Mary Grant Bruce

**Billabong's Daughter** Mary Grant Bruce

*There's no knowing the treachery of a yalla horse.*

Mrs Reilly warns her daughter, Mary-Kate, about the dangers of horses after a terrifying ride. But if it hadn't been for that yellow horse, the Reillys would not have met the Lintons of Billabong and received much needed help in a time of crisis.

Another crisis and more serious treachery lies in store for Wally Meadows, who is summoned urgently to Queensland when his brother dies. Are Wally's suspicions of skulduggery around his family properties justified? In his attempts to discover the truth, Wally is saved from certain death by the miraculous intervention of his friend, Freddy Paxton. And when Norah rushes to Wally's bedside in a Brisbane nursing home, they both realise that their long-standing mateship has deepened into love.

*The fifteen enormously popular Billabong books have become Australian classics. Three generations of young readers have enjoyed these stories, originally published between 1910 and 1942. While some things then were very different from today, others - such as families, friendships and feelings, haven't changed at all, and the Billabong books are as enjoyable as ever.*

## **From Reader Review Billabong's Daughter for online ebook**

### **Ally says**

One of the best books in the Billabong series, Billabong's Daughter delves a lot more into the emotions of Jim, Norah and Wally than previous books, using Wally's experience in Queensland and his bonding with Norah as examples.

I rate this 5 stars.

---

### **Ruth Walker says**

This is one of my favourites of the Billabong series, probably because I like Wally and this is a book where we get to see Wally as more than Jim's chum.

---

### **Avril says**

Very much of its time in its attitude to issues of gender, race, and WW1, but a fabulous Australian book for all that.
