### **Noseinabook says**

Not as many laughs as the previous volume, but there was some really sweet relationship development between quite a few characters including my favorite ship!

### **Dini Afiandri says**

Masih jauh lebih lucu volume sebelumnya.

Saya perhatikan, di volume ini judul-judul per halamannya panjang-panjang, tapi masih tetap diterjemahkan dengan sangat baik. Volume ke-6 ini lebih ke perkembangan dan konflik hubungan antar tokoh. Ternyata Seo bisa jadi cantik banget ya. XD

Paling suka halaman 78 dan 130. Semoga volume berikutnya tambah lucu.

### **Rahmah says**

Sepertinya tokoh-tokoh di dalam komik ini selalu berhubungan, ya. Mulai dari teman kampusnya Kak Miyako yang ternyata kakaknya Yuzuki. Terus Mikorin yang suka sama Mayu-Mayu \*dan ngira dia cewek\*, ternyata adeknya Nozaki, Mayu. Lucu liat chapter 60. Kirain Kashima yang bakal shock banget, taunya malah Kak Hori yang shock, sampai berangkat-pulang sekolah bareng hahaha XD #sukaaa.

### **Erin says**

Hori really is a good senpai & please dont tease him.  
Still cant get over how Mayu teaches Judo.

---

### **Woowott says**

Laughs galore. I am loving this so much.

---

### **Miriam says**

Um, are the friends, aside from Nozaki himself, all aware of Chiyo's crush, or not? It seems really obvious, are they just being tactful? Is Mayu extra-perceptive or just the most direct?

We have continuing stories: Waka hanging out with Seo and still not realizing she is Lorelei (apparently for actual performances the other Glee girls dress her, do her hair, and forbid her to speak); Miyako's friends mistakenly thinking Nozaki-san is her boyfriend and is mistreating her.

New stories: Mikorin starts chatting with Nozaki's brother on his Judo blog, both using female names. And there's a stand-alone with Nozaki trying to write a scary story and making Kishima and Hori come to school at night to pretend to scared.

### **Sarah ~Sehrenity~ says**

I laughed out loud several times with this volume.

### **Shen Meileng says**

Gimana ya ... mulai garing komiknya. Gak selucu sebelumnya, tapi masih tetap menghibur :)

Menunggu volume selanjutnya bulan Januari nanti

### **Beckiezra says**

I just love these characters, the art, and the hilarious little stories. It's all around enjoyable and doesn't require tons of commitment to read. You won't ever be confused no matter how much time passes between reading if you have a decent grasp of the main characters. The little extra about making the Mikoshiba figurine made me wish so much I could have see one.

### **Haylee Huddleston says**

Hm, that was an interesting revelation there, Nozaki.

---

### **Katherine Sigarón says**

Izumi Tsubaki did it again, this volume is hilarious and the distribution of the characters by numbers makes history very refreshing, the dynamics between Kashima and Hori-senpai and that of Seo and Wakamatsu advance in a fantastic way, the dynamics of Nozaki and Sakura progress at a snail's pace but that is the purpose of this manga, I like the way try to add little by little to Mayu Nozaki's brother because he does not feel forced and Mikoshiba has an interesting individual development.

Izumi Tsubaki lo volvió a hacer, este volumen es hilarante y la distribución de los personajes por números

vuelve a historia muy refrescante, las dinámicas entre Kashima y Hori-senpai y la de Seo y Wakamatsu avanzan de forma fantástica, la dinámica de Nozaki y Sakura avanza a paso de tortuga pero ese es el propósito de este manga, me agrada la manera en la que intentan agregar poco a poco a Mayu el hermano de Nozaki porque no se siente de forma forzada y Mikoshiba cuenta con un desarrollo individual interesante.

### **Hani Suraya says**

This is the review for volume 1-6 that I've read so far.

It's getting more interesting with lots of side characters' story :)

Love the relationship between Wakamatsu-Seo. Always wonder what will happen if Waka knows his Lorelei is someone who annoys him so bad, day after day. \*kesiaaaan\*

### **miranda tamsin says**

This is probably the funniest book series I've ever read?? Also, despite it being so totally Not Serious, I've become scarily invested in Kashima and Hori. I've not said "I ship it" organically in..... like, a year and a bit, but oHMYGOSH I SHIP IT.

### **Emily says**

I really love this series!! It's one of my favorite romance manga series!!

---

### **Kim says**

Love the innocence and good nature of Waka and Nozaki (and most characters, come to think of it)! It seems to really come into play in this volume, especially contrasted with the college-age characters that make their entrance. Really liked Seo's brother and his unrequited love for Miyako, and Mikorin's endearing text exchange with Mayu-Mayu.
