Lord Sparr hopes to conquer the entire world with the Golden Wasp, an instrument which makes people forget. The ghosts of Droon's dead warriors inhabit the Land of the Lost where they train and wait for the day when peace will reign again, and they can return. When Sparr imprisons Keeah in a stony maze, Eric frees her with Galen's help. Together, the children and the ghosts fight Sparr's skeleton warriors and save the land from total destruction, but they cannot keep the Wasp from Sparr's evil grasp. He escapes with this ultimate weapon. When Eric, Neal, and Julie return to their world, Julie realizes that she accidentally brought a bracelet from Droon. As they run for the staircase, the charm on the bracelet begins to growl!

Owen says

They went to some place called Agraph-voor. They had to get the job done before 12 o-clock, or they would turn into ghosts

Maximilian Lee says

I liked this book because I like really super duper duper mega hyper secrets. I also liked this book because I liked the part when everyone went into the "black" water.

I've decided to read The Secrets of Droon series entirely for Christmas since i've been feeling a bit nostalgic.

I want to be able to live a bit of the magic of being a kid and what better to help than this incredible series. This one is full of action and we also get to meet a new cast of interesting characters. What I really like about this book is the cliffhanger that it leaves us right at the end. Each book gets a bit better than its predecessor, adding a bit more wonder and adventure to the series.

Same.

The kids loved this book

Jong Yang says

The characters in this book are Eric, Julie, Neal, Mr. Hinkles (Eric's dad), Keaah, Max, Sparr, and Galen. Eric, Julie, and Neal found this new world and no one else knows about but them. Julie and Neal came over to Eric's house but Eric and his dad were still trying to fix this leak under the sink. Mr. Hinkles turned the nozzle then the pipe broke and water squirted everywhere. Eric's dad told him and his friends to go find a wrench but instead of finding a wrench for his dad they went into the "secret world". The secret world time is not the same as the normal world. They went to the other world because when they see a ball that means that something bad is happening. Keaah is a princess and Max is her friend, and Sparr is a wicked sorcerer. Sparr is trying to look for the golden wasp but Keaah the princess hid it somewhere, Keaah wouldn't tell Sparr so he got this magic orb to make Keaah tell him where she hid the golden wasp. He used it and Keaah told him where she hid it so Sparr took Keaah and took off to find the golden wasp. Galen is a wizard, he told Eric, Julie, and Neal that they need to go to Agraah-Vroom. The Wizard told them the shortcut to that place and Sparr doesn't know the shorcut. So if they take the shortcut they should get there before Sparr does. If they stat pass midnight then they will turn into ghosts. After all this book is a really good book.

Tara says

Another good chapter in the Droon series. Again, I loved the cover, and the story lived up to it.

Shae says

I read this book in like 4th grade. I loved it. The Droon books were very interesting and sparked my imagination. This was the most exciting one of the ones I read. To be honest, though, I don't remember a ton what it was about. I just remember that I liked it.

Diana Pettis says

Predictable story about the adventure of Eric, Julie, and Neal.

Violet Gorman says

I liked how it was all spooky and scary, and that it had an unpredictable ending for a change. It was worth reading. It made me want to keep reading the series--you can just stop reading the series with an unfinished ending.

Benjamin says

[Starting off right in to the action was great and I loved feeling like I was coming back right into the thick of battle. The mind-controlling orb was a bit dissatisfying, though, it did make a nice plot point. Finding out they had messed up at the end made a nice cliff

Felicia says

Cute adventure story for 2nd or 3rd grade level readers.
