Sammy Sanders can't sleep. He is 77 percent sure that a spaghetti-slurping serpent lives in his sewer. Sammy and his sidekicks his sister, Sally, and their slobbery dog, Stan set out to discover the truth. What Sammy finds is a surprise in this tongue twisting mystery featuring the slippery letter S. The bright, fun artwork was created in colored pencil.

### **Stephanie says**

#### **A cute, fun read**

Loved it! Seriously, a stupendous savory spaghetti tale with sewers, sisters, and serpents. Really enjoyed thissss tale. ;) Take 5 minutes to read it.

---

### **Felicia says**

I just finished reading this to my girls. They loved it. It was a really cute story. I would definitely recommend it.

---

### **Niki (Daydream Reader) says**

This would be a great picture book for teaching alliteration/tongue twisters. It would also go well with fantasy or Halloween themed books. :)

### **Aleece says**

#### **A wonderful tongue twister**

I read this to my five year old son who really seemed to enjoy it. As a parent I also enjoyed the tongue twisters.

---

### **Andrea says**

Adorable alliteration. Perfect for a mythical creatures storytime.

---

**Kristina Walker says****Stupendous**

A silly story that will warm your heart and tangle your tongue. A perfect book for someone who is struggling with speech and the "s" sound. Can't wait to work on sounds with my preschooler using this story.

---

**Victoria says**

Great S book!

---

**Pam says**

Definitely a tongue twister to read aloud. Sammy is determined to find the Sewer Serpent. He finally does and agrees to keep him a secret.

Illustrations are colorful and help bring the text to life.

Aaron Zenz visited my son's school. The author left a fantastic impression on my boys' mind. He enjoyed Aaron and his books! So I bought The Spaghetti - Slurping Sewer Serpent, and read it to my darling. We both loved the book! It is fun, easy read and the illustrations are incredible! I am a new fan of Aaron Zenz!

**Kayla Melser says**

This has made the list of my favorite childrens books (at least the ones i have read to my son) it was cute and a fun book to read, he even got in on it with me and helped me read it. Definitely one i would recommend!

---

**Heidi says**

Alliteration is great! This was a fun tongue twister of a book.

---

**Jennifer says**

Sssuper sssilly. I especially liked the author's clever use of words-that-begin-with-the-letter-S throughout the

book. I'm considering using it for my upcoming monster storytime.

---

**Robin says**

Excellent alliteration. Mediocre plot and characters. The illustrations were good, but lacked oomph and originality. Only read if you are studying the letter S. Ages 4-7.

---

**Michele D says**

Such a cute story ! Kids have me read it over and over !
