**Perfectly Inappropriate** Stacey Kennedy

**A woman scorned and a politician with a wild side connect online—and explore their hottest fantasies in the flesh.**

Olivia Watts knows that her problems are painfully average. She got engaged, and her fiancé cheated. She gave up on her dream job—street photographer—and settled on a more practical one: graphic designer. She scrimped and saved to buy a home, only to realize how empty it was. So when Olivia hears about an exclusive dating app that matches subs with highly trained doms, she does something she never thought she'd do in a million years: She signs up. The last thing she expects to find is a man whose sizzling touch reawakens the woman she *used* to be. . . .

Noah Grant has no time for relationships. His sole purpose is to win reelection. That's why he pays a premium to the discreet app that satisfies all his dark desires. But after sweet, innocent Olivia is vetted and arrives for their week together in his penthouse, it's blatantly clear that she's running from her demons. Noah's more than willing to be her escape—until their emotions get tangled up in their games. Now, to become worthy of Olivia's heart, Noah will have to prove that he's more than a fantasy.

## From Reader Review Perfectly Inappropriate for online ebook

### Carol says

3.5 stars.???

Stacey Kennedy really knows how to raise the temperature.

This was, one super HOT? and steamy read.

Initially I couldn't understand the attraction between Noah and Olivia other than the superficial but as the book progressed I realized that it was their differences that appealed to each other.

Olivia had a positive outlook and appreciation for the simpler things in life and Noah showed a lot of sensitivity and kindness towards Olivia (while she was still recovering from the fallout of a nasty relationship split). Her ex, Cameron certainly was a piece of work.

Noah however, didn't come across to me as a typical dominant (except in the bedroom)- he just seemed so sweet but Olivia's BFF Paige was an absolute riot (totally wild and hilarious) I loved their friendship. I definitely enjoyed the second half of this book a lot more for some reason.

This is my 7th Stacey Kennedy book and while this may not necessarily be my favorite read by her I still enjoyed this standalone with bdsm overtones. ?

ARC received from netgalley in exchange for an honest review.

---

### Jennifer says

ARC received for review

Noah and Olivia had sparks and chemistry from their first meeting, and he sure knew how to use some toys. He was almost too sweet to be dominant. His ex needs a bloody nose and two black eyes. Her BFF, Paige, was hilarious. I don't think anyone will ever tame her. I didn't get the title. It just didn't fit the book.

---

### Ayekah says

What a great read this book is! I'm a huge fan of Stacey's books and this book was a nice little read with plenty of steam, romance and spark. I really needed something a little lighter and this fit the bill perfectly. You read the blurb, so I'll save you that. This story is about an app for doms to meet subs. When Olivia decides after a horrible end to a long term relationship that she needs to do something "perfectly inappropriate" because she sees herself as boring and average, she signs up for the app. Encouraged by her best friend Paige, who is a wild child and Olivia's biggest cheerleader and oh, instigator; she meets with her prospective one week only dom. Noah is a Senator and wealthy businessman, he comes from a political family, so he knows the ropes. He chooses this method to keep his privacy allowing him to live the lifestyle he chooses a bit more discreetly. He loves his political career and finds little time or desire for a relationship, until he meets Olivia. What a tease it is to watch their relationship develop and nice to watch Noah more than just a little interested in Olivia. This book has raging chemistry but very light on the BDSM, and the perfect amount of smoking hot sex. Noah still falls into role and so does Olivia. These two are the best match. They actually converse! What a novel idea in a book! It was so blasted refreshing to read. There are a couple of

snags in our lovely duo's story, her ex who causes a problem for her which in turn causes a problem for Noah. I had to shift into neutral at that point and hold out hope for these two but Stacey likes to leave you dangling until the last pages for a clue! The short story is, this is a great read and one I'd read again. It's a must read.

4.5 stars

### Rosa Sharon (iScream Books Blog) says

***"For once, Olivia, don't be the good girl. Do something perfectly inappropriate, all because you can."***

I enjoyed Stacey Kennedy's ***Club Sin*** series so I decided to check out her latest standalone. While one has nothing to do with the other, one thing is consistent in her stories. She writes a gentle but bossy man with a big heart very well.

Right from the beginning, I was on team Olivia. She's been dealt a bad hand in life so far and deserves a win. All the years she wasted on her cheating ex can never be regained. There's not enough tears, chocolate or wine to solve her problems, but she does have a best friend to listen and offer her a place to stay. Like the good friend that she is, not only is she helping her drown her sorrows, but she's got a plan to cheer her up. Why not fulfill a fantasy or two by trying out this hot new dating app everyone is talking about? She gets the info and encourages her to step outside of her comfort zone and try something new. Playing it safe hasn't paid off for her. Not with her fiancé, her house, or her job. So, why not? What has she got to lose that she hasn't already lost?

