Blood Sea

Cece Rose

Blood Sea Cece Rose

Don't go in the water; Never go out at night.

For in the seas and darkness, are creatures that will bite.

I've always been drawn to the water, sneaking away to swim in the hidden cove. I know the dangers, but the water calls to me, its song luring me into the depths.

All my life I've been home by dark, but just once I want to swim in the moonlight. The vampires haven't come to our isle in years anyway, it's a stupid precaution to stay inside.

How could I know that the one night I choose to take a moonlit swim, the waters around our island would run red with blood?

Cece does it again with this book. If you want a book that will lead you on a journey of intrigue and full of emotion you'll love this. Azula the MC is feisty, stubborn and strong someone we can be proud of and not your typical damsel in distress. The story is beautifully written full of twists and will keep you hooked until the end and I can't wait to learn more about Azula and her Vampirates. Brilliant story great characters and hot Vampirates what more could you ask for. Get your copy now so worth it

Jaime (Two Chicks on Books) says

Really good start I can't wait to read more and for the RH part of the story to kick in!

Missy Brown says

Blood Sea is part one of a serial that centers around Azula, and what a name that is. She and her father live on an island, never going out at night nor near the water. With her best friend James, she ventures out one night to swim in the ocean. Little did she know that this small act of defiance would change her life forever. Tragedy strikes, and Azula is taken. She thought it was vampirates who took her, but when her ship is attacked the real Vampirates board. Singled out by the captain Sebastian, who realizes what she is, he takes her in to protect her. Thus begins her journey on discovery, what is she? With danger all around, Azula has to rely on her strength and will to make it through. She wants to make it back to her home, and James, settle down and be safe. But life has a different plan for her.

I really enjoyed Azula as a character. She is strong and determined and willing to do what it takes to return

home and to James. And James, my heart breaks for him. He loves her so much, and is willing to follow her to the ends of the earth. Sebastian, oh man, he is hiding secrets that I want to know about. That ending will leave you going What just happened?!!!!! Well done CeCe, I cannot wait to see how everything plays out.

Jemimah Zafoune says

A brand new series from Cece Rose which was an exciting new read containing Vampirates! That's right, Vampirates which are pirates who are Vampire's. Now I love me some pirates, Vampire's I'm more "meh" about, however the two put together worked really well and I found myself liking them (well some of them anyway). I thought that there was a really good story to accompany these creatures and it's very well written by the author. The harem for the main character, Azula, isn't clear in this book so this is definitely a slow burn reverse harem, but I like that as I love the build up to any romance. Does this book end on a cliffhanger? Yes, it does but you know what I like cliffhanger as it holds my interest for the next book and I also find them exciting. I'm very much looking forward to reading the next book in this series and finding out more about Azula, James and Sebastian. Five stars from me.

Irestia says

2.5 stars, DNF at 40% because I just was not engaged. This read a lot like *Pirates of Caribbean: The Curse of the Black Pearl* but with vampires instead of immortal ghost things: The rich girl ends up on a pirate ship after a raid on her home island, and the boy who loves her struggles to find her and bring her home. Although I love that movie and vampire pirates sound cool, the familiarity and strong sense that I already knew this story kept me from ever really engaging in it.

I don't remember the MC's name now, but I didn't like her. She seemed self-absorbed and manipulative. For example, when she's kidnapped with some other people and put on a vampire pirate ship, she realizes that she recognizes the girl next to her: "I don't know her well, but I'm glad to see an at least somewhat familiar face." So what she's saying is that she's fine with the fact that a girl she knows is in danger, just as long as she doesn't need to be in danger alone. Also, she knew James loved her, so she knew he would go along with whatever she asked of him, no matter how dangerous. She never seems to reciprocate his feelings, though. She hardly ever thinks about him when he isn't right in front of her, and when she does, she thinks about how much he loves her rather than how much she loves him. Of course, she doesn't owe him love just because he loves her, but it seems like James is supposed to be a member of her harem, and I prefer the feelings of my love interests to be on more equal footing. The relationship already seemed unfair to James, so I really wasn't looking forward to him realizing he would need to share her (as this is an RH).

