## American Reset Mark Goodwin

In American Reset, the final chapter of the Economic Collapse Chronicles, the ultimate contest between liberty and tyranny reaches the apex. The Bair family and their neighbors learn the true value of community as they rely on each other to survive the war and the effects of the financial meltdown. Will the collapse bring an oppressive regime that enslaves the American people, or will the patriots prevail and guide the country back to a place of freedom, peace and prosperity?

# **From Reader Review American Reset for online ebook**

## **Deborah Wilbanks says**

### **Great Book, A must read!!!**

Please if you ever need a great book, please read this 3 book series by Mark Goodwin, best books I have ever picked up.

---

## **Robert Chapman says**

A great ending to a great series. In this third and final book of The Economic Collapse series, we see the story come to a conclusion with some major battles.

Although a work of fiction, this book is a scary look forward to what comes when liberalism and the victim mentality is allowed to flourish unchecked.

---

## **Stephen says**

Goodwin includes many Bible verses and discussions, but sticks to a much more general version of Christian Theology. It doesn't alienate certain Christian groups like some of these books. In this book, we deal with the final days of the internal US war. We get a view of what the US could look like and what desperate measures might have to be taken to win a domestic war.

---

## **Russell Littlejohn says**

### **Outstanding Example of Financial Collapse**

This review is not complete. Plan on finishing once I make it to a computer. Completing the review on my kindle is too painful.

---

## **RJ says**

Civil War breaks out between The Coalition States, those states that rejected the Federal Government's tyrannical rule, and the Federal Government itself resulting from the financial meltdown. The Coalition's militia wages war against the illegal and overbearing federal government who's first act was to repeal the second amendment. From there it escalated to imprisoning and ultimately killing U.S. countrymen to fulfill their goals of greed and power. Sounds very melodramatic, but how far is it from the course we are following today? Excellent read for those with an open and patriotic mind. Food for thought. "In the end, it was the low information voter that destroyed America...Mark Goodwin"

---

## **Bernie says**

American Reset is the third post apocalyptic book in The Economic Collapse series written by author Mark Goodwin.

---

## **William says**

An amazing end to and amazing story. Taking this journey with some amazing characters was concluded in the best way possible. The author did a fantastic job in the first two books with character development. This book kept you on the edge of your seat the entire time wondering what was the destiny of these characters. I'm extremely glad I read this story and hope in the future the author continues this format in his next set of books.

---

## **Russ Hilton says**

### **Great ending to the trilogy**

Great ending to the trilogy. A well thought out story that keeps the reader interested from beginning to end. Great job!

---

## **Jsexton says**

### **Good series, entertaining**

I enjoyed reading the books of this series. I was impressed with all the things I learned while also being entertained.

---

## **Rob says**

It is not an exaggeration to say that this is the worst book I've read in years. Without even going into the logical backflips you'd have to do to agree with the author's bizarre interpretation of scripture and the founding fathers' intent, this book is riddled with plot holes and spelling errors.

Recommended only if you've never had a conversation with another person before, and are thus blissfully unaware how human being dialogue and relationships work.

Mercifully, this was the end of the series and I never have to touch this guy's Rand Paul fan fiction again.

---

### **Daniel says**

Great, series, couldn't stop reading it!

---

### **Samuel E Thomas says**

#### **Should be required reading**

Very timely and well written book. I highly recommend this book and the series for all liberty loving Americans. I especially appreciated the Christian slant.

---

### **Ann237 says**

#### **Hate when I finish**

As usual I was not disappointed in this series! I enjoyed it both reading & listening to the Audiable version. Mark Goodwins writing being brought to life by Kevin Pierce the narrator is a delight. The two of them bring the whole thing together perfectly. It has been proven that my enjoyment is increased because of Mr Pierce. Due to health issues I am not always able to “read” for as long as I want, so many times I am forced to put text to read, computer voices just don’t cut it, in dragging me further into the world of words. So thank you for sharing both your talents with us all. It truly is a blessing.

---

### **Glenn Freas says**

#### **Great book**

Written at the right time in the history of our once great nation. Mr.Goodwin gives us many good ideas to get us prepared for a possible future scenario. I have incorporated many of his suggestions into my personal preparations.

---

### **Moses R. Demmon says**

#### **Most informative series I've read yet.**

5 stars not only this book, but the entire series. Gripping informative and real. The author combines Christian views historical fact and realism.. into a fast paced set of books that cannot be put down. I'm going directly to amazon to find more written by Mr. Goodwin. Thank you Mr. Goodwin for giving this reader an eye

opening look at America and the path were on.