Woo Hoo! What an adventure it was to join Olivia on her quest to find herself. I don't blame her. I'd love to get lost in the arms of sexy Noah and then look for myself there later. Rinse. Repeat.

***Perfectly Inappropriate*** took me a few places I wasn't expecting and that's a good thing. There are pain and loss but also empowerment and discovery. Olivia got lucky with the perfect man to introduce her to what she had been missing without even knowing it. ***"He didn't want only to wake her body up tonight. He wanted to erase the damage others had caused. The slight pain she could not hide."*** Too bad he only has her for a week and then the fantasy will be over...right?

---

### Lori says

Perfectly Inappropriately by Stacey Kennedy, is one super hot read. I have a few books on my want to read list by this author, but for one reason or another just haven't found the time to read one of them. Now that I have read this book I am kicking myself for not reading one of her books sooner. This book has definitely made me a fan of Stacey Kennedy.

Olivia Watts is the proverbial good girl, always making the right decisions, engaged to her high school sweetheart, in a job that she really doesn't like, but it pays the bills and what does all that goodness get her.....heartbreak. So what's a good girl to do, well of course fulfill a dark fantasy.

Noah Grant was raised in a wealthy political family, and is now a beloved U.S. senator, with a bit of a dark side that he must hide from the public. He is not looking for a relationship, he has tried that and it didn't

work. His goal now, being totally focused on his political career and getting reelected.

Olivia stumbles on an exclusive app, that puts doms and subs together. And ohh my, from their first meeting the chemistry between them is off the charts. Stacey Kennedy can really write some steamy scenes. There are some BDSM scenes in this book, but I would consider them to be on the light side of the spectrum. I just loved the way Ms. Kennedy slowly develops the relationship between Noah and Olivia. Yes, there were some very erotic aspects of their relationship but there was also a softer romantic mood to this book.

I also enjoyed the secondary characters in this book, Paige, Lacie and Cameron. They of course added to some of the delicious conflict. I would love to read a story about Paige, maybe getting together with "Noah's Driver". Finally, I love a book with a good epilogue, and this book had a great one.

So, if you are looking for a fast paced book that is spicy and sweet, you have found your next read. I for one will be reading more of Stacey Kennedy. Happy Reading!

\*\*\*I kindly received an ARC of this book by way of NetGalley/publisher/author. I was not contacted, asked or required to leave a review in order to read this book. I received no compensation, financial or otherwise. This is my honest review.\*\*\*

### **Chris C - A Midlife Wife says**

Sigh... I loved this story!

---

Stacey Kennedy is one of those authors that I know will give me a fabulous story with plenty of heat, spice, and sexy men. This book is a perfect example.

I absolutely loved the characters in the story. I found myself smiling throughout the entire book because these two are just so damn perfect for each other. They were kind and loving, not just to each other but to others around them as well. Heck, even his mother was a sweetheart.

This book has an amazing sensual feeling too. With the hot flavor of light BDSM surrounding just a beautiful feeling of true like for someone else, it just leaves you wishing you could find that perfect scenario for your life too.

Beautiful story, sexy scenes that will make you sweat a bit, and a fabulous ending that will make you smile for days! So Much love for this book! Sigh...

### **My Pink Fairytales says**

What a beautiful surprise!

I must confess, i was expecting some really hot political erotic story, but instead i got a heartfel one, full of emotion and wisdom, with a,azing characters and a perfectly put together plot.

Yes, this book is about a Dom Senator of NY who finds himself a submissive through an app Tinder-like and yes, they have panty-melting-everything-on-fire sex, **BUT** i couldn't focus on that. I might even forget this

part.

I will, however, remember the heroine being strong, smart, sassy, lovely and with such an inspiring way of seeing life. The hero is just as wonderful. Not a selfish bone in his body, alpha when needed, warm and funny too, thoughtful and very close to gain the Prince Charming title.

Something to remember:

***“Moments made up a life. Some good. Some bad. But in the end, it was a combination of the two that made a person who they were.”***

4 stars

This is the first book that I have read and reviewed for Author Stacey Kennedy and I have been asking myself "Why"??? I need to go back and read more by her.

I completely enjoyed the way the story flowed. I liked the character development and their relationship. The only thing I did not like was reading the last page and wanting more. I wanted more of Olivia and Noah.

