4 inked men.
1 is very, very bad.
He made me an offer.
One I accepted.
His friends made me another.
One I shouldn't.
I really, really shouldn't.

But I'm not that girl anymore. The one I left behind, the one who does what's expected, the one who has no choice. The one with secrets. I ran away from that life, and hope it never finds me.

I can choose to do what I want, with who I want. Now. Finally.

I've heard the talk, the whispers, and all of the innuendos. I know what they do. All of them. Together. Then I accepted his offer. He did things to me, he awakened things inside of me. He's made me into something I never, ever thought I'd be. He's the filthiest man I know, but he worships me with his lust. How can I say no?

I was going to stay away from her.

Then they made me claim her.

If I didn't, then they all would.

Together.

At the same time.

She's mine.

I've got a past, secrets of my own. I'm not a man who does commitment, my life doesn't allow it.

But then she appeared out of nowhere. She's a mystery, a beautiful, innocent enigma, one I want to mark.

Literally.

The problem is, I'm not sure I'll be able to stop.

*18+ strong language and sexual content. A bit of a RomCom, a bit of suspense, it's a bit dark, and, yeah, maybe a hint twisted.

The boys have got it all.*

Once again Nadine has left me awestruck and speechless! The men in this book would set any woman on fire and she would do things that she never thought she would do. Wickedly brilliant and sexy. I am wrecked beyond repair and I love it. Tastefully erotic and sinfully satisfying is how I would describe this latest novel. My favorite character is Snake. After reading this 5 Star read, you will know why. This will leave you begging for more!

Robert Gibson says

Another masterpiece!

OMG!!!! Canvas is so brilliant, so filthy, so intense as usual! Man I loved the office scene between Summer, Rock and Snake! That was soooo hot! I wondered how Steve would get punished.... all I can say is this book ... wow, wow, WOW!!!!!!

Ann Marie says

Holy mother of gawd! Calling all medics-fire depts-emts. I need some cooling off I need some help breathing! I need....I need a COLD GOD DAMN SHOWER!!! WOW! I have read some erotic, this is ...is is there another word for it? It's more....more than erotic more than desire more than wanting, needing, gripping.....what the &*&*&* really? It's all I am thinking about. Jesus H C lol!

We get to meet Summer and she is adorable!! I love her, love her independence, her need to be her OWN woman! Love her drive, love her passion for what she does. Her past is full of the worst things you can imagine yet she continues to keep going, not giving up. Can I say that I SO love Mrs. Merriweather and now I am totally talking like an irish woman haha she is just FAB!! Summer and her gang of regulars at the coffee shop are so freaking awesome!

Rock, & his crew yes! *inserts major grin* seriously though. Ladies, I am warning you! Panty melting, mouth watering, desire building grab YOUR mans and get busy!!!! whew!! Let's just say what happens at the tattoo shop stays at the tattoo shop! Whole lotta horny women in that tiny town. Lol. I am sitting here shaking my head laughing...let's not forget Snake...dear lawd...one sec I need a minute!

OK where were we? The story line, ok so Summer arrives in a little unknown town. What is she hiding from? Who could she be running from? She happens to open a shop next to a tattoo parlor. Rock noticed her right away, she noticed him right away too. They secretly watch each other until finally (pretty much forced by friends) goes to the other. They both have their secrets. Finally admitting their attraction to each other after a slight injury, panties and pants may fly! Soon both of their past lives collide pushing them together even more. Snake, Bull, Gringo and Rock have worked hard to keep their lives as normal as possible these past few years, but duty called and as fate would have it it was perfect timing.

I don't want to but I will mention STEVE ugh.....noooooooo!!!! That's all he gets.

Summer goes missing, will Rock and the guys be able to find her in time to save her from her past that comes calling. Trying to bring her back into a life she fled from? Will they get to her in time. Now knowing what she was running from, will Rock still want her? Will Summer still want Rock once she knows his past?

I can NOT wait for the next book!!!! A fan for life!!!

Apple3as says

Duck!!!!

You did it again. I'm here sipping on my coffee, while I get tatted. From page one, to the end. I wanted everything summer got and more. OMG, I need more!!!!

Diane says

Four guys, one girl...well, not exactly what you think, but these guy's mamas sure taught them how to share....and share they do!

She's The Club, he's The Program...

She's hiding, he's waiting...

She's alone, he's bound to his 'brothers'...

She craves freedom, he's determined to give it to her, so he can claim her.

This story has it all, a little comedy with witty banter and a cast of side characters that will have you shaking your head. Suspense, surrounding our MCs as we anticipate uncovering the secrets they hide. And of course, romance, with a dirty, kinky twist.

I fell in love with Rocco 'Rock' on page 8, he's my favorite kind of bad boy. When he finally gets to share his hidden talent with Summer for the first time (no it's not that...well not entirely) you'll be transported. I was in awe of how immersed I became in their experience...the feels are off the chart, sexual, sensual...HOT! It left me breathless <3

I feel another NM Catalano series coming on...you don't want to miss this one.

