## **Kiki Lowenstein and the Lucky Charm** Joanna Campbell Slan

Hoping to top her own success with holiday crops, Kiki dreams up a St. Patrick's Day event that's a real charmer. Except that between a visit from her Aunt Penney and a series of local thefts, things don't go exactly as planned. It's going to take more than a rabbit's foot to get Kiki out of this tense situation!

### **Amary Chapman says**

#### **Crafty**

A fun scrap booking cozy mystery.

Kiki works at a scrap booking store and is in on the planning of a St. Paddy's Day event, but the group is surprised by a robber....who is then surprised by Kiki and Penney.

---

### **Marge says**

Needs some proofreading, Aunt Penney becomes Aunt Cora for 2 paragraphs and a diamond necklace becomes a diamond ring.

---

### **Katie says**

Another book that didn't really hit the spot for me. I love the characters, but this didn't show them off well. Although Aunt penny was a delight. The crime was almost non-existent and another hold up in the store?! Just finished it and all I can remember is the annoying how to pronounce lectures by author and the lack of scrapbooking (zentangle and hybrid projects aren't scrapbooking to me). Guess it's time to try other scrapbook cozy mystery series...

---

### **Lori Henrich says**

Another gem of a short story. I am really like this authors style.

---

### **Marisa says**

Amazon - 13/01/2017

---

### **Anne says**

A cute story!

---

## **Gabi Eagon says**

### **Scrapbooking short story**

Another fast and short scrap booking short story with al the regulars. Fast paced and interesting with stolen coins and Kiki's Aunt Penney to liven things.

---

## **Carol says**

I like the Kiki Lowenstein books and I like that they are set in St. Louis, but the way Slan refers to St. Louis landmarks, institutions, etc. is stilted. No St. Louisan would say: "You could go the St. Louis Art Museum" or "I 'm going to pick her up at Lambert Field Airport. One simply goes to the Art Museum, even though there are other art museums in St. Louis, there is only one Art Museum. And we just go to the airport or to Lambert. There were other instances but you get the idea. There are less phony sounding ways to be a St. Louis booster.

---

## **Rose says**

### **Cute and funny**

The book was interesting. I like the craft directions. I will have to try some of them. I really liked the main character. Very well developed.

---

## **Janice Spina says**

A cute mystery with some humor thrown in. The protagonist, Kiki Lowenstein, is a crafter who shares her crafts and recipes while solving mysteries that appear to fall into her lap. They are light and easy reads.

This is the first book I have read by this author. The story is entertaining and a perfect story when you don't have for a full-length novel.
