To Kill A Killer

Remington Kane

To Kill A Killer Remington Kane

The two greatest assassins in the world collide...

...and only one can survive.

Tanner's quest to hunt down the legendary assassin Maurice Scallato turns into an adventure across Europe.

With Sara Blake at his side and the mysterious Jacques Durand lending assistance, Tanner tracks Scallato even as Scallato plots to kill him.

To kill Scallato, Tanner must first survive Scallato, and Maurice Scallato is as ruthless a man as Tanner has ever faced.

Although Tanner's mind is on death, his heart beats to a different drum, as he and Sara Blake grow closer.

It's a battle of the two greatest assassins in the world, and in the end, only one can walk away.

Has Tanner met his match, or will he take the art of assassination to a whole new level?

jean says

Great Series

I read all seventeen novels and I enjoyed them all. Tanner was well writin with all the suspe

I lovedit

Karen says

Two assassins

This is another great addition to the Tanner series and the KU library. It pits Tanner against an Italian assassin known as The Ghost and opens Tanner's eyes to the potential for a new relationship. I couldn't put it down and am looking forward to book 17.

Conrad Samayoa says

Relentless action

An action novel with loved stories intertwined. Two professional assassin's are pitied one against the other, each inattention to outsmart the opponent. Great display of weapons. Conrad Samayoa.

Wayne Swindlehurst says

Tanner finds love.

I gave this book five stars because as always I was surprised. Tanner hooking up with Sara was what I had hoped for. Now if they get married and have a baby would be cool. Cody and Sara should grow old and continue as the tanners. Now once again I'm looking forward to another Remington Kane book.

chris piper says

Didn't think I would even finish it, but....

WOW. Got book free and almost deleted because of the subject matter. However, this Author kept me engaged from the beginning. I was sorry I started it just before bed as it was hard to pause to sleep. First time in a while that I'm looking forward to reading more with these characters.

Rachel Cacek says

Best book I ever read.

Fast moving, incredible story. Realistic scenes, twists and turns around every corner. Personalities intriguing, with an ending you absolutely do not expect. Wonderful job!

Walt McCluskey says

To kill a killer

Good exchange of tactics and strategies for the two protagonists made for interesting reading. Detailed planning seen for both made you understand the extent to which they attempted to assure success.

Richard Lang says

#16 in thriller series; there is a current Tanner who is the continuation of a series of men. All are trained to kill. Here he's facing off against another killer, descended from a lineage of them. Any questions about who will win?

There's an awful lot of backstory (with 15 previous books) including how his current lover was once a sworn enemy, and so on. But the writing isn't good enough to merit buying more Tanner novels, whether it's to get caught up on the past or see what's next.

I've read better.

Steve Canipe says

Assassin

This book traces the exploits of two world class assassins and their rivalry. While both kill, one can be described as a gentleman killer..silly as that sounds. The story of their life and death chess match plays out, the characters are well developed with some interesting twists. It is obvious that one of them must die...which one comes only at the very end. Well written and very exciting for the reader. Definitely a good read.

Jeff Cochrane says

Quick read

Typical Tanner story. And I'm not complaining. Lots of action. High body count. Glad to see that Tanner's relationship is growing too. It's a good series when we can cheer for the killer. Now officially number one in the world. Recommended

Sean Peters says

Book Bub is great, each day books for 99 pence. This book was below was one of these books, disadvantage, read the book enjoyed the book, but read the first book by this author and it's Number 16 in the series!!

So do I read the first 15 or carry on with the next book, Number 17?

The two greatest assassins in the world collide... ..and only one can survive. Tanner's quest to hunt down the legendary assassin Maurice Scallato turns into an adventure across Europe. With Sara Blake at his side and the mysterious Jacques Durand lending assistance, Tanner tracks Scallato even as Scallato plots to kill him. To kill Scallato, Tanner must first survive Scallato, and Maurice Scallato is as ruthless a man as Tanner has ever faced. Although Tanner's mind is on death, his heart beats to a different drum, as he and Sara Blake grow closer. It's a battle of the two greatest assassins in the world, and in the end, only one can walk away. Has Tanner met his match, or will he take the art of assassination to a whole new level?

From REMINGTON KANE The author of The TANNER Series TO KILL A KILLER - A TANNER Novel - Book 16.

What I have noticed is how many books Remington Kane has wrote, lots of books, and I did enjoy this book, looks like another series of books to read.

Although not quite as good as some of my favourites David Baldacci's Will Robie, Tom Wood's Victor The Assassin, Ben Coes's Dewey Andreas, Mark Dawson's , Mark Greaney's Gray Man, maybe not as serious as the above characters, a little softer, maybe more human, maybe not so much detail about his weapons, his planning.

But still a very enjoyable, fast paced action film, with a rather nasty character in Maurice Scallato.

A guessed one twist completely wrong, which was good, but very entertaining.

Robbie says

This one got off to a slow start for me; I almost put it down and walked away from it. I came back to it and found that the character became more likeable and the plot more acceptable, and in the end, I gave it 4.8 stars.

Debbie says**Kill or Be Killed**

Fantastic reading! An assassin after an assassin. Trying to prove which is best at what they do. This was an exciting, interesting story that had a few unexpected twists.

Brian says**Enjoyed the pace**

My first Tanner read.

Some of the sequences I found to be beyond the limit of possibility. Author did well in adding twists to the plot development.

Robert C. smith says**Amazingly Exciting and Extremely Entertaining!**

Kane is a master craftsman at creating an almost believable tale of an assassin that readers will root for! Realistic characters and action-packed scenes provide readers with a high level of action from beginning to end!