2 stars. This was really not good for me. It was a train wreck of a book that I could not look away from. The story was not bad, but the execution was. I had no idea from reading other reviews that this was pretty much pure, raunchy, cheesy porn. I like books with sexy times and I never say a book has too much sex. But this one was a dirty, orgy sexfest with no feelings of love involved. I was not expecting that from the reviews I read and it was definitely not worth the money.

Christy McCurry says

Sexy and exciting. NM Catalano has written another one to keep you interested, excited and amused for hours. And the sex.. Whew, I am still trying to cool myself down.

I loved all the characters they are sexy, lovable, and well developed. The plot is great and well executed, and the writing is superb. Yes, the book is off the charts blow your mind HOT. But it's also so much more than that. I laughed, cried, and felt the intense love that is so skillfully described. The characters have a lot of depth and the story suck you in. Summer and Rock's story is one you don't want to miss out on.

I cannot wait to see what is in store for Snake, Bull, and Gringo..

Amazing book...hot content...addicting...must read.

3.5 Stars

I needed a little smut and a little fun and Canvas definitely delivered. The premise wasn't anything new. Four

men who works at a tattoo shop and have been to war together share everything with one another. Including women.

These men are fabulous. So much character to each of them. This story focuses on Rocco aka Rock and the woman , Summer who works next door at her coffee shop.

Damn I really enjoyed Rock's determination and also how flustered he got around the guys when Summer was mentioned. She is more than just sex.

Summer is strong and has secrets but doesn't let anyone get close to her. That's until Rock comes around. Their chemistry is hot like lava. Phew!!!! Call the fire squad.

Rock's not all about sex. His care and attention for Summer knows no bounds. The same can be said about his friends.

The other guys Bull, Gringo and Snake are intriguing and also so much fun. Their friendship is their top priority. When they're having fun with women all bets are off and it's all about pleasure.

Snake definitely captured my attention and his interactions with Summer and Rock were amazing and freaking hot. I hope his story is next cause I need more of Snake and his background. I got my need for smut satisfied and at the same time I also got a great love story.

Canvas is such a blistering hot, sinfully provocative, captivating story that I could not put it down! N.M. Catalano has elevated the bad boy, alpha male character to larger-than-life with these four men who exude power and sex appeal with every breath. Their common bond is a long, intense, and dangerous history during which trust in each other was crucial for survival. And, as this spine-tingling story unfolds, is even more crucial now.

Holy hot pants! The skill with which layer after layer of these characters is revealed pulled me in and made my heart pound. Did I live vicariously through Summer? You bet! My every little dirty fantasy and then some were fulfilled. The writing is so explicit, so tantalizing that I needed recovery time after some of the scenes!

This story moves fast and takes no prisoners. Just when you think you know it all ... bam! You're left panting and begging for more. Begging!

Raring 4.5

Rock is the ultimate in bad boy book boyfriends. Ex-military, motorcycle, tattoos, tattoo artist, and in the Program. He's cocky, funny and all sweet on the inside.

Summer has built herself a safe place in her cute coffee shop and lovable (mostly) customers. She is hiding and feels like she can be herself for once in her life.

These two burn up the pages. The twist i didn't see coming and gave a great spin to the story.

Rocks friends are all awesome in their own way and I look forward to their stories.

Four men who have shared so much (wink) and are the best of friends. I see another great Catalano series!

I received a copy for an honest review.

I absolutely love this authors work that I have read previously and this new series by N.M. Catalano is going

to be no different.

N.M. Catalano new series is called The Program and even though i have only just read book 1 I know its going to be one of those series that I will not be able to put down I will be needing more and more.

This is the story of 4 hot, tattooed, alpha males who have known one another a long time who all work together in the same tattoo parlour. These 4 men have shared everything together including a very lucky lady who catches their eye or sometimes it may even be two ladies catch their eye, These for men are seriously hot with a capital H.

Step forward Rocco aka Rock, Bull, Gringo and Snake and the lucky lady that has caught the eye of these 4 hot males in a girl that goes by the name of Summer. This is the story of Rocco and Summer.

Summer works in the coffee shop next door to the tattoo parlour. Summer has fancied Rocco from afar little realising that he too has fancied Summer from afar too. Rocco is getting goaded into going the coffee shop and make his move on Summer and the boys definitely told him that if he doesn't make his move on the Summer that the remaining 3 lads will. Summer is no pushover and is a strong independent woman who is hiding secrets and is hiding from someone/something but for the first time in her life Summer can finally be herself she has a great craic with the customers well almost all of them there is one creep in particular but that problem is soon sorted out.....

Summer and Rocco bring out the very best in each other, have great banter together as for the chemistry between them it is off the charts and were talking in and out of the bedroom. I loved how protective Rocco was over his girl.

I can't wait to read more of this series and get to know more about the other 3 lads.
