Dani René

**Obey** Dani René

*From the international bestselling author comes the story of two people who find out that sometimes fate does step in and play it's part.*

*"Lust. It drives people to do things they normally wouldn't."*

A whisper is a secret that keeps you safe in the dark. It may hold truth, but it may bring about pain.

When Eli said goodbye to love, he never counted on Gia.  
The darkened soul he'd kept hidden for far too long was tainted.  
And she was too beautiful, too innocent.  
But he didn't bank on the feisty beauty to tame the beast he held inside.  
Living with guilt and anger, he promises to never love again.  
But fate has other plans.  
Will Eli and Gia find a light in the dark?

**\*This is a dark erotic romance with BDSM elements. Due to scenes of an adult nature, this book is for 18+ ONLY.**

*Addicting. Riveting. Dirty and Filthy! - Allyson*

## **Mandie says**

Interesting dark and dirty romance! I was captivated from the very first chapter. It kept getting better and better as I kept reading. I can't wait to read the next book in this series.

---

## **Laila Viking says**

Well written captivating story with nice storyline and plot. Unexpected twists and turns. Characters well described and develops nicely through the story. I like it is written in dual POV, which gives the reader both the thoughts and feelings of the main characters. That makes the story even more emotional and captivating. The twists and turns are so unexpected that they made it worth the read. A story that is an emotional rollercoaster. It is of a nice length.

A dark romance that is steaming hot and overwhelming at times. We are way over the stage of hint of darkness in this story. It is filthy but in a good way. It has both the darkness and the heart in it. Very good use of words that makes you almost feel the story.

Absolutely worth a recommendation if you are into reading romances with dark scenes.

---

## **Tammy says**

Holy this book was amazing, not if u don't like dark situations tho. Both going thru a troubled past one darker and more violent than the other. They find together they can bare the pain of the past and let it go. Extremely dark and very non talked about issues in this book which was amazingly written

---

## **Anna Edwards says**

Dani has done it again. She is the Queen of hot sex that leaves you fully satisfied.

I loved this book. Giana and Eli's story is so heartbreaking that it had me in tears but screaming at the book for the author to give them a chance because they deserved it so much.

Highly recommended. Make sure you get this series.

And Oliver was in it lots, and I love him LOL

### **Nina ~ Meleth Bookaddicted ~ says**

I've been dying to get my hands on WHISPER, the second book of Dani René's Sins of Seven series, and, hell, this book had me feeling it all. It's raw and dark and disturbing as much as it is heartwarming and freeing and healing.

Both Eli and Gia have a very troubled past, each for their own vastly different reasons. I was sobbing and tearing up reading Eli's flashbacks – and almost retching, feeling the bile in my throat when reading about Gia's past.

Eli, emotionally totally closed off, protecting himself from further heartbreak, and Gia, beautifully broken and yet so strong without even realizing it: These two are made for one another, and there is one person who realizes that far earlier than they both do, huge age gap be damned.

With lust, pain, violence and revenge this has to be one of Dani's darkest books, if not the darkest. As usual, her characters are complex and multi-layered, the writing flowing effortlessly, the sex scenes, although dubious and not for the faint of heart, hot as hell and the kind I just cannot get enough of – yeah, I'm kinky like that – which is a good thing, because once Gia and Eli started, they're going at it whenever they can.

Dark and depraved, carnal and unapologetic, and terrifyingly hot – a tortuous yet insanely erotic story about loss, love and lust. It's shocking and decadent and has me still wanting more. The next book cannot come soon enough, and I really hope it will be Carrick's or Oliver's story we are getting next.

---

### **Niki Roge says**

A dark read, Dani brings us on an adventure with Eli and Giana. When lust, violence and pain fill everyone's past and present, these two are trying to find a way to work through it. There are some subjects that are not often touched on in this book, making it an great read with how fantastically it was done. The ending was a total surprise, making me love the entire book so much more.

---

## **Philomena Callan Cheekypee says**

This is book two in the Sins of Seven series. I highly recommend you read Kneel before you read this one.

Whisper is Eli and Gianas story and what a story it is too. The storyline is superb. I felt as if I was Pac Man reading this. I just wanted to gobble it all up.

If you enjoy your books dark and dirty then I highly recommend you read this series. I'm so looking forward to reading more from this author.

---

## **Tyi says**

"Each of us is born with a box of matches inside us, but we can't strike them all by ourselves." LAURA ESQUIVEL

Eli... Man... He is a man who wants to play but never attaches any type of emotion in his play. The author right away makes the reader aware of what changed Eli. It is understandable but detachment can be volatile. What enjoyment is there? Can anyone way to steer him another way? For his sake, I was hoping so.

Giana comes into the picture and everything she is experiencing I'm experiencing along with her. The sexual chemistry between Eli and Giana was off the charts... Hot... You might have to change your panties once. Maybe even twice.

The flashbacks in this story ate at me... I wanted to reach out and comfort Eli. Even a dominant knows pain. He wasn't cope with what happened in the past. It seems like he kept trying to fill the void but it was a no go. Giana was in a bad situation and didn't really know how to get out. Their past isn't supposed to dictate their future but it is still playing a part in it.

One of my favorite quotes from book stated, "They may see me as weak for needing him, but it's not weakness, it's strength that allows me to follow my heart. It's power that I have that binds me to him. We're tethered and I'd have it no other way." I loved that even Giana is broken... She knew what she wanted and fought for it. If Eli wanted to play a game, she would play because the ultimate prize is him.

