## Fire and Mistletoe Draven St. James

When Greyson Hayes envisions the perfect first Christmas with Mica Cruz he sees twisted sheets, a bottle of wine and a roaring fire. What he doesn't see is a holiday spent with the uproarious Cruz family. Grey hasn't taken part in a family Christmas since the death of his parents. Despite his misgivings, he can't seem to form the word no when it comes to Mica.

Mica knows that Grey's not a grinch. Hell, the man shares so much Christmas cheer during the holidays that he leaves no time to experience any for himself. Not this year. Mica plans to make a few changes, starting with a few wicked and whimsical gifts. He enlists the help of his co-workers at Firehouse Six. They band together and strive to provide Grey with the same joy he gives to everyone else--with five a.m. tree hunts, strategically placed mistletoe and Mica playing Santa's not-so-little helper.

But while Mica is busy being nice, Grey has plenty of time to be naughty...

## From Reader Review Fire and Mistletoe for online ebook

### **Erica Chilson says**

#### **I received a copy of this title to read & review for Wicked Reads**

4 smoking hot, emotional stars.

Christmas in July.

At a glance, this series seems to be focused on the smexy, but beneath the surface are a lot of *feels*. I had a bit of trouble getting into the book because of no build up to the beginning bedroom scenes. While I love Grey & Mica, I needed a bit more foreplay. By the middle of the book, I was eagerly reading, clicking page after page, never wanting it to end.

Fire & Mistletoe is not your ordinary smexy book featuring the holidays. I laughed a few times. I teared up a bit. My heart clenched during several scenes. Lastly, it got me scorching hot enough that I'd need a firefighter to put my flame out. (Erica hangs her head in shame <-- I am not one who enjoys gratuitous sex, but I love the Firehouse 6 series for some reason)

I want book 3 now, but I have to wait until I receive it for review.

---

### **Trisha Harrington says**

This was a nice follow up to Grey's Hidden Fire. I loved the first book and I loved this one too. If you have a thing for hot men in uniform, this could be the series for you.

This book was an easy read. With the added bonus of jealousy and healing. Grey's reactions to things could piss some people off. I would understand people being angry with him for the incident. But I would also say I can understand why he was uncomfortable. Mica had a right to be hurt, yes, but I'm glad he understood in the end.

The whole Grey, Christmas, parents thing was sad. I understood why it would be hard for him, and at the same time I wondered how he would cope with Mica's parents. In real life, I don't imagine things like that are easy.

We kind of get a build up for another couple. People who read the first book might be able to guess. Let me just say, I am super excited! The couple sound like they could be really great together and even though they don't have a book yet, I am rooting for them!

Another thing, the ending. I won't spoil the ending on people... but... The ending made me smile. The reader knows it will happen earlier in the book, but it doesn't take from the happiness I felt reading that scene and looking forward to it throughout the book. I'm just a sap like that, though.

Overall, this book is really "my thing." I accept that it won't be everyone's. I do think that it will hit the spot for a lot of people and I am eagerly awaiting the next book.

### **Sarah says**

Rating: 3 stars.

---

### **Jacq says**

These stories seem to get better and better. This book has a life of its own- through sharing,caring,love. With a wonderful HEA. I ENJOYED THIS READ!

---

### **JustJen "Miss Conduct" says**

Grey and Mica are back with everything I loved about them from the first book. They are smoking hot together. This story focuses a bit more on their relationship as they try to get through the holidays with Grey meeting Mica's parents and missing his own. These guys are great together. I actually liked that we get to see Grey still struggling a little bit with being out in public, even though he's all on board in private or at the firehouse. I especially loved the added sweet moments in this segment.

---

### **Jess says**

Great addition to the series :)

This is not just a fluffy xmas edition that is to sell books at xmas time....nope this book shows real character development for this relationship and is very lovely to read (with some hotness in there to of course)

---

### **Veronica says**

I received a free copy of this book to read and review for Wicked Reads.

Fire and Mistletoe continues the story of the incredibly sex Grey and Mica. Since his parents died, Grey works every Christmas to allow others to be with their families. Mica invites Grey to his family Christmas celebration and rediscover the joys of the season.

