## **Dream Castle** Andrea Kane , Carolyn Tolley (Editor)

He was the man of her dreams....The only hope to end her nightmares. A slender figure emerged from the evening mist along Scarborough beach, diamond-like droplets shimmering on raven black hair, and there before Braden Sheffield, Duke of Sherburgh, was the most beautiful girl he had ever seen. His anger against the jaded "ton" had driven him to the seaside to be alone...but his bitterness vanished when he beheld this vision of loveliness. Unexpected, unsought but unmistakable, the purity of this young woman would rekindle his faith and capture his heart.

Kassandra Grey had run to the deserted strand to escape her father's rages and her recurring nightmare of a yawning abyss and a screaming fall. Now she found safety with this strong, handsome lord, whose arms offered a haven from wrenching anguish and an awakening to blazing passion. But the deeply buried secret that caused Kassandra's fear was also leading them toward danger...to a towering cliff where terror once began...and to the dark places of the soul where love could become a torment...or the fulfillment of their most glorious dreams.

## From Reader Review Dream Castle for online ebook

### **Sarah Jan says**

Really good mystery romance

---

### **Melissa says**

I loved many of Kane's other romances, but I am not sure how I missed this one. Kane writes great escapist fiction. This was a fun romance with likable characters and a great mystery.

---

### **Abby says**

Good, captivating romance. Set back in early 1800's this book has romance, murder and mystery.

---

### **Heather McDonald says**

such a great story!

---

### **Nikki says**

Starts off so slow.

---

### **Christina (SteepedinBooks) says**

This was another re-read. It was enjoyable enough to revisit, but I found I didn't like it nearly as much as I did back when I first read it when I was younger.

---

### **Trista Blair says**

Still one of my all time favorites. Kane has a way of mixing intrigue, romance and emotion into all of her books.

---

**Cheri Chandler says**

Ok, the characters were weird and the relationship a little strange. Nice sentiments I suppose.  
Compassionate?

---

**Janette says**

A very average story.
