Chosen V. Vaughn

Trixie Quinn never realized the animal bite she received during a camping trip left her a dormant werewolf. When she meets Parker Hoyt and he spikes her temperature into the red zone, she finally learns the truth. But Parker is everything Trixie hates in a man, and being with him is the last thing she wants.

Parker Hoyt has struggled to fit into the Winter Valley Pack for years. Searching for the true mate he discovered as a teen has been a bust, and he's destined to be a lone wolf, until he stumbles upon Trixie at his hometown diner. Suddenly his fancy cars and women mean nothing as he tries to woo the waitress he'd claimed years ago. But she's not impressed, and he'll have to prove he's the man she deserves.

Mandy says

Trixie has decided to take off a year before heading to college spending a little more time with her mom who raised her. She's not skinny but has curves so she's been on a diet trying to lose the weight when Parker Hoyt former NFL player show's up in the dinner she works at and he's all she can think about. Trixie has a secret five years ago she was bitten by a wolf in the woods and it changed her forever. Now her body is craving the one man she would never choose to be with and he can't deny his attraction to her. Can she accept his past so they can have a future?

I like that Trixie is a curvy girl who has the same insecurities that so many girls have. She's not perfect which I think is why I liked her so much. I wasn't sure, to be honest about Parker as I'm familiar with him from a prior book but he does show he can redeem himself and is exactly what Trixie deserves in a mate.

Chosen is the 4th installment in the Winter Valley Wolves series giving us a much needed happy ever after for a lone wolf from the prior books. I love the world that the author has created for her characters so that they all intertwine together and past characters pop up. I also like her own unique twist on the werewolves shift as well as true mates. I loved the characters in the books Trixie may just be my favorite and I really felt that I could connect with her. I love that Chosen was quick fast-paced with just enough story and steamy moments. I actually read it in one sitting and can't wait to dive into the next one.

Kate says

I'm really glad I didn't pay money for this insta-love novella. I agreed with the h at the beginning - the H was a pig, so why would she tell him she loved him 2 days in? This was just too fast.

Nancy Eaton says

loving this series

Kayla says

5 stars

Although he freaked me out and I disliked him in the last book, I have warmed up to Parker. Parker likes the big girls? Brownie points for that. We need love too!

L M says

Read in the box set THE QUINNS.

An enjoyable read from this author that has surprisingly left me wanting to read more.

I didn't like book one due to the heroines immature actions. I don't have time to waste reading about idiots, I like mature, capable and sensible characters.

I found that in this book with Trixie and her mother.

Trixie reacts very maturely for a virgin, demanding to take her time and get to know Parker, especially with his behaviour and reputation.

I found Parker a little harder to like due to his being a manwhore. He knew he had marked his mate years previously but it didn't stop him from sleeping around non stop. Not my type of hero even if he will only ever be with Trixie from now on.

Sofia says

It was a cute story, I wish it was longer.

Amy Lynn says

A love like no other that's enticing and romantic that I couldn't stop reading. It's a quick read, but amazing at the same time!

Rossana says

4.0?? — Great — Enjoy it! - SHORT STORY

Also published at Amazon as FOR YOUR WEREWOLF ONLY and part of Winter Valley Wolves - The Quinns

Although originally published as the 4th book of the series, as chronologically happens, if you are reading in a unique volume it will be the number 7 or the first at the Quinns.

Parker's change of heart might be my favorite in this series, although Trixie's behavior wasn't what I expected and I thought it was a little out of the character first described by the author.

The story is delicious though.

? Good reading, girls! ?

Mei says

Chosen or no choice?

0 to 100 in 60 seconds...

So much happens so quickly, you may not have time to digest what just happened!

True mates, Parker and Trixie meet...

The pace is fast, fast, fast! That's not a bad thing because the story doesn't have time to get boring. The usual meet-greet, want-get happens in the blink of an eye. Porter makes his intentions clear and sums it up best when he says to Trixie "Don't deny this. It won't work." My sentiments exactly. Trixie tries for a beat to play coy then submits, yes, I said submits, so quickly, it left my head spinning.

Trixie meets the pack; Parker meets the parent...

Trixie accepts her werewolf status so completely--no hysterics or denial for this girl. She moves right on and meets members of the pack and the pack alpha head on. Parker meets and woos Trixie's young, single mom, Caroline. Before you have time to adjust to that change, Trixie is moving in with Parker. Yikes!!!

All is well...

Tamest group of shifters EVER! No surprises, pack wars, fights for power or control. Everybody is happy in this ending. A few could be happier but that'll keep until the next episode.

On my Were Scale of Hotness, 3 stars.

Linda Johnston says

Trixie got bit while they were camping years ago but she meets Parker and her temperature goes into red zone. She finally learns the truth and Parker is everything that she hates in a man. He is having struggling to fit back to the pack. Years ago he had claimed her as his true mate. He stumbles across her in the diner and he has to prove his stuff didn't mean anything to him that he found her

Kim says

While the chemistry between Parker and Trixie is super hot, it moves incredibly fast. Trixie doesn't like Parker at all when she meets him. I would have liked to see him earn her affection a little more, instead of the insta-love that happened after they had sex.

Sue Riley says

Chosen: Winter Valley Wolves #4 V. Vaughn

Reviewed by SFF Dragon

Parker Hoyt, wolf shifter, former NFL star and all round douche bag finally gets his true mate and the HEA he's been waiting for.

'Chosen' is the fourth book in the Winter Valley Wolves series by V. Vaughn and I was given a copy by the author in exchange for an honest review. This is a really good addition to the series of short paranormal romances and, as with all the previous books, despite being part of a series it can easily be read as a stand alone.

Waitress Trixie Quinn is 18 years old, very innocent and trying to cope again this year with the strange fever that has overtaken her body every spring for the last five years. As if hitting puberty wasn't bad enough, she was bitten by a wolf on a camping trip when she was just 13 years old and has suffered each year since, but it doesn't last long and when it's over, she can forget about it for another year, so she deals with it. Until the day she meets Parker Hoyt, wolf shifter and man-slut for the first time, then the fever takes a turn for the worse and she struggles to control it. I really loved Paige, but I especially loved her mother, Caroline. She's a character in a million.

Parker Hoyt, wolf shifter, former NFL star and all around douche bag, is the wolf who bit Paige. He's six years older than her, and he knew she was his true mate, but others who were older forced him to leave his incredibly young mate alone and he lost track of her. He has been searching for her ever since. If you've read the previous books in this series, you'll know exactly who Parker Hoyt is and that his actions are generally reprehensible, he just sank to new lows with Paige, and I think she gave in to her urges a little too easily,

Short and sweet, this book is written in the first person and entirely from Paige's point of view, which is not a style I generally like. I'd rather read books written in the third person so I know what all of the characters think and feel, but despite feeling like I was reading a script or someone's diary, this book was really good, with humour, steamy bits and the HEA we all expect. I highly recommend it and can't wait for the next one.

Mary says

2.5

Suzie says

not a review is a note to self:

2.5 stars

H didn't have to work for it. H was a player and h was virgin that was disgusted by his man whore ways, but

that only lasted about a page before she jumped him. Seriously - WTH? If H had been sorry about what he had been up to while searching for his mate or even considered that his choices could have an effect on her this could have been a great story.
