Alexandra says

A lovely speech. including the questions and answers at the end.

Inter-sectional feminism, architecture, how to equalize work among genders, and of course how patriarchy lives for one thing: to control women's reproduction.

Doublezerodomino says

A spectacular speech, wish I could have been in the audience. The audio was a recording of the live speech at a college in Salem for anniversary of the witch trials. I've read here and elsewhere that the persecution of witches is tantamount to a woman's holocaust. Great speech, tell everyone to read this!

Alison says

Powerful speaker and definitely said some good things, but also said a lot of things that I just didn't agree with.

Dawn says

Twenty-five years later and still every bot as relevant.

Gabrielle Carolina says

Always invigorating. Ever inspiring.

Jackie says

This is my first encounter with the fresh ideas of Gloria.

Flyingbroom says

Go Gloria!

Deb W says

If I could, I would insist that EVERY adult and child capable of listening would listen to this talk at least ONCE, preferably repeated until each knew it word-by-word.

PS: it's free through Audible if you sign up for their free thirty day trial. :D
