## **Monica Cardoza says**

An emotional read the reasons why Storm left Jessica. The read truth of just who is Storm comes to light in this story.

Wow, I could not believe what I was reading. I could not believe who Storm was how he could have done that to Jessica because for the first time he was free. How about Jessica, how could he have hurt her like that? Then you have Melanie, poor Melanie finding out that the man she loves is in love with another woman. Dane knows that they have to talk about what is happening but he has his brother back again. They can start all over again and be the brothers that they were meant to be. Jessica, poor Jessica still in total shock with what she just found out about Storm, what is going to happen now with Dane.

This was more of an emotional read for me, the characters were fighting what they were feeling especially Dane and Jessica. They both know that they are in love with each other but Dane pushes her away and uses the excuse that their relationship is purely physical, only sex. I love him for that he wants to protect her but he is no better than Storm.

You have no idea what Storm has in store for Jessica, it blew me away. Only you are going to have to read this story so you can find out what it is. What is Dane going to do when he finds out? It seems that Storm is a little blind about what is going on with Dane and Jessica what is he going to do when he finds out.

Once again Ms. Carew you blew my mind. This story is coming along beautifully and it's beautifully written. The emotions of the characters could easily be felt in this story. I do have to admit that I had a couple of tears that came loose but I fell in love with these characters even more.

This is definitely a must read!

Thanks to NetGalley who provided me a copy of this ARC for an honest review.

Jessica moved away from home to recover when her ex lover jilted her. Dane has been missing his brother Rafe who ran from his part in the family business because his ideas were overlooked. Flash to Philadelphia and Rafe /Storm has come back into their lives. There are lots of twists and turns. I can't wait to see what happens next.

Let's rock the boat! I called it as soon as Storm reared its ugly (or not so) head. I was just put off with Jessica not knowing Storm's real name or at least his last name after dating for months. Sex was still great.

Now that Storm is back, can Jessica forgive him or does she still want Dane...

Ugh! I wish I had the full book instead of the novellas! The waiting between is killing me!

I do love them though!

Onto #5

Thank you Net Galley and the publisher for this ARC copy in exchange for an honest review.

Again the story line is getting better and more intense. I felt all characters showed some raw emotions and Jess and Dane seem to be struggling with their feelings the most.

I don't want to stop reading! This is a fantastic series and I am already looking forward to reading the next series from this author!

Here we join Storm, Dane, and Jessica reuniting. Everyone but Storm has put two and two together. Dane realizes his brother is the one to break Jessica's heart. Jessica realizes the hurt that has almost destroyed Dane with his strained relationship with Rafe and that Rafe has not only broke her heart but has been Lying too. Rafe realizes he made a mistake with leaving Jessica the way he did. Now he wants to fix it.

This installment makes you fall for Dane even more. He wants Jessica but he doesn't want her hurt. He tries to give her the time she needs but she just wants him. What does he do? Well you have to read to find out!!

Ok so I've said it before and I'm saying it again, with each book I read in this series the story just gets better and better. The drama and suspense is at an all time high by the end of book 4 and so are the scorching hot love scenes. This latest installment has bene my favorite so far and I honestly can's wait for this work day to be over so i can dive into the next one. This author knows her way around an erotic romance novel and I am totally hooked. The characters, the plot, the drama, the SEX....it all adds up to utter perfection! This series is a must read. I insist!

Now here's a quick summary: When Storm shows up out of the blue, Jessica is beyond shocked. This was a man she thought she'd never see again and was starting to move on from. Now she doesn't know what to do. Upon seeing Storm again, all the old feelings she had for him come back full force and she is completley torn. With her growing feeligns for Dane and her love for the man who left her behind, Jessica is more confused than ever and doesn't know what to do. Especially now that she knows Storm isn't who he said he was. However, when Dane starts to distance himself emotionally from Jessica and shuts her out she finds herself turning to the one man she swore she wouldn't ever trust again.

This story is getting so freakin good and I only hope it continues to get better. I honestly don't even know who I want Jessica to end up with at this point. I love her with each of the men and quite frankly I'm kinda hoping she gets to keep both (is that too greedy?). Well its erotic fiction so a girl can dream right?

### **Sue Galuska says**

Jessica comes to realize that Storm is Rafe Ranier, Dane's brother and he has decided that he wants her back in his life....permanently! She is conflicted as to who she wants to be with. She loves the soft, romantic side of Storm/Rafe but also loves the hard, dominate side of Dane. She just can't decide.

### **AngelinaT says**

Wow! Jessica and Dane really burn up the pages but Storm's return is putting a dark cloud over their relationship just as it was getting good. I am team Dane and hope they find a way to make this work. What a triangle and another surprising cliffhanger!

I wasn't a fan of the serial but I am starting to jump on board with it. I like how it is short enough to breeze through it yet leaves you craving the next installment. It almost makes the week go faster.

## **Debi says**

I received a copy from Netgalley and Publisher for an honest review.

TRUE LIES by Opal Carew is #4 installment in HIS TO POSSESS a "sexy serial". I am typically not a fan of this format, but Ms. Carew can pack a punch in a small space. Jessica is reeling with the revaluation that Storm wants her back. He walked out, broke her heart, and lied about who he is. Her secret affair with Dane has her confused. Dane's reaction to a night of sizzling sex and a deepening connection hurts and sends her into Rafe's arms. Yes, it's a lot of drama for a small package. A talented author can make a serial worth your time.
