**Fun reading**

I think the story I enjoyed best was the last one about the Amish bed and breakfast. But they all were interesting and well written.

**Fun cozy mystery**

A fun cozy mystery, perfect for vacation reading. I enjoyed the characters quirkiness and humor. But I wouldn't want to actually stay in their inn!

**Mystery and recipes**

Mixed reviews, first two books were good mysteries, third book bored me almost to death.. couldn't get into it, and didn't finish reading it. Fourth book I had previously read (it was a good mystery) Fifth, sixth, seventh were great and terrific mysteries plus great recipes. Eighth book, previously read it was so-so but good recipe. Overall good good collection of cozy mysteries and recipes

#### **sweet confections**

I so did love reading these mysteries! I laughed out loud, tried to guess "who did it", and dreamed of making all of the recipes included! Of course I plan on making the Margaritas, lol. What a joyous reading experience. I've been introduced to many new authors that whet my appetite. I plan on continuing by reading more.
