I was gifted this book for an honest review. This was a quick read, grabbed my attention from the start. Detective Noah Donovan's partner was shot, they suspect Marco Talarico had something to do with it. Noah wants to go after Marco, but the Captain feels he is too personally involved with the case. They want to question Luciana about the whereabouts of her brother. The Captain tells Noah to take a vacation, he doesn't want to until he finds out where Luciana is headed.

Noah goes to Barefoot Bay, goes undercover in order to meet Luciana. She is a contestant in the Golden Ticket Contest. Noah and Luciana meet, things get complicated between them, Noah arrests Marco. Luciana didn't know Noah was after her brother. Can Luciana forgive Noah, will she win the Golden Ticket Contest? You will need to read the book to find out. You will not want to put this book down until you finish it.

I found this to be an excellent first read for me by Debra Fisk in Only In Your Arms. It is part of the Barefoot Bay Kindle World but the rest is all Ms. Fisk's story and characters. This is the second book in what is one of the best Kindle World series going.

This story has it all a dedicated (obsessively so) hero, an intelligent independent heroine, romance, suspense, secrets, truth and deception. Delightfully well written so that you become fully engaged in the story.

I highly suggest that a vacation to the Casa Blanca Resort is in order for readers today. I really should thank Roxanne St. Claire for introducing me to Debra Fisk's work. Now I want to read more now by this author.

Detective Noah Davenport was on a mission. He had to find & capture the person responsible for the death of his partner. His boss insists he's too close to the case & forces him to take some time off. However, before he left the station, another clue came in & Noah decided to use his forced time off to investigate it. This clue brought him to Barefoot Bay & Luciana Talarico. Luciana is a contestant for a competition designed to find the best product & help the winner manufacture it. Her sportswear has a chance. She isn't looking for a relationship but when she runs into Noah, literally, the sparks begin to fly. Will Noah use Luciana to find her brother? Is she as innocent as she seems or is she in on it with her brother?

This was the first book I've read by Debra Fisk & I really enjoyed it. The premise was solid. The plot moved quickly but didn't seem to leave things out. The narrative was descriptive and full of humor, romance & suspense. The characters were well developed and interesting. I'm going to be checking out the rest of her books!

This is a must read as part of the Barefoot Bay Kindle World..Ms. Fisk wrote a fantastic book here. The book has depth, intrigue, suspense, and romance of course. Perfect for Barefoot Bay.

Detective Noah Donovan does not want the time off, but is given no other option. So off he goes to Barefoot Bay at the Casa Blanca Resort. It wasn't exactly the R&R he was supposed to be doing, but is what he needed to do. Lucky for him he had friends, and one hooked him up with someone here at the resort. He'd find his man, Marco Talarico who knew things and he needed answers.

Luciana Talarico was going to Barefoot Bay because of the Golden Ticket contest. She had to sell her sportswear idea. It was her dream.

Noah would do whatever it took to find Marco. He knew Luciana would lead him right to her brother. But when she found out what he did. What then? He started feeling something for her. How did that happen?

Find out buy the book...very exciting to see what happens..

Dee Archer says

Noah is a cop, a detective determined to bring down the people involved in the death of his partner. He receives a tip that takes him to an island where he goes undercover in an effort to get close to the sister of his suspect. Luciana has come to the island to pursue a dream and she regrets that her brother has once again managed to complicate her life. Both Noah & Luciana are protective of their hearts after disasters in their pasts. This is a good clean romance blooming within the midst of deceptions, jealousy and dangerous investigations. Well done and entertaining. I was given an ARC in exchange for an honest review. Four stars.

Anna says

Cathy says

This is my first read by this author and I enjoyed this easy and fun read. There is humor, which is always a good addition to a romance, as well as suspense and lots of chemistry between Noah and Luciana. Barefoot Bay is a great place to fall in love!

Received an ARC for an honest review.

Lindsay Mcneal says

I will definitely be checking out more of Debra Fisk's books after reading this one.

Noah has been told to take a vacation. Also to not keep chasing Marco Talarico. He think he has tracked

Marco to Barefoot Bay against orders. Luciana knows Marco is in trouble like normal. But this time she has a chance to win the Golden Ticket Contest and finally be able to make a name for herself. When Noah meets Luciana he sees her as a way to her brother, but finding Marco may just ruin what Luciana is working for.

Jackie says

Spoilers ahead. The story was choppy and didn't flow well. In the middle of a conversation, there would be a scene description or flashback, then another line of convo. This book tried to do too much in not enough pages. Not sure why all these random side things were important to Ana and Noah's story. The introduction of Charity was random. Her role didn't seem to fit, and nothing was done with her character. The same thing for a newspaper digging into Noah's location. Ana was so concerned with following the rules of the competition. Why didn't she think twice before getting involved with Noah? The first time love was mentioned, I was so confused. They had barely talked, and certainly hadn't discussed anything of sustenance. I felt that way in the end as well. How can they love each other when they know nothing about the other person? The reader is given a little family history. You don't feel the connection between Noah and Ana. The first big date when she goes back to his villa, and there's no information. It's completely skipped over. The book lacked a sensible flow one would expect from an experienced writer.

Bette Hansen says

A fantastic addition to the Barefoot Bay World! Detective Noah Donavan on forced leave arrives in Barefoot Bay determined to find Marco Talarico by whatever means necessary. Noah knows Talarico's sister Luciana is there and he's sure Marco will contact her so getting up close and personal with Luciana is priority one. Getting close to her isn't the problem though. In fact that is the one good thing to come out of this "vacation" but can he catch his mark and keep the girl??

Definitely a recommended read!

Natasha says

Noah's captain put him on leave to get some R&R and to clear his head. Noah doesn't wait to go on leave, He needs to find Marco and find out what's going on. He goes to beautiful Barefoot Bay where he's following leads. Now he puts himself undercover and he's bringing Luciana, Marco's sister into it as well. That might not be the best idea he has but it's the only one he can come up with.

Luciana is trying to make her dreams come true and now her brother is missing. Her getting close to Noah might not be in the best interest. With a hot detective and a gorgeous woman what can go wrong?

Isha Coleman says

Things just got way more complicated for the man with the plan. Noah needs answers. A fallen comrade and

missing suspect lead him to the beautiful Barefoot Bay. Who-dun-its are my closet addiction and I'm always up for a little romantic enticement. Only In Your Arms delivers heat and deceit. Luciana dreams are on the verge of reality, when her screw up brother lands himself in hot water. His misfortune leads her into dangerous territory. One wrong move could cost her more than she's willing to risk. The lure of Luciana and Noah is the train wreck you know is coming but can't look away from. Anytime I can visit Barefoot Bay is an adventure.
