Wilder Family Halloween Christina Dodd

From Christina Dodd:

Several years ago, when I wrote WILDER FAMILY HALLOWEEN, I loved revisiting the Wilder family and discovering what happened after Darkness Chosen. This year, I updated the story, and posted it on my website for October. I'm also posting it here, in October *only,* as a download for my readers who would like to keep the story as part of their Darkness Chosen collection. So...

— WILDER FAMILY HALLOWEEN is a *short* Darkness Chosen epilogue (11 pages.)

— This download of WILDER FAMILY HALLOWEEN contains links to my other books and an excerpt of STONE ANGEL: the Chosen Ones.

— During the month of October, WILDER FAMILY HALLOWEEN can be read for *free* on my website. Visit christinadodd.com and follow the links from the home page.

However you read it, I hope you enjoy WILDER FAMILY HALLOWEEN!

Warmly,

Christina Dodd

I received a copy of Wilder from a friend and I wasn't sure I was interested in reading it. I thought I would try this short story to see if this shifter series is something I might enjoy. I was so disappointed in this story, a bunch of men dressed in stupid costumes and their wife's dressed just as badly, no mention of fierce warriors. Costumes and descriptions of a new house and food, that was the story.

Toni says

I know it's an epilogue, but too short.

Cindy says

Cute fluff piece - do not read until you finish the actual series.

DC01 Scent of Darkness

DC02 Touch of Darkness

DC03 Into the Shadow

DC04 Into the Flame

DC04.5 Wilder Family Halloween

E. R. says

It was nice to return to the Wilder family. Nice to see the family have fun on this holiday.

Sonja says

Not sure exactly what I just read....

It wasn't an excerpt... it wasn't even a chapter.... more like several paragraphs describing the few minutes before guests arrive for a Halloween party...

I think the only point here is to sell books...but I didn't even get enough of the family dynamics to want to buy these books.

Mariana Bezerra says

This was a nice novella and I loved seeing this family again, especially in this happy moment. Konstantine is so happy with the life and friends that Halloween is a great feast for everyone, but I loved seeing the girls again and remembering their battles.

Linda says

For a short story, it was good. I love the Wilder family and getting a glimpse back into their lives was sweet, but it really is a very short story so no high expectations or you will be disappointed. Very glad it was free.

Crystal says

Enjoyed getting to see more into the Wilder clan. Seems like all of them has a secret to share. I really loved the costumes. It made me laugh. Short and Sweet.

Melindeeloo says

Free but super short, for me this was just okay but if you love babies with your HEA this is the Darkness Chosen epilog you've been waiting for.

Rise says

Nothing interesting, just little simple read with everyone dressed in their costumes and the wives soon to be adding additions to the family. Read from Authors website

Tania says

"Wilder Family Halloween" by Christina Dodd. A short story happening at the end of the Darkness Chosen series.

So cute! It's just a really short story updating the readers about how the Wilder family is doing after having broken the curse with the devil. You get a small glimpse into what is happening with each of the Wilder sons and their wives from Konstintine's point of view. I actually laughed out loud at some parts!

So very cute. Definitely worth the read.

Nola Arganbright says

A fun little short story

Well written and fun for the Halloween season. Christina Ford gives us a teasing look at the series and I can't wait to read it!

Wilder Family Halloween

The Characters:

The Wilder Family

The Story:

A short, cute peek into a family's Happy Ever After. This story bursts with excitement and love.

The Random Thoughts:

3 Stars

Christie P. says

Wilder Family Halloween is a little story that is a continuation of the Darkness Chosen saga. There isn't much to it. It's just the entire Wilder family together for Halloween and all the cuteness involved.

Lots of family, love, and baby goodness!!

If you liked the Darkness Chosen series then you will definitely like this story.
