## Deep Under Tanya Chris

It was a routine traffic stop until the submissive in Jack recognized the Dominant in Maddox. Now Maddox and Jack are walking a dangerous line: on opposite sides of the law by day, on the same side of the bed at night. Can Maddox trust a man with Jack's past, and does Jack even want him to? One thing's for sure: Jack needs to be punished, and Maddox is just the man to do it.

This is a standalone M/M BDSM short story intended for mature audiences only.

## From Reader Review Deep Under for online ebook

### Milica says

3.5 stars...

**I was so pleasantly surprised by this one...I mean, I really wasn't expecting anything, but this short story turned out to be a jam.**

Deep Under is short story so you can't really expect some serious character development, but the characters were not bland, easily forgettable as soon as you finish reading about them. **Their voices were distinctive and there was a certain kind of depth to them** (as much as there can be considering the length of the story). There is not much in the way of plot - main focus of this story is juxtaposition between Maddox who is a cop on one side and Jack who is a criminal on the other...BDSM is the basis on which the relationship between characters develop, so if you're not a fan of BDSM, I'm not sure if you should pick this one. But even if that's the case, it's nothing heavy, so you could give it a try if you like **short, enjoyable reads with some man on man hotness and very satisfying ending** (eh...that last sentence was really sweet). There is also a little bit of insta love going on, but I chose not to care...

Oh yes, not to forget... I agree with the other reviewer - **their first kiss was indeed one of the more memorable ones...**

It would be nice if author chose to write a longer story.

Unrealistic instant attraction, police procedure, safe BDSM practices, and HFN. But....this short story sucked me in quickly and left me with lots of emotional "feel goods". I guess I'm just a mac & chz kind of gal.

### Emma Sea says

While this isn't my personal kink, this is a really solidly written book, and will appeal a lot to many readers. Chris's writing flows smoothly and lets you just connect with the story. I rec to anyone into quite sweet BDSM with just a hint of orgasm denial, face slapping and hair pulling. Bonus points: so much better written than Sean Michael.

Maddox the cop and Jack the criminal...

Powerful read, BDSM in a way I really like to read. A hard-handed Dom and a perfect sub

De sadistic parts were great done. Two strong men in a captivating scene.

It's a short read with a great content and wonderful written... their interactions were just breathtaking.

The story has a nice secret to reveal !

I just loved this one enormously!!

And.... on the authors website there is a wonderful painful follow up you will love yeahhhh!

Kindly received an arc from the author

Toe-curling hotness! If MM BDSM floats your boat, I highly recommend this novella! I've never read this kind of pairing before. Maddox is a cop and a Dom and he looks like Robert Patrick in T2 (scary and hot, be still my heart). Jack is a crook. He's tall, muscular, looks like the definition of an alpha male, but he's actually a sub. I love it how in this case the sub is actually the bigger guy, and yet the Dom is every inch in charge. These two thrown together set the house on fire. The chemistry is amazing and the characterization is top notch: professional and badass. If you're tired of male characters who sound like women, this is the book for you. Jack and Maddox think, talk, and act like guys who know their business. I'm also crazy in love with this author's use of language.

*He looked right in handcuffs because he looked wrong in them, and that was what Maddox liked - the rough and tough guy on his knees, the one who was never meant to kneel, who didn't have to kneel, but who knelt anyway.*

I'm so glad I grabbed this book, I only wish it'd been longer!

Nice cop fantasy, and I like Tanya Chris' writing. But then hard face slaps happened during an intimate scene. Repeatedly. Not my thing so DNF @ 30%

### **Moony Eliver says**

Good, for what it is. It's porn, with a background plot that's just as minimally developed as the relationship evolution is. But decently executed.

I picked this one up to see how I would feel about Chris's other kink stuff (because I didn't care for Locked). This one showed me that her approach to D/s relations has more substance to it than I gleamed from that initial experience. My next read of hers will be Aftercare.

ETA: The follow-up to this story, Back Under, is free on Chris's website and is pretty good too. I like when an author writes something in a way that I can appreciate in the context of the scene even though it's NMK (which needles decidedly are not).

### **Denise H. says**

\*\*\*\* This is a sexy tale that keeps us guessing ! \*\*\*\*  
Hot, raw, dirty, sexy, BDSM play, for our cop, Maddox and the criminal, Jake.

Then we find out Jack's secret. These two are deeply connected by their sexy play and secret rendezvous.  
This short story will rev up and stay revved up !

Just wow !  
A quickie for sure ! ENJOY !

#### **3.5 stars.**

I rarely read novellas. I rarely read erotica. I rarely read romances featuring BDSM. But if there were more erotic BDSM novellas like *Deep Under*, I suspect that "rarely" would become "often."

***Deep Under* was well-written, with well-developed and distinctive characters who form an instant and intense connection.** The ending is a tempting HFN; you are left knowing that their connection will grow even as you want to see how far and how wide.

That said, **be cautious** if you are adverse to more intense BDSM practices, particularly those involving sadism and masochism. I am far from a connoisseur of BDSM romance, and the subgenre won't ever be a reading preference of mine. But I still found *Deep Under* an enjoyable and unexpected delight.

### **Teal ??specializing in the DNF?? says**

Smacking someone in the face is a dealbreaker for me. Reading about it actually made me queasy, which sure put an end to the whole sexy-times vibe. So, DNF @ 30%.

### **Marianne says**

An honest cop with a taste for sexual domination... A shady dock worker who craves submission. How can they possibly make it work?

*"You still carrying around an unlicensed gun?" That got a look that said something like, "Yes, but if I say that you'll arrest me again so please don't make me lie to you."*

*"I think you should be punished." Jack lips curved upward. "Someone ought to punish you. You've been*

*getting away with this shit for years. ”*

Damn, that was hot! Knowing there would be a twist, I saw this one coming but that was my own fault for reading spoiler-y reviews.

### **Steelwhisper says**

This is a fast and a SPAG-wise relatively clean read.

Contrary to what I assumed from other reviews this wasn't mainly S&M, instead it was the typical US-style BDSM-D/s sauce, with a minor variant on denied orgasms and the typical US-style gung-ho alphas you find in m/m romance right down to the equally typical descriptions of people's physique and the a dime a dozen sex patterns and types of sex.

I wasn't intrigued (the obvious background of Jack telegraphed from the beginning) by the secondary plot, and the BDSM left me as ice-cold as the rote sex.

This is the sort of erotica which - while competently enough written - is so boring, I'd rather spend my time with something else.

The rating is exactly what I think: okay but uninspiring.

### **Sarah\_loves\_books says**

It was gorgeous. I almost cried. I'm not a crier, but because of the intense feeling I almost did. Yeah. It had what I need. If you love Anah Crow's **Uneven**, you'll love this.

The MCs: A true sadist and a true masochist. And they're very well developed characters for such a short story. Very well written!

### **A Girl Has No Name says**

#### **5 stars - hot - hot - hot!**

*It was a routine traffic stop until the submissive in Jack recognized the Dominant in Maddox. Now Maddox and Jack are walking a dangerous line: on opposite sides of the law by day, on the same side of the bed at night.*

The blurb says it all and I have nothing to add! The interaction between Maddox and Jack have been amazing, I love the dynamics and the way they got closer to each other with every moment. This is a great little BDSM short and I will definitely pick it up at some point in the future!

### **Elena says**

3.5 stars!

A kinky, sexy power exchange read! The sexy scenes between the MCs - one a cop, and one a criminal - very exactly up my alley!!! Deliciously kinky with a beautifully submissive bottom and a slightly smaller, firm and thoughtful Dom.

The rest of the story/plot? I totally agree with Tully's review.
