## **Hooked: The Secrets of a High-Class Call Girl** Samantha X

Samantha X is not your typical hooker. She's the wrong side of 35, has two kids and counts a wild night out dining at her local pizzeria.

Career-wise, she had it all; writing for Australia's top selling woman's magazines; appearing as a media expert on television and travelling the world for the sake of a good story. Yet, after her marriage break down and two kids later, she turned her back on the media, and decided to dust off her stilettos and work at Sydney's most infamous brothel, where she soon became one of their best and most in-demand girls. Not only was she making great cash, but she was privy to the real life stories of her clients - irresistible to the journalist in her.

How could she not keep a record of their salacious stories?

Hooked is a fly-on-the-wall sexy, juicy, page-turner of what really goes on behind the walls of a brothel; from police raids to tearful married men confessing their secrets; lesbian threesomes and having to service the odd married couple trying to reignite their relationship.

But while whoring can be lucrative and fun, it also comes with a hefty price, as Samantha soon finds out...The only problem is, can Samantha kick her addiction to what she believes to be the best job in the world...?

## **Justine Stevensen says**

I enjoyed this fascinating insight into the world of a female escort. I was disappointed that despite being written by a woman with years of journalistic training, the book was not sophisticated in its prose, and often rehashed a line of thought which had already been delved into. The author seemed to not know whether she was writing raunchy chick lit or a self indulgent explanation of one woman's career choice. I can't help feeling that I would have enjoyed it more if the book were one or the other, rather than a bit of both.

---

## **Jane Potter says**

The start of this book just mad me so angry and sorry for her, and so angry. She is always excusing of men. That 15 year old experience was a horrible rape. That silly stuff at work was sexual assault. But she blames herself. And when men cheat she blames marriage or their wives. Angry. She must have the lowest esteem imaginable.

The second half of the book was better. She showed her insecurities and was more understandable. But I feel so unbelievably sorry for her. Her parents taught her the love of money.

But good on you for reporting the rape at work to the police!!! Well done!!! Pretty much read this in one sitting. So well done. Top writer!  
So sad though. I wish things were different.

---

## **Agnes says**

I enjoyed this book It was an honest perspective the of the escort world.  
There were some repetitions and grammar faults but nevertheless a rolling coaster read.

---

## **Lucy says**

A lot of weirdly problematic and misogynistic statements (e.g. It's a woman's duty to sleep with her husband.) Stopped reading after that.

---

## **Karren321 says**

I like Samantha

I like her voice

I didnt perhaps agree with everything she said but she was nice and entertaining to read

---

### **Billy says**

#### **What a trip!**

I was immediately 'Hooked' as it were! Very well written and put together. At times it felt like you were in it with her. I could really appreciate the moral turmoil she went through in trying to remain there for her kids, and yet loving what she was doing.

---

### **Annie Butler says**

loved it! Samantha/Amanda is such a complex character! just when I think I get her, I don't. she is so human, so easy yet hard to understand. I get her, then I question her. I feel I am part of her, yet I feel a complete distance from her lifestyle.

basically I thank her for giving such insight into life, motherhood, sex and especially men. my sexual, sensual side as a woman has just increased ten/twenty fold with her insights and experiences which were sometimes very funny and sometimes very painfully learned. I would just like to thank her for her complete honesty and great courage to never give 'power' to another over yourself by being always true to yourself no matter what. I would love to share a bottle of France's finest with her. That for me would be an amazing life experience I would always remember! definitely worth a good read!

---

### **Cathleen Ross says**

An honest account of what it is like to work in the sex industry with all the funny, the sad and the violent things that happen. I was "hooked" until the end. The author is a journalist and it shows in the writing. A very enjoyable read and yet it left me feeling sad too.

---

### **Kylie Young says**

Interesting insight. The shaming and blaming innocent wives for men visiting brothels pissed me off though. Albeit probably true, men need to take more responsibility for their part in relationships. The whole "it's a woman's duty to sleep with her husband" misogynistic crap was a turn off. There is professional help available to couples other than seeking other women. This is just what douche bags do, not what good men do. If it wasn't for that strong opinion, I'd say I might have like it more. It was an interesting and honest insight regardless

---

### **Bron says**

Another story of a high class prostitute. It is engaging and I love the emphasis on the non-sexual elements of

the profession (don't worry she doesn't hide the sex if you're worried). It reads as a very similar career progression to *The Secret Life of a London Call girl*, though from direct comments in the book I know she distinguishes herself through her tame sex stories and interest in the psychological workings of her clients.

This book hits out hard and fast but fades... As though the author got herself lost. The first half is plenty... At three quarters I became bored. My genuine belief that this should be a legal and respectable profession if a woman so chooses is the only thing that had me finishing it... Like some weird solidarity thing.

It's good, it's insightful... But it isn't as much fun as others like it... Possibly this is more 'real'. It's about the men not the sex.

---

### **Brittany says**

Very interesting and gave me a very new perspective into the world of sex workers. However, I found it to be a little repetitive with her often justifying her reasons why and her thoughts on her work and her love life. Apart from this, I really enjoyed it.

---

### **Tony Garay says**

Apart from the insights into the goings on inside a bordello this book is more about the men that visit these establishments. It's not a question of whether visiting a prostitute is morally wrong, it becomes question as to why some of these men continue to visit prostitute and continue their facade of being happily married. Interesting trap. Maybe the titled should've been "Trapped".

---

### **Nicola Sheridan says**

This kind of book is hard to rate. It was an easy read and it totally engaged me. It was a really fascinating insight into the choices, feelings and thoughts of a prostitute - and some of the men who frequent her. It did however make a lot of sweeping statements, which I didn't necessarily agree with, and a good many moral justifications for her choices. Having said that, this book is definitely a bold step for a lady to take, and it was eye-opening. Definitely worth the read.

---

### **Karen Bendo says**

I've been attempting to read this book for about a month... I'll read a bit and the same thing over and over..this author just annoys me! I go back to it thinking I'll give it another go and the same thing.. This 'Samantha' has a real annoying writing style. She tries too hard to be funny or shocking..at the end of the day, she's just an old woman that sold her body for money and somehow thinks she's better than others that do the same thing... Ho hum. The irony... She's a journalist yet I can't stand the way she writes..

This book will end up in a 'donate a book, take a book' part of a seedy motel....

---

## **Nada says**

This was a good read. However, Samantha X writes from a very defensive view point and to me this is the draw back of the novel. I am glad Samantha is as candid and honest as she is. I understand that the general public have a negative perception of prostitution but I don't feel it was necessary for the author to be as defensive as she was. Amanda does what she does for her own reasons, all explained, and that is okay.
