What will Ja think when he finds out Giovania killed Trina? And most importantly what will happen now that Ja discovered another key player out to kill him, Judge Thompson. And the real question is, exactly what part does he really play?

The finale to this jaw-dropping, mind-blowing series picks up exactly where it left off at with Giovania still trying to come to terms with being pregnant with twins, keeping her killing Trina from Ja, as well as looking for Nancy. They say when you go looking for something, you wind up with more than you bargained for. Will Giovania be ready for all the secrets she uncovers in this twisted tale, or will it all be too much to bare?

Having thought he had figured everything out, Ja believes everything is smooth sailing from here, and he can relax and await the birth of his twins. However, like every horror movie, he's once again thrown a curveball that he didn't see coming and definitely wasn't prepared for. This time this one hit close to home and leaves him spiraling out of control tearing the whole city up looking for answers. Will Ja succeed in putting all the pieces to the puzzle together in time to get his home front under wraps and stop the bloodbath he's creating around the city? Or will all the bodies being dropped **STILL** be in vain?

Finding out she was pregnant with Yari's baby was one thing, but Bull bringing up a secret she had buried years ago was enough up to push Danielle over the edge. But will she fall and break down or boss up and show everybody that the worst thing you can do is cross a thoroughbred New Orleans chick.

Torn between making his family work with Ashanti and fighting with Lexx for her affection or starting a new life with Danielle and Safari while still dealing with this mess in the streets, Yari doesn't know if he's coming or going. Will he make the right decision in time to finally get his happily ever after? Or will he go from having two women to no woman at all?

Get your popcorn ready, strap in tight, and make sure your wigs secure and edges laid as you prepare to go on one final ride with Ja, Giovania, Ashanti, Yari, Danielle, Sage, Sade, Pops, and Momma Jackie as they battle through sex, lies, deceit, enemies on every corner, jealousy, and greed all to find a little thing called love. With an ending that NO ONE saw coming, and so many twists and turns that will literally having you ready to reach through the book and fight! When it's all said and done, will Giovania **FINALLY** get her happily ever after? Or will she once again find out the hard way it's **STILL** not easy being Married to a New Orleans Bully 4?

Loved this series

Loved it... Wish they didn't have to come to an end.. You did your thang.. Yari should have known that the way he was fucking Dan that she was get pregnant. Gigi knew not to play with her husband.. Ja was not playing about his wife and daughter. Loved this series.

MONEYMAMAMIA says

This book right here....was everything. When I say my eyes have been glued to my iPad the past few hours...Something about those crazy Carters. Mama Jackie don't play straight up and she is not the one to cross. Maxx was a real boss but everyone has faults. For a second I thought Danielle would have to be cancelled but I kind of had a feeling she would come through. The twins were consistently hilariously but ride or die for their family when it came down to it. I'm glad they made some very mature choices towards bettering themselves. Yari seems to have made his mind up and thankfully he and Ashanti are mature enough to do right by Tariq. Also, Lexx didn't turn out to be shady so we'll see where that goes. Giovania went and Jakeem went through entirely too much with everyone out to get them from corrupt authorities to sinister family members but they finally got their happily ever after. It May not have started out on the best note, but in the end being married to a New Orleans bully turned out to be everything Giovania could have ever dreamed of!

Great book, i love me some Jakeem and Giovanni I'm sad that i had to say bye them. I knew that something was up with Giovanni mother didn't think she had a twin though. I'm glad that Danielle didn't really sell Ja out like that cause she know he crazy. I like Lexx for Ashanti can't wait to read about them. Yari didn't know what he wanted but i hope him and Danielle work out can't wait to read what next

Great way to end a great series. Enjoyed this series from beginning to end and I hate to see it end. This book was full of drama, action, twist, turns and suspense kept me wondering what's happening next. So glad that all the snakes got dealt with. Glad that Giovanni bossed up and wasn't playing with Ja. Glad all the couples got their happily ever after. Mommas Jackie don't play and Maxx knows it. Highly recommend this series...bring on the spin-offs. Job well done Carmen Lashay.