Olivia Watts just the girl next door with such a big heart. Everyone can see how much she loves just from meeting her. Of course being so loving can cost you your own heartbreak. But the best way to heal a broken heart is to get back out there. Find someone that makes you feel whole again even if its just a fantasy.

Enter Noah Grant. Strong demanding handsome devil. Or maybe he is an angel in disguise. Noah is just what Olivia needs and when they agree to just a week of hot sex and fun. What is there to lose?

Sometimes fate has a funny way of putting you in the right place at the right time. Can you find love in a week? Noah does not think so but Olivia may just be the game changer for him.

---

### **Carvanz says**

After finding her fiancée with another woman, Olivia takes the leap into one of her private desires and signs up for a “dating” site that connects subs and doms. She’s looking for something to help make her feel whole again, to feel herself, to help find that part that she lost so long ago. When she is connected with Noah, things instantly click for them both and soon all the rules that were set at the beginning are quickly being tossed aside as they create their own rules together.

I’m not a huge fan of BDSM, but I am a fan of this author and I wanted to take a chance on this book. I was

not disappointed. I absolutely loved the level of intensity between Olivia and Noah, the natural rhythm of their relationship and their ability to give each other what they were lacking. Not just sexually, but emotionally. The BDSM took a backseat in my opinion and didn't bother me in the least. If anything, it proved to be the catalyst that brought Olivia to the place where she was able to stand on her own and take what she wanted from life.

This is a fast paced read with plenty of steam and the secondary characters were perfect in their roles. I actually hope to see Olivia's friend Paige in her own story.

I voluntarily read and reviewed an advanced copy of this book provided by NetGalley and Random House - Loveswept. All thoughts and opinions are my own.

### **Mindy Lou's Book Review says**

3.5 Stars

Despite our main characters going into a non committed arrangement, the author did a good job of making it feel like we got a to see Olivia and Noah in a true relationship from the very beginning.

Noah seemed to know right off that Olivia was different. I like how he didn't shy away from that even while he still had reservations about bringing anyone into his political lifestyle. I actually really liked his character. He came off as very mature. He never played games and he treated Olivia very well.

Olivia had more of an innocence about her which worked well since she signed up to be Noah's submissive for a week. She also came off as a more mature character. I really like how both of them behaved and steered clear of unnecessary drama.

This was very good but it also felt too short. I would have loved to see more to the story with these two. This is great for when you want something quick. ARC provided by NetGalley.

---

### **Jessica Alcazar says**

WOW ... perfectly sweet and spicy all rolled up with a huge heart. I shouldn't even be surprised tho because this author does those things really well on a consistent basis. I mean this story was just delicious! I could not get enough of Olivia and Noah, apart or together. They were beautiful people.

There's very few authors I can say that when I turn to one of their books, I'm 100% sure I'm going to feel happy and satisfied after reading their words. *Stacey Kennedy* is one of those authors. You get the sexy. You get the heart. You get the growth and you get the HEA :) Always. \*sigh\* I wish she could write faster LOL

## **Mary Mooney says**

I received a free copy of this book to read and review for Wicked Reads, so here is my review.

4.5 stars

What do you do when catch your future husband cheating with your maid of honor before the wedding? For Olivia she wants something that will bring back her self worth. And she feels that giving in to her kinky side will do that. While out with her best friend Paige, she accepts a card from a stranger to join an app to get to other like minded people. Maybe this will get her over the heartbreak and move her forward in the life she deserves.

Noah Grant is not the type of man for relationships, he is only looking to keep his career on track. Being part of the app that lets him explore his desire for BDSM without the strings of attachment works well for him. So when he meets Olivia, he knows there is something different about her and he wants to change his rules for her. When he learns of the betrayal she has gone through, he wants to protect her and make her happy.

Can Noah and Olivia spend their short time together without being feelings in to the mix? Can Noah let her go when the time comes? Will Olivia be able to move on without Noah? Will her ex show up and cause more problems?

I love Stacey Kennedy and her writing style is always one I love to read. She has a way of drawing you into a story and not letting you go until the end. I loved everything about Noah and Olivia and I hope you love it too.

---

## **Maranda says**

Kennedy Fan! Perfectly Inappropriate is a winner. Olivia Watts needs a change in her life to overcome a heartbreak relationship. Noah Grant is a dominant giving her a week of his time to turn her life around. The chemistry is explosive between these two. A MUST PUT ON YOUR SHELF author who causes fingers to read rapidly but causes a let down at the end knowing the story is over. Not to be missed healing story. "A copy of this book was provided by Random House Publishing Group - Loveswept via Netgalley with no requirements for a review. Comments here are my honest opinion."
