Guilty Pleasure: Part 3 (Bound Hearts) Lora Leigh

Previously released and available as a full-length novel, *Guilty Pleasure* is now available as a three-part e-serial for those who want to savor the pleasure...

He hungers for her like no other. But she is the one woman he dare not let himself have, in the final part of #1 New York Times bestselling author Lora Leigh's novel Guilty Pleasure

Khalid's dangerous past is reason enough for him to stay away from the beautiful, fierce Marty. But the power of their desire is something they cannot deny—and once Marty is his, Khalid will do whatever it takes to keep her in his bed and in his arms.

P Leslie says

I voluntarily read a Review Copy via Net Galley. All opinion stated are solely my own and no one else's

Guilty Pleasure was intense, exciting yet sexy and erotic.

In the past, Khalid has participated with couples as their third and now it's his turn to open his heart and seek a third to join him and Marty.

Marty and Khalid had amazing chemistry; it's explosive, insanely hot yet intense. You get to see a much deeper yet darker side of Khalid in this book. He's dominant and broody; with a tortured past that still haunts him - is Marty the ray of sunshine he needs to eliminate the darkness in his life? The mystery of why Khalid is so guarded, unfolds gradually heightening the suspense.

Marty was independent, feisty yet stubborn. At times, I found her too pushy especially, when she pushes Khalid to tell her about his past. She spent a lot of years wanting him yet when she's finally in his bed; she runs away. Although, I liked her fiery/defiant nature; after a while it became overbearing and annoying.

Khalid's two half brothers are on a mission to break him by killing his heart. Will they succeed?

This was a great book with lots of steamy moments. I loved the plot; it was intriguing, exciting and towards the end got very disturbing. I really enjoyed Guilty Pleasures and wouldn't hesitate to recommend it.

Nadine Bookaholic says

FINALLY we get the answers that we have been waiting for.

This has been a steamy read and after the slow start of the first book it definitely picked up pace. This final installment of the three parts moves at a much quicker pace and there is a lot going on.

You can see my full review here: <https://nadineisobsessedwithbooks.blogspot.com/2018/07/guilty-pleasure-part-3-bound-hearts.html>

Sandy Kelly says

This book had so much potential but it just seemed to fall flat to me. I had a hard time connecting with the characters, which for a Lora Leigh book is odd for me!! I did really like Marty's attitude. I also liked the way her and Khalid interact, along with their third. I'm not really sure why certain parts of the story took so long to resolve and it just seemed to be drawn out when there was no need to be. The sex scenes were extremely HOT! But that is a given with a Lora Leigh book and can always be depended on! But then the ending just seemed to be extremely abrupt! All in all, it wasn't a bad read. It just seemed to be lacking something. I would still recommend it as a read just so you have all the interconnecting stories with it.

Tracy Flick says

Khalid has wanted Marty for years but he has a dangerous past and he wants to protect her from that. Guilty Pleasures was an intense, erotic read that kept you wanting more. I absolutely loved this book and can't wait for more from Lora Leigh

Linda Strong says

This book was split into 3 separate parts. Offered through Netgalley, I jumped at the opportunity mainly because I have read several of the author's other books. I have always found them to be well-written with memorable characters.

For some reason, when I downloaded Part 3, I got a repeat of Part 1. I sent an email, but have had no response.

Obviously, I have not read Part 3. So I'm going to rate this book based on what I know about the author. Should I ever receive Part 3, I will do a proper review.

Michele says

Guilty Pleasure Part 3 is the conclusion to a great story by Lora Leigh. Khalid and Marty's story is a story of intrigue, suspense, and seduction. Both Marty and Khalid are strong characters with amazing chemistry which makes this book even better. Neither one is willing to back down or sacrifice their own beliefs. It's not a book easily put down once you begin reading it. If you like romance and suspense, you will love this book.

Guilty Pleasure was originally released as a complete novel and is still available as one. You can also read it as a series with release dates of February 7, February 14, and February 21st. You cannot go wrong either way.

1-Click Addict Support Group says

Super hot conclusion....

I think the author split this book into three parts because she was worried all that heat in one spot could cause fires! Whew, the passion and sexiness between Khalid and Marty reached new highs as they argued and loved their way through the many problems they have. Well, a few big ones really and one of them could get them both killed...

Marty's independence and Khalid's need to keep her safe is a conversation that doesn't get old. They argue, deflect, smooth over and work through it by a lot of arguing, a bit of yelling, and indulging in intimacy that

strengthen their emotional and physical bonds. Still uncertain at times but never wavering from their feelings for each other, they are finally able to let all the emotions, the truths out in the open...

