## **The Mob** David Weaver

Judie has been beaten, punished, hurt, and tormented- all by the love of her life. He treats her like shit because frankly, she allows herself to be treated like shit. Discover what happens when an abused woman stands up for herself and fights. Take a journey with Judie as she takes on the task of overcoming being naive and weak, and embarks on her own personal journey of empowerment.

### **Mirrlees says**

Is it ride or die, or just die. Low self-esteem and not loving yourself can push a person over the edge and become something that they are not. Judie was in love and didn't love herself. It's sad to see women in this state of mind but it is a reality. Great short story. Excellent read. 5stars

For me to even have finished this in less than an hour; you know it was major #werk! D Weave definitely killed it with this one!! && even Linkin Treasure into it was nice! Sisterhood & Brotherhood definitely showed the TRUE definition of a Ride-or-Die! cant wait for pt 2!!

\*\*\*\*\* read

David Weaver has done it again. Another great five star read. I hate how Rodney betrayed Judie by fooling her she was the woman he wanted. Things didn't go as he planned and he lost his love. I can't wait to read part 2. David Weaver never leaves his readers unsatisfied. He is my favorite author. Try one of his books and I guarantee you will buy another one.

This was my first David Weaver book, and it was pretty good. He wrote this short story for readers who had never read one of his books to get to know his reading, and this short story did that for me. This was a very graphical story. Some of those scenes where way out there, but I held strong. It to figure out what MOB stood for. It was a pretty good story and I plan on reading part two.

THE MOB by David Weaver is another great book by the author. His books just keep getting better and better.

I did not want this book to end.

The Mob is a book about women overcoming hardship and struggles in their lives while serving in prison. The things that women will do for the love of their men is not always the best choice that a woman can or will make.

The storyline will keep your attention. The characters were great.

I highly recommend to book to all readers
