## **Contemporary Fixed Prosthodontics** Stephen F. Rosenstiel

Contemporary Fixed Prosthodontics, 4th Edition is a comprehensive, user-friendly text that offers dental students and practitioners an excellent opportunity to understand the basic principles of fixed prosthodontics. This text provides a strong foundation in basic science, followed by practical step-by-step clinical applications. Procedures are presented in an organized, systematic format, and are illustrated by over 3,000 clear, high-quality drawings and photographs, now in full-color. The material is logically divided into sections that cover planning and preparation, clinical procedures, and laboratory procedures. The text also includes two invaluable appendices that provide an updated list of dental materials and equipment, as well as a guide to manufacturers.

**Kay says**

One of the best references out there. It is very informative and detailed. Even tho I read this during the whole year run, I'll be reading it again next year.