The writing itself was rough as well. It had tons of malapropisms, problems with word choice (e.g., "his" instead of "him"), question marks after statements, and other issues. At one point, the author wrote "an attempt to/at escape," which just seems like a leftover from an earlier draft, like she forgot to choose which phrase she wanted to use there. I also noticed inconsistencies in whether the author wished to include a period after "Mr" (the convention changes depending on whether you use British or US English).

I also thought it was odd that the MC was able to have a drawn out farewell with someone who died in the vampire battle while the murderous vampire apparently just stood to the side and let her finish. There was no mention of him leaving the scene, but then the author talks about him returning, so the whole scene was odd.

This just wasn't for me.

PROGRESS UPDATES

13% I can honestly say that, until now, I never read a book that contains the word "vampirete."

Jane says

I was pleasantly surprised when I got to the end of this book. I have read this authors co written stuff and her other non co written book and it has been a bit hit and miss. But this book is interesting and the story sucked me right in. The MFC is relatable and I liked that she was brave and got on with it, not the usual oh poor me you see so often in RH. I liked how there was no Insta love in this book and how she has weaved the story that keeps you guessing. I still have no clue who the love interests are going to be. Well I have an idea but it still has an air of mystery. My only complaint was it is very short. It was just starting to get exciting and bang it finished. Though it did leave you with a teasing end. Look forward to see where she is going with this series. Recommended.

Calm Your Pits says

Good start to the series. I like how Zu doesn't hold back with Captain Blake but I would love to see more RH action soon. The captain doesn't act like he is in love with her.

Runningrabbit says

KU

If you are a black and white movies fan, you may liken this with an Ollivia d'Havilland and Errol Flynn pirate movie. So, the big question is, how is this a reverse harem novel? Well, we don't know yet.

Sakina Carter says

I liked it, I didn't love it.

If I am being honest, I will be reading book 2 because I still don't know what is really going on. It is short but interesting enough that you want to read the next book.

I gave it 4 stars because it is entertaining enough and it has enough action to keep you interested..

Ashley Martinez says

Soooo good

I love this book pirates vampires sirens oh my lol azula is fierce and Sebastian i love him new book boyfriend material and the end with James sooo didn't see that coming cece always good for a surprise ending with a twist to it such a good read and i couldn't put the book down.

Sh3lly (grumpybookgrrrl.com) says

Vampire pirate reverse-harem???

Kayla says

This book was absolutely amazing!! Vampires AND pirates? What else could you possibly ask for? Make sure you clear your schedule because this book will suck away all the time of your day and steal your attention away from everything else

Ashley B says

I liked it

I most of Ceces books and this is no exception. I hate how short it was. But that's because i want more. I have a bad feeling about poor James and the red head.....

Courtney Dunham says

I need to find me a man with eyes like Sebastian!

I really enjoyed Blood Sea by Cece Rose! I liked the back story she gave us and with Azula. I liked how Azula was stubborn but still vulnerable, Cece is good with making you fall in love with her MCs and getting sucked into the story. I felt for her with the big tragedy in the story, it gutted me! I really enjoyed Azula's time on the ship and on the island in between the ship adventures haha. I thought Kenna was a funny cameo/addition to the story. Now, I absolutely fell for Sebastian in this book and am hoping we see more of Crawford ??? I could see Sebastian slowly opening up to her (when he made her cry, I couldn't stop smiling and thinking ooooooh here is where they start being closer ♥?). I can't wait to see what happens to James and Oliver...just have to wait almost to my birthday to find out!

Definitely pick this book up if you want to get lost in an adventure with vampires and pirates!

Cece Rose says

Note from author - please read!

Hey everyone,

There was an issue with Amazon and a lot of people got a copy with only the first ten chapters.

The correct file with the full 25 chapters has been uploaded to Amazon now. However some people are still getting the incorrect file when they download.

Unfortunately there's nothing I can do to push the update, I've requested Amazon to push an update to all customers multiple times and they've not completed the request.

You'll need to contact them directly and ask for an update on the file. Luckily they actually do that when the customer requests, they just seem to ignore author requests.

Anyone that reviewed before the 7th of March has the incorrect file, and I hope you'll take that into consideration when deciding to read the book or not ♥?

Thank you,

Cece Rose ♥?
