Despite finally learning more about the "Sunset of the Underworld" a thousand years past, Yuki finds his thoughts returning once more to his former friend and current enemy Kanata...But while Yuki may be new to picking sides in a centuries-old war, it is nothing new to the Zweilt. And Kuroto and Senshirou, the new Zweilt pair Yuki has only just encountered, harbor a profound hatred for Opasts, swearing revenge on one in particular. What happened four years ago to inspire such loathing? As Yuki bears witness to the flames of revenge that burn in the hearts of those around him, how will his own heart respond to the betrayal that he cannot forget?

And this is where the story gets darker... I really love this manga, there is action, romance, fantasy, comedy, and ohh... the drama! Hearts are broken everywhere... much like in real life. :)

Oh, and it doesn't hurt that the characters are really pleasing to the eyes! ^\_^ Bishies everywhere! I really love Hotaru Odagiri's art. :)

### **Dustyanne says**

Bishiliciousness...a term borrowed from an earlier comment, but this book is just simply bishiliciousness.

### **Abby says**

I love this series! The artwork, the characters and the plot are all fantastic! I really cannot get enough of it. Yes, the plot does have some elements that we have seen in a hundred other fantasy manga, but there's just something about this that still stands out for me. I have read the first six books multiple times over the past few years and despaired of ever being able to get my hands on books 7 & 8 in English, but now that they have been translated and published (yay!! XD) I am rereading the whole series. It really is still just as good as it was the first time. Hotaru Odagiri has seriously done a fantastic job!

But guys. Guys. When I'm going to get more girls up in here. -stares hard at Odagiri- You said you're planning to include some female Zweilt, I want to meet them. I like pretty boys as much as the next girl but a universe lacking in the ladies will never be favourite of mine.

Anyways this is still stuff that was covered in the anime storyline so I'm not super interested. I think we hit new content the next volume though! Content which will hopefully be heavier on the ladies. 3 stars

### **Mia Robinson says**

### **Jeninne says**

This is definitely the weakest of the series so far. Usually I salivate over wonderfully in-depth backstory. But this time that backstory just ended up being super dry and uninteresting.

### **Maverynthia says**

This was going so good, and then it gets to the ending where it pulls out all the "women are weak and need men" and that's when it turned to crap.

---

### **Stephanie :} says**

This story is steadily grinding itself to a dead stop and it's painful and sad to watch. I wish I could say nice things about this one, because the series has been good fun so far, but this volume is a pile of boring and uninteresting backstory with some "I don't care what's going on" drama mixed in for good measure. Hope it picks up in the next volume.

### **Miriam says**

Slightly less emo, allowing the unneeded quote marks around significant words to shine.

More background info on the world-history and new characters, but not much actually happens for the number of pages.

An author's note seemed to support my feeling that this story wasn't planned out in much detail ahead of time.

### **Dani - Perspective of a Writer says**

Takashiro reveals a whole host of secrets this volume to Yuki. I'm glad for scenes like this where I can have my suspicions confirmed! Reiga's original past is also explained as far as Takashiro knows (he was born of a Giou mother and an opast father). This was all very enlightening and while it was mega info dump I'm glad we finally got to this point so we can get down and dirty with the whole point of this manga!

We also learn more about Kuroto and Senshirou the two new Zweilt we just met as they interact with Yuki. We get their full story including the back history of how Garan died. Love the mention of Shogi being a healing skill so Kuroto could forget for just a little while.

**BOTTOM LINE:** Full of the past's secrets!

### **Shawnie Nicole says**

Ugh... so much

### **Jessica says**

Favorite quote: "They're trapped in their prejudiced ideas, blind to the substance of things. That sort of mind-set only keeps you lagging behind."

I love this series. Angst, comedy, tragedy and betrayals, and an ongoing element of compassion that grounds it all. Plus the occasional bishie sparkle ^\_^