We get the struggles of our male leads as they move further into their relationship as well as a lesson on the joy of giving to and helping others. The author also gives us a hint of a potential romance between two more of our fire fighters. I look forward to their story.

By the time I'd finished Fire and Mistletoe I was all warm and fuzzy and in the mood for Christmas.

Unfortunately for me I read the story in July!

~~I received a free copy of this book to read and review for Wicked Reads~~

I really enjoyed the first book in this series, so was delighted to get to read the second too.

The story picks up where we left off, with Mica now living with Grey and their friends at the fire station aware of their relationship. Even though this is a short story, we get a lot of development in their story, meet family, experience abject jealousy and witness Grey at what he does best - helping others. Plus of course, plenty of mindblowingly hot and steamy times. They certainly know how to choose Christmas presents with a zing!

I am looking forward to reading the next book, as I have a whole plot sat in my mind given the events of this one - can't wait to see if I was right!

---

### **Alina says**

Cute, sweet, very Christmassy )))

I liked the first story and I enjoyed this holiday follow up )

---

### **Lelyana says**

---

### **Wax says**

Very sweet short story about a new couple going through the holiday season. The relationship is still new enough that they are learning about each other. I liked the scenes with Mica's family as well as the scenes with their firehouse family.

---

### **Faye Kennedy says**

Another great book to the series..woop :)

This is a beautiful story for Greyson and Mica that Draven has written, it also includes a little teases of Simeon and Micheal. (that I cant wait to read). Scenes between Grey and Mica are hot (understatement lol) and I love the funny banter between them.

Grey and Mica both work at Firehouse 6 and are both living together since Mica's home was burnt down. Christmas is fast approaching and Mica is planning to take Grey home to meet his parents for the holidays. Simeon and Mica are out Xmas shopping for Grey and Mica cant resist teasing Simeon about his crush for there Lieutenant Micheal. We know Simeon puts up a front as a the funny guy but I think there's a story there somewhere.

Memories for Grey aren't very festive and the thought for Grey has him feeling anxious. Mica and Grey grow closer and Grey opens himself up a little more..

I loved the ending of this and cant wait to read more of this amazing series..

---

### **Gigi says**

Looks like I forgot to write a review of this sequel, but I remember it being just as hot as the prequel! These boys are delicious. **Recommended.**

---

### **Ottilee B. says**

Pretty good xmas read about two firemen (Grey & Mica) and there first xmas together. As we left in book one, Mica had his house go up in flames (arson). He moved in with Grey. (Arsonist is caught and part of his comm. serv. is xmas dinner.) Time of year, yadda, yadda all is well. G meets M's family, and blah-blah, they all heal him from past xmases spent alone. YAY!

---

### **Christy says**

Ahhhhh, my firemen are back. What a yummy way to welcome the new year. I so enjoyed Grey and Mica when I first met them in 'Grey's Hidden Fire', so a chance to spend more time with them could not be passed up. Plus, in 'Fire and Mistletoe' I got to watch Grey interacting with Mica's family, and since Grey is an only child and both parents are deceased, it was quite the entertainment for me. Thanks for that, Draven!

Mica is determined that Grey is going to spend Christmas with him. It's not that Grey doesn't want to, it's just as a single man he always covered extra holiday shifts for the family men and he feels guilty for not doing it this year. With all of the extra holiday charities volunteering that Grey does it means they are also counting on him, although Mica has promised to help with that.

Grey is wary of meeting Mica's large family as he never had that type of upbringing and he's nervous. It doesn't help Grey's insecurities either that this will be the first time he's out in public as a gay man, and Grey doesn't handle change very well at all.

What a lovely holiday sequel for Grey and Mica. They are still insanely hot for each other and very much in love. I loved it that Grey got to add new memories instead of feeling like he was giving up the ones he has from his childhood and before his parents died. Thank you, Draven, for another good story from the

firehouse. Please tell me you'll be writing one about Michael and Simon?

NOTE: This book was provided by Loose Id for the purpose of a review on Rainbow Book Reviews.
