## **Siempre te esperare Susan Mallery**

After a disastrous relationship left Hannah Bingham pregnant and alone, she knew returning to Merlyn County was the right thing to do, even if it meant facing her family and owning up to her mistakes. What she hadn't counted on was the attention of her very grown-up teenage crush, Eric Mendoza. Tall, dark, devastating...and devoted to his career. Eric said his idea of success was a corner office, but his considerate actions spoke louder. Hannah *knew* he wanted home and hearth, and she had the perfect job lined up for her sexy executive...as dad!

## From Reader Review Siempre te esperare for online ebook

### monica says

#### siempre te esperare

Excelente y muy buena.bastante completa para ser una novela corta de harlequin.muy linda y fácil de entender y leer.la recomiendo.

---

### Gemma says

Both characters annoyed me. I felt the heroine kept her pregnancy a secret for far too long. And once the hero finds out she's pregnant, he decides that he isn't allowed to desire her sexually anymore. What is this, 1882? \*\*headdesk\*\*

---

### Paula Legate says

This really was a sweet romance. I loved the way Hannah, and Eric started off as friends. They meet when Hannah was a teen, and Eric was her sailing instructor. She never let him know that she had a huge crush on him back then.

Years later she came back into town to settle down. She left behind a bad relationship that left her pregnant. She also left college. She was studying to become a lawyer. Hannah has always done what was expecting of her. She needed the time to figure out what she wanted to do with her life, and she needed the time to lick her wounds.

Eric has always been career driven. His sister, and his secretary has been worried about him. They both said he needed to cut down on the hours he works, and he needed to date. He has a dream of being a CEO before he is 30.

When Hannah came back into town, she found the perfect home to buy. The home is being sold by Eric. Their friendship picked up where it left years ago, and grew from there. I love stories where a friendship grows into love. This was a heartwarming romance. My only complaint with this book is it had no epilogue. The story just ended. It would have been nice to read about the couple getting married, or the birth of the baby.

### Nita says

This one was just "okay" for me. I guess maybe I didn't connect with the heroine as much as I could have.

But it was a fairly entertaining read.

---

### **Lovviner says**

I had read this book back in January 2014 and it was still as hot and steamy as I remembered.

---

### **Laura says**

Classic Susan Mallery! I read this book on vacation and really enjoyed it. :)

---

### **Dee says**

Two-haiku review:

She had crush on him  
His career's most important  
Can they compromise?

Another's baby  
Happy end seemed too easy  
True love overcomes

---

### **Audrey Ettinger says**

Rated compared to other romances. Sweet story. The extended family relationships add to this one -- Hannah really doesn't know her relatives well, and Eric is very close to the sister that basically raised him. Their marriage would be interesting to follow!

---

### **Sarah says**

Short, quick, easy read but very good :)
