## **Loving My Best Friend's Dad Lila Younger How could it be wrong when it feels so right?**

When my best friend, Renee, convinced me to party with her in the big city on Spring Break, I hesitated. I'm shy, innocent, and I wouldn't know how to play the game. But she insisted, and for once I decided to let loose a little. I even went home with a man who was more mature, more handsome, and definitely more experienced in bed than any college frat boy on campus. It was the perfect one night stand, the kind I'd never forget.

But then I go home with Renee the next morning, and my one night stand turns out to be her **father**.

Everything about it was wrong, and I told myself that he's off limits.

Only my body refuses to listen. One look from those blue eyes and I'm practically **dripping** with desire. Forget about one week, how am I going to last one night under his roof?

And what am I going to do when he says he wants more than just my body?

*(Lila Younger writes hot, steamy romance with no cheating and a HEA every time because love stories are always a little better when they're naughty. If you're looking for a novella that's guaranteed to leave your heart - and your panties! - melting, then start reading!)*

#### **Best friend's Dad**

Pretty well developed, loved the plot, heroine was very mature, and the hero was definitely alpha! Will definitely read Lila more!

---

### **Michelle Downs says**

#### **Love it did want it to end**

Love it did want it to end it was a great read couldn't stop reading it love it love it

---

### **AMC says**

#### **Really good**

So far, for me, the best book among short stories about older man and younger woman. Written respectfully about both heroes, who were truly connected and their chemistry off charts. I wish it was only longer as it had potential to be really good story tackling a subject of age difference and relationship quite seriously, which is considered even today taboo. The story had very good pace and development that kept the reader interested and invested in it, really impressed overall.

This story was a very pleasant surprise that I would definitely recommend to others.

---

### **Wendy Douglas says**

I like the older man/younger woman/best friend's dad trope, and this fit in well. The characters were well-developed and self-aware. Writing was good. I was surprised how much I liked the set-up, because many

best-friend's-dad books have a long-standing awareness and/or crush. This really wasn't the case here, but it worked.

It was a fast and hot read, and I'll read Lila Younger again.

### **Moriah says**

Loved this story. Emilia and Nate meet at a club and go home together. Little do they know that Nate is Emilia's best friend's dad! Such a sweet story. I voluntarily reviewed an advance reader copy of this book.

---

### **T Van says**

#### **Just An OK Story**

While heavy on the steam, this one lacked any sort of character development for the heroine, in particular. Vague statements about her personality served as exposition, and a very juicy plot point remained unaddressed, and therefore felt superfluous.

---

### **Yossy says**

Great story line. Loved it but I really wish the author had checked her work before publishing. There are mistakes here and there. And the ending left me wondering what happened with the main characters. Like, did they get married? Continued dating? Had a baby? I've read a few of her books so far and they all seem to end like this, with a sweet/sexy ending but no telling if they really ended up together after that scene or what. Another thing is that it seems that in all of her books the main characters just fall in love at first sight. There's no build up of how it happened. A few days pass and they seem to be inseparable without good reason. Also, this is such a short story (Like 80-90 pages long), I really wish it wasn't. I wanted more. Felt like I started reading it one minute and was done the next.

---

### **Karin says**

4.5 ???

This was a super quick, sweet & steamy

Emilia is a very hard working college student who never has any fun until her best friend and roommate Renee makes her throw caution to the wind on the first night of their spring break in NYC. She meets Nate in a nightclub who helps her out of a sticky situation and then later her panties. Both thought they'd never see each other again until the next morning when she finds out Nate is her best friend's dad.

I voluntarily reviewed an advanced reader's copy of this book

## **Mesorain says**

### **Good read**

I really like her writings but this one just seemed cut off. It lacked a proper ending and rushed. I hope she takes her time on future writings. Love her work.