When I started to read Whisper, it was hard to put down the kindle. But the last couple of chapters had me on edge, I stopped and started a little. Not because it wasn't good but because it was so gripping. The sense of foreboding that I had finally came and I was like damn... I thought all the secrets, which Giana and Eli laid to bare, were all out in the open but there was still more.

The title made so much sense through this quote, "When uttered, they're meant to console. But when they're whispered, that's when they mean so much more. I've learned that words spat are meant to harm. When uttered, they're meant to console. But when they're whispered, that's when they mean so much more. The emotion so profound it chokes you, and all you can manage is a whisper. Whether it's passion, lust, agony, pain, or sorrow." The voice of another can be taken in so many ways. It can smooth like a lover or be lethal like a snake. Eli was able to bring desire to his lover but bring destruction on his enemies. It started his voice.

This book is five star material. There is no question. I need to learn about Oliver and Carrick. Carrick is a

mystery, which has so many opened questions. Well done for now... Let me just say one final thing. I left reading the last page and said god damn. Then laughed.

## **Up All Night With Books says**

*\*\*ARC received in exchange for an honest review\*\**

If you love dark and dirty romances mixed with every emotion you can think of, *Whisper* by Dani Rene is just for you.

Two people each with a past. A past that differs from each but both full of hurt and pain.

Two people with mind-blowing chemistry. The sex is an inferno.

Gia, a broken yet tough woman, has had a horrible life. The flashbacks of her life will have you in sobs, feeling her pain.

Eli is a closed off person, suffering from a grave loss. He, of course, tries to fill his void with sex. The flashbacks of his life will have you in tears.

Gia ran away from the man who caused her so much pain. Eli is grieving. Gia's past finds her. Can Eli save her? Will they let their pasts' define them? Can they break the walls they each have up? Will they have the happy ever after they both deserve?

*Whisper* had me in tears. Major sobbing. The hurt, the pain. Dani has done a remarkable job with Eli and Gia.

5 sobbing stars.

## **Joyffree says**

Lust-

It's just a whisper - a small voice in your head -

"It wraps you in its warmth, taunts you with its promises"

It slowly gets louder and louder until you have to find a way to ease the pressure -

It tells you-you are not worthy - you are not deserving

How do you escape it? Do you embrace it? Hide within it's dark but comforting form? Or just get lost in it?

I am nothing at this point but simple reflections of so much pain and loss ...

I am not sure I can make it through all seven sins - this one had me silently crying - the one where you feel the tears as they slowly track your cheeks - feel the small hitch in your chest as you try and catch the sob before it breaks - Rene' ripped my heart from my chest with Giana and Elijah's story -

One Word - RAW

This is book two in the series -I read a complimentary copy- it can be read as a stand-alone but why would you want to?

For some this will be a dark read -for others, it is an emotional journey that you do not want to miss- if you have never delved into the darker side you may want to start with something a tad "grayer" - I have said this before - heed the writer's warnings, please

I do want to add something really quick - I have never listened to the playlists that accompany my books - OMG I did not know what I was missing - I did listen after I read the story - It made the whole thing even more emotional! - Don't judge I am learning as I go - and I cried even harder through the playlist! Okay I did smile during Breakfast at Tiffany's - Just picturing them during that one was sweet as h@ll

### **Michelle says**

Arc provided by author for honest review. Holy crap wow I devoured this book, I couldn't stop I didn't want to stop. Dani just captured my attention and dragged me in. Whisper will pull you into another world. One that is not rainbows oh no its dark and dirty, filthy and so God damn hot! I have to say this is Dani's darkest book yet to date! It also deserves 5 stars and if I could give it more I would!

---

### **Love2ReadRomance says**

Dani Rene' never ceases to amaze me with her writing! Whisper is an entertaining unique dark love story with two broken people who can find wholeness together. It is beautiful, and I truly loved Gina and Elijah. I certainly can't wait to read more from this Series!

---

### **Sheena says**

An enthralling and shocking must read...

Whisper is the next installment in the Seven Sins series.....a dark, sexually charged second chance romance that has lust at it's heart...

The characters of this addictive series are so complex and fascinating and Eli and Giana are no exception....Eli is emotionally closed off; he has suffered loss and protects himself against further heartbreak by satisfying his desires without committing his true self... but when Giana enters his world... beautiful, broken, a temptation... full of her own secrets his practiced detachment is put at risk... these two have a concupiscent and intense response to each other and there are some truly steamy encounters... the secondary characters provide additional intrigue and support to the protagonists; Carrick and Oliver offer tantalising glimpses of potential future anti heroes and other sinful stories in future books...

This is a tortuous and erotic story of loss, revenge, love and lust...an enthralling and shocking must read..and now I am left impatiently waiting for the doors of Club Seven Sins to open once again to reveal the next

decadent and carnal story..

---

## **Sheharzad ? says**

the last part of the book was the most interesting bit tbh. specifically at the 90% mark. and even more specifically, the epilogue. *anyways*, i'm being a sour wuss. the only thing that kept me going through this book was the fact that i'd be reading carrick's story next. AND BOI AM I READY FOR MY BABY CARRICK ?♥?

**full review to come once i find my inconveniently misplaced motivation ???**
