## **Prosper Azanuwa says**

The Holy Scripture is composed of two (2) important Covenants:

The first Covenant was between Abraham and Abba Father and this was sealed by CIRCUMCISION (See Genesis 17).

The second Covenant which could be rightly known as the New Covenant is sealed with the Blood of Jesus Christ - "This is My Blood of the New Covenant."

The Old Covenant was the basis on which the New Covenant was founded. Jesus brings us a New Covenant, having fulfilled the Old Covenant (See Hebrew 10:9).

Worthy of mention is the fact that the New Covenant is the strongest, most sacred Covenant known to the human heart.

In the Old Covenant, the blood of bulls and lambs did not cleanse the conscience, did not take away sin consciousness from man but only atoned, i.e covered the sin. What this means is that there is a sacrifice that takes away or better still, puts away sins and it will appear as though they had never been. That is what the New Covenant, sealed with the Blood of Jesus Christ does - New Birth Experience!

Unfortunately, in today's world, there is so much sin-consciousness, and so little consciousness of the finished work of Jesus Christ. This is largely due to the fact that the finished work of Jesus Christ is less taught.

Jesus' work is finished and before Abba Father our REDEMPTION is fully paid for (See 2 Cor. 5:21; Col. 1:22). Jesus carried His Blood to the Holy of Holies satisfying the claims of Justice that were against Natural Man - Jesus introduces the unsaved man to God as Mediator.

Jesus is Mediator for the sinner, but He is Intercessor for the Christian.

The author, E. W. Kenyon also looked at the Lord's Table which every Christian needs to understand.

### **LESSON LEARNED**

There are blessings attached to the New Blood Covenant:

To every member of the New Covenant, Abba Father imparts His righteousness. This righteousness makes you fearless in Satan's presence.

Another blessing is that Abba Father's ability, strength are at your disposal as a member of the New Covenant.

The last but not the least is that we have peace with Abba Father as members of the New Blood Covenant. The Book Is Indeed A Must Read For Every Sincere Christian!

This is a book that actually enlightened my perspective on the purpose of the blood of Jesus and its potency. It unraveled the mystery behind the need for a blood covenant and what it symbolizes. It enhanced my understanding of the life-exchange between believers and God during salvation, as God takes care of the sinners life in exchange for the perfect life that Jesus, the Savior lived!
