## **The Retribution Of Levi Bass** G. Michael Hopf

Levi Bass recovered from his wounds the night his parents died, but the emotional scars ran deep. As the years turned to decades, his memory of that fateful night became a blur. He found love, married, had children and became a highly respected man in his town. All was as it should be until Randall Pritchard rode in. Randall wasn't just a notorious gambler and gunslinger, he was also the man Levi held responsible for that night many years ago.

Now torn, he questions whether he should forgive or seek the retribution he wanted so many years before.

**Sheila says**

**Best one yet**

Loved this one. Hopf's westerns get better and better . A story of loss, guilt, hatred, revenge, and redemption. Truly fascinating how the characters react and evolve from their own aspects of the story.

**Linda says**

**Excellent read**

Excellent book with a great story and excellent characters. Have read all of the books written by this author and would highly recommend them to everyone that enjoys a great western book.

---

**sandy cook says**

**Great storyline**

Mr. Good is a very talented writer who is a great wordsmith. His books hold your interest and I just can't put them down. This was one of his best!

---

**Eric Ray says**

**Short story**

Good story line but seemed to clip some of the encounters and make them too short. I think this made the book too short.

---

**Cherye Elliott says**

**The Art of Forgiveness**

Excellent story about forgiveness, misconceptions, tying up loose ends, trust, love and second chances. I am enjoying Mr. Hopf's adventures in the old West. It is living a post apocalyptic life without the disaster.

Looking forward to reading more of this genre.

---

**Kenneth A. Lockett says****Good book.lots of action**

Good book lots of action and great story. Would recommend this author he is a great story teller and has a good script.

---

**Denny Antrim says****Very good!**

This is the first time I've read this author, but it won't be the last. There were a number of things I liked about this book. The characters were true and honest and believable. The storyline was really well thought out, and I liked that the ending was a little different than what I was expecting, but turned out the better for it, and I felt was appropriate. This author's style and tone was easy to read and enjoyable. The other thing that impressed me was how this fine author wrote his book without using any bad language. It just goes to show that a well told and thoughtful story can be told without using curse words. I heartily recommend this book to anyone who enjoys read It a good western.