Strong characters, a suspenseful storyline and passion to spare, love is the game and everyone won! ~Diane, 4 stars

Linda Rea says

In the conclusion of this story Marty is fighting her protection from her father her godfather and her lover and no one will tell her anything. Khalid knows his brother is looking for Marty to kill her as he did Lessa and he refuses to let that happen. When they attend the Archer ball she is confronted by her old boss who has a vendetta against Khalid and lets her in on some of Khalid's history and she refuses to let him see her sweat. When things start escalating they leave the party to go to Khalid's home where lots of things happen. I just loved this story in fact I got so into it I jumped a mile when someone tapped me on the shoulder. If you love danger and romance this series is perfect!

Reviewed on behalf of Once upon an Alpha

Angel Hatfield says

Agent Marty Mathews has had it bad for Khalid El Hamid--Mustafa since she was 15 and didn't know what that even meant. For the past 2 years she's been tailing Khalid as an FBI agent. Now that she's off the case, she can finally work out her plan to seduce him!

Anyone who's read any of Lora Leigh's first Bound Hearts books has already met Khalid and has anxiously wanted to read his book. I was very happy that it didn't disappoint. Although I typically don't like reading books (or series as the case is here) where one of the main characters was in sexual situations with someone other than their HEA, the scorching series is written in such a way that I have no problem with it. The author has a way of writing strong females with good moral who are a perfect match to the strong males they fall for. I loved reading about Khalid and Marty. I'm glad that the series was re-released giving me a chance to read this. I highly recommend.

**I voluntarily read and reviewed this book

Crystal's Book World ~ Crystal Cordova says

Okay I know, I was at a 4 rating, then 5 rating, then back at 4. So my total rating or Guilty Pleasure comes to 4.5. So we get the conclusion for this book in part 3. My previous questions I had in part 2 were not fully answered. Especially where Shayne was concerned. I still don't feel he was at least 90% part of Khalid's and Marty's relationship. But maybe that was suppose happen.

In this part, there was more danger. The slope of the problem went a little down hill. The only reason why I gave this a 4 rating was because I felt the problem of the story was easily resolved. There were parts that had the adrenaline going, but that didn't last to long.

I still loved this book! All in all Khalid and Marty's story is worth it! You finally feel like that chapter in this series is finally closed and complete. Please read this story and you will find out what I mean. If you love the

Bound Heart series, this will take you to the next level!!

poppy says

This is last part of a three part series and you get to catch up with Khalid and Marty who have wanted each other for years but never gone there until now but can he keep her safe or will she even let him. This was a great little book and a super start to this series if your looking for a kinky book with characters that have off the charts chemistry then this is for you

Emma bramley says

this is a fantastic story with amazing characters. I love all the twists and turns within the story. This book is definitely a hot and steamy read. This book is available in 3 separate parts but it is definitely best read all at once. The story builds and builds till the end with a fantastic ending. I was left wanting and needing more. I loved everything about this story, the romance, hot steamy chemistry, twists and turns and the action. This author just keeps getting better and better the more I read, cant wait for more from this author in the future.

Highly recommended

Tami says

This review is based on the ARC provided by the author and/or the publisher via NetGalley in exchange for my honest opinion.

I realized after I started reading this that I had read it before. Loved it the first time, so I was ok with that fact. She broke her original texts into thirds. The original is Guilty Pleasure (Bound Hearts #11).

I really started to like the hero in previous books she has written. I fell in love with him in this book. Secrets are revealed. It makes for a super interesting read to go with the hot sex this author is known for. This author writes my kind of kinky ;)

Avid Reader says

Guilty Pleasure: Part 3 by Lora Leigh

4 stars

M/F/M Romance

Triggers: Attempted Murder, Murder

I was given this book for an honest review by Wicked Reads.

This is the third part of Guilty Pleasure - the conclusion.

I liked that Shayne was more of the story this time. He still felt a little out of place, because the emotions and the intimacy was that Khalid and Marty were the true couple and Shayne was just the third person that got to play with them. I wish that he was more apart of the relationship.

Overall, this was a satisfactory conclusion. I liked that Marty was able to get Khalid to open up more.

I wish we had learned more about Marty's old boss - he played a key role in this story - revealing a truth that Khalid was trying to avoid. I would have liked to see more of a resolution to this aspect, since it makes such an appearance throughout the series.

This story had a lot of pieces moving - there was the hiding from the brothers, but then daring them to make a move, falling more in love with each other, the story is fast paced and constantly moving.

The conclusion was both predictable and satisfactory. I liked how it ended, but wished for more of a conclusion for Khalid. Maybe in the next book, the question of his father and other brother will be answered. But, overall, this was a good ending and everyone was where they should be, with who they should be with.

Mindy Lou's Book Review says

Part three has Khalid finally revealing his past to Marty and the inevitable confrontation with one of his brothers. We didn't actually get a conclusion on the second brother so I'm wondering if this story will continue into another couples book.

Every time I read one of the couples in this series, another character gets introduced that has me searching for their story. I'm hoping we got a teaser on Anger Thornton for a reason because I would love to read about him. ARC provided by NetGalley.
