

2.75 stars

I think I'm done with this series. The men in this series don't understand My body my choice. I don't appreciate a dude tell a woman what to do with her body. Dani wanted a divorce. Why would she want to

have a baby with a tyrant like Cyrus?? He needs therapy. He's a bully and he's mean. This book wasn't long enough to address the issues he has. Which I think stem from his dad's death. I feel like Dani was bullied into loving his ass.

---

### **Lisa Smith says**

Well I'm liking this series, big bad Cyrus has a soft spot and her name is Daniella. Cyrus and Daniella had been married. When things in there relationship wasn't working out she asked for divorce. She tried divorcing him for three years, but he kept prolonging it through the courts. Finally he told her if you have my baby, you can have divorce his last play. I'd she wasn't pregnant in 6 months she could have divorce. But so where along the way things change. A little love and heartache.

### **--karen Green-berry says**

I love Cyrus and Daniela's story.

---

### **Brenda says**

OMGeeeeeee! I LOVE Cyrus! This book was GREAT, EXCELLENT and HOT! I literally could NOT put this book down. Cyrus, Cyrus, Cyrus is all I can say. He said it, he did it and he meant what he said. If you have not read this book, get it and I promise you won't be disappointed! Ms. Delaney Diamond, I really loved this book and I loved Cyrus and Daniela. GREAT READ!!

---

### **Pierrette says**

#### **Totally Captivating!**

There are many novels that only showcase the sunny side of love, but this starts off on a different side and draws you in. Personally, i love when authors explore the possessive, arrogant, jealous(the list could go on) of romance/relationships. It give the stories more of a realistic feel. Not only does Delaney Diamond's words paint a thousand pictures, they leave a vivid tale behind, leaving you captivated.

### **Deloris says**

#### **APB Perspective Reviews:**

I really liked Cyrus and I always say this with Delaney's books, I wanted more of him , he hides that big heart of his with anger and being stern. He likes order and Dani is not orderly but she is just what he needs. The chemistry of this couple burns off the pages and I was rooting for Cyrus to take her now ! I am looking forward to reading the next book in the series I really like this family.

### **KBeautiful1 says**

Cyrus Johnson and Daniella Barrett-Johnson have been estranged for 3 years. Daniella has wanted out of the marriage and Cyrus just keeps prolonging it. So what is a woman to do?

Cyrus is the CEO of Johnson Brewery and Restaurants, he took over the reins once his father died. He is hard edged, hard working and ruthless and he does all of this without a care in the world of what anybody says or thinks. He is taking care of his family the way his dad took care of them. So how come Daniella doesn't see what he is doing is all in a days work.

Daniella is a gallery owner and estranged wife of Cyrus, she thinks Cyrus is ruthless and coldhearted and he doesn't give a damn about her. She can't take it and wants out. Why is Cyrus holding on to their marriage when it is obvious to her he doesn't love her? He just want to be in control and ruling everything, well she isn't having and wants out. She storms into his office and tells him stop prolonging their inevitable, sign the divorce papers so that they can both go on with their lives. Cyrus will give her what she wants on one condition and if she agrees he will sign the divorce papers.

Daniella is leery and weary of the conditions but she agrees because if that is the only way to be over the marriage then she will do it. She is in love with Cyrus he is a first with everything but she will not be in a marriage where she is the only when feeling anything. She agrees to move back home to get things going but little does she realize is that Cyrus is madly in love with and will now do anything to get her back. He knows he's made terrible mistakes when it came to Daniella and if she gives him a chance, he can prove to her he will be the husband that she needs.

Cyrus so used to being in control and ruling with an iron first, now realizes that will not work with Daniella. He foolishly believed that she would come back after leaving him but she didn't and stayed away from him for 3 years and only communicating through their lawyers. Cyrus definitely found out that you don't miss the water until the well runs dry. And he was missing Daniella big time but will she crush his heart now that he is willing to wear it on his sleeve for her? And willing to properly woo her the way he should have done so in the very beginning?

This is another great story in the "Johnson Family" series. I have to admit I had my reservations about Cyrus from book 1 and had no idea that he was even married. My first thought was, who would be married to this stiff prick (LOL!!!) But hey even the control freaks need love too \*snickering\*. I found it hysterical that he also had OCD and I don't know why that was my first thought about him from the first book, only to have it confirmed in his story LOL!!! Author Delaney Diamond has another winner on her hands and I am about to delve into Book 3 "Just Friends (Johnson Family Book 3)" which is little brother Trenton's story. Lawd I can already tell his story is going to be a doozy because in the first two books, he was a hot mess (super savvy and incredible in the family business) but a real ladies man.

---

Well Until My Next Review Ciao Bellas!

---

### **Sarah says**

In the beginning of this story, I really didn't care too much for Cyrus, but by the end, he grew on me. Again, this book was somewhat predictable, but still interesting enough for me to keep reading. The characters just don't seem to have complexity. Also, the big twist in this book could be seen a mile away.

---

### **J.L. Campbell says**

After being obstructed from getting a divorce for three years running, Daniella confronts her estranged husband. Their negotiations carry some challenging conditions and it isn't long before she's back under the influence of a ruthless man who does everything to guarantee that he gets what he wants.

**PLAYERS:** Daniella is an independent soul, who decides to walk away from her overbearing spouse to preserve her sanity. She's strong-willed, but is weak to Cyrus who doesn't speak the language she'd like to hear.

Cyrus is a tycoon, who appears to be cold and calculating until you see things from his side of the fence. He's like a bull in a china shop once he decides what he wants, but this approach doesn't work with Daniella.

**OVERALL COMMENTS:** I finished Perfect in two sittings and it's just as good as the first in the series. The writer showed Daniella and Cyrus's strengths and vulnerabilities, which made them rounded characters and made me empathize with them and their situation.

I couldn't help but root for this star-crossed couple and was happy when they finally worked things out. I'm looking forward to the third book in the series.

**COVER NOTE:** The cover wasn't enough to give me a great visual of Cyrus, but it's a nice representation of the story.

### **Veronica says**

#### **Perfect**

"Perfect" is another one of Delaney Diamond's Goodreads. She really brings this novel to life and allows you to love or hate Cyrus Johnson.... Cyrus and Daniella Johnson's marriage is complicated, they have some damage in their relationship that needs work. But has there been too much damage to achieve reconciliation, only time will tell.. The billionaire couple is in denial about their true feelings and are on the verge of divorce, when..... You will have to read the book to find out what happens to The billionaire couple.. I enjoyed reading the newest book by my fave author.
