Lone Star Baby Debbie Macomber

Revisit this classic western romance, book 6 in the Heart of Texas series by #1 *New York Times* bestselling author Debbie Macomber.

Wade McMillen might be a minister, but he's also a man. An unmarried and very attractive one. Is it as a man that he responds to the lovely young woman who shows up in Promise, pregnant and alone? Or as a man of God? Maybe it's both. Amy Thornton hopes to make a new life for herself and her baby, and to do that, she needs Reverend McMillen's help, his compassion. What she wants is the love of a man named Wade...

Michelle Molinari says

Lone Star Baby, part of the “Heart of Texas” series, added a pregnant outsider who decided on a whim to live in this cute little Texas town. The preacher and entire community rally’s around her to get her back on her feet and a good stable home for her future child. I enjoyed that the locals embraced her rather than shun her for not having been born there. Maybe because she was already from another town in Texas and not a city gal? Although I consider Dallas Ft Worth area a rather large city. A very cute story about her finding a dad for her baby.

Kym McNabney says

Lone Star Baby:

This one really got into the story of the two main characters, not hitting so much on the other characters from the previous stories or over doing it about what happened with Bitter End. The author really developed these two characters relationship.

This one made me laugh, often and brought about that "good feeling" about the characters, too. I really like this one.

I also like how the story of Bitter End played out. Very cute idea and very creative. Loved many of the ideas and lines the author came up with.

Nell's Cowboy:

I thought I'd also comment on this one, seeing they put it together with, Lone Star Baby, in Vol 3, Heart of Texas Series.

I didn't really like this one. There were not enough encounters with Nell and Travis, though I did like them and liked the idea of the story. The author just spent way too much time on going over what was in the first four books. That might have been good if I hadn't read them, and especially if I hadn't JUST read them. The writing was well done, just the story of the two main characters was so brief, it was hard to get into it.

I did like what she did with the results to the Bitter End Town. Very creative.

Sandra says

sweet story

Clarke says

3.2 Stars. Public Library 1/21/15. Amy is six months pregnant and alone when she gets off the bus in Promise a small Texas town. She stumbles in the local church to regroup before looking for work and a place to stay when she meets Reverend Wade. Their meeting is cute as he helps her find her place in the small town a romance grows. This is not the first book in the series but the sixth. Much of the book is taken up with other characters that I can only assume are from the other books. Since I haven't read the other books I found this distracting and disappointing since most if the book seemed dedicated to catching up with them and not building the relationship between Amy and Wade. Fans of the series should be happy but I wouldn't recommend this book as a standalone. I liked the book well enough but don't feel compelled to read the series or other books by Ms. Macomber. If your looking for a sweet realistic romance with little excitement/drama and is adult but G-rated this book is for you (and probably her other books as well).

Pamela Powell says

Loved this one! As the wife of a minister I could relate to Amy's fears. Beautiful ending to the Bitter End story!

Barbi says

Yet another heartwarming romantic story! I loved the story of Amy and Pastor Wade. The characters in the book are so relatable and likable. This book went so fast and I had trouble putting it down.

Anita Mott says

This was an OK story, but a predictable gothic romance: boy meets girl, they fall in love, they have a fight then get married to live happily ever after. Not my kind of story. I read it because it was part of "Heart of Texas, Vol 3"

Deedee says

I absolutely loved this one. It was so adorable and sweet, its as if you had no other choice but to love it.

Story:

When Amy Thornton decided to stay in Promise, Texas; she didn't think that the man she asked for miracles would actually help make them come true.

Wade McMillen was all to happy to help Amy. As the town's pastor its his job to help others in need, but what he never thought he would be confused on, was whether or not the eagerness to help was more for the love of his job or his steady growing attraction to Amy.

Ah!! Love this. I tend to read books out of order, which could be regrettable or turn out okay. But since the author like recounting how each character couple came about, I feel I wasn't totally left in the dark. And I liked how heartfelt each character was and how the mystery of the town came full circle. Mrs. Macomber did a great job on this one.

I hope you enjoy this as much as I did!! And as always.....

Happy Reading!!! :)

Barb says

Wade McMillen might be a minister, but he's also a man. An unmarried and very attractive one. So is it as a man that he responds to Amy Thornton when she shows up in Promise, pregnant and alone? Or as a man of God? Maybe it's both....

For a Minister, Wade was badly in need of his eyes being pried open. Amy was new to the area, but fit right in. Love both characters. But why is it always like the girls better? lol 5 stars.

Alice says

this is the last in the Heart of Texas series. But, I believe there are two more books about life in Promise, Texas.

Kshydog says

Amazed how quickly the town embraced Amy as a pregnant single Mom. Glad how this added to Dovie's life since she has just been so nice to everyone else. Minister really laid it out to his congregation about how to think about things. Liked the complete circle for Bitter End.

Yekaterina says

Amy is lost and hopeless as she stumbled upon Promise, Texas. She arrives with barely a thing and ends up gaining more than anyone can ask for. She's the answer to Wade's prayers and spark in Dovie and Franks future. Her unborn baby- is just a bonus.

This was also not my favorite but a nice conclusion to a good series. Great characters and multiple plots. However this book focused on one major plot which is what dropped this book a star. It just didn't have Debbie's signature multi-plot story going. I enjoyed it nonetheless.

Janice Smith says**Lone Star Baby (Heart of Texas)**

The last book of the series and it was as wonderful as the ones before it. New love and new life in the town called Promise. A town that was established as the result of bitterness and pain is now blooming with love and the blessings of babies born.

Margaret Fraleigh says

Another awesome story by Debbie Macomber. Can't put her books down once I start reading one.

Jenn J says

I just love her writing. I know it's sappy and way to sweet, but it is just nice to read about nice people. Everything in the world today is dark and hateful; so sometimes it's refreshing to read about people who care about people.
