Jennifer says

Interesting getting to dive into the Rae's back story but also unsurprisingly sad. A quick and good read for fans of the Frost Arch trilogy.

Tina says

It was nice to get some of the back story of raeven, however, I was not as much of a fan of the writing style this time. The previous prequel and first book were set in a different tone in comparison.

Jenn says

Hard not give spoilers, but I wish I had been given a trigger warning.

Amber says

it was nice to get to know about raeven's past but its sad. :-)
