## **Soulless** Jordan Silver

He's the man on trial for a gruesome murder, she's the DA who aims to put him away for life. But in this high stakes case that can end his life and make her career, something even more powerful comes into play. Vanessa Donahue is a hotshot DA. As the youngest person to ever hold the position in the history of the city, she knows there's a lot riding on this one, especially if she wants to follow her ambitions to the top. She has no evidence, just a gut feeling and a seventeen year old puzzle, but she has no doubt she can make it stick.

But when the defendant starts to make even her doubt, she's not so sure anymore. And after one careless night in his bed she knows the stakes just got higher.

#### **Great read.....**

I really enjoyed reading this story. It was sorta better than Heartless and this story had more depth to it. I am ready for the next novel. We've gotten three already but I'm greedy for more!!!!

#### **Anything but soulless**

I loved this book. Vanessa is the DA and Claude is the defendant that she's sure is guilty. After spending the night in his bed she's not sure of his guilt. He treats her like all alpha men do and leaves marks all over her body so, everyone knows she's taken!

#### **Good**

Nice quick read, but not enough details. I think these last two books were written strictly for the erotica since the plots are very thin, but as always, I still enjoyed them.

#### **I'm On Cloud Nine?**

Thank You for this wonderful, sweet, short read! I'm starting to get out of my funk when it comes to you, great Jordan Miss Jordan Silver, I'm giving this book 5 stars and I would definitely recommend it.

#### **Quick Read**

Jordan Silver is known for her quick paced books and this one was one of the same. Loved the background story of Claude and there was a great story line but, could have benefited from being a bit longer.

## **Suzanne Kinsey says**

### **Bad**

This author is losing her ability to tell a story. If you want to only write graphic sex scenes that's fine, own it, don't pretend to sell as a novel.....

### **"Soulless" was a very good and cleverly written suspenseful good read by Jordan Silver!**

The hero, Claude Denning has been charged of several murders and heroine, DA Vanessa was holding back no punches with the cool, calm and very cocky man until he traps her with that handsome grin and his overpowering need to get what he wants. What he wanted was --- DA Vanessa!

4.5 stars! Loved the H/h, Claude and Vanessa! He did the crime but boy did he cover his tracks! Another APP hero!!!!

Out of the three recently released, this was probably the best for me. Quick short read . JS alpha with 13.5 inches of punishing dick and all that glory.

### **Short, sweet and steamy!**

Another sexy steamer from Jordan Silver! This was short but it still had the same punch that makes Jordan Silver one of my favorite authors. Some of the phrases she comes up with has me laughing so hard and steaming up at the same time.

Now I wait for her next release! ❤?

It's common knowledge that i'm a Jordan Silver whore lol  
I'd read anything she wrote, even the ones with triggers  
Brokeback Mountain voice "I wish I knew how to quit you!"

### **Jennifer Finn says**

I've read probably 90% of Jordan Silver's books and over time I've come up with a few theories ;

- 1.) Ms Silver is actually a man.
- 2.) Ms Silver is a prepubescent teen who has absolutely no knowledge of the female anatomy.
- 3.) Ms Silver is actually several different authors using one pen name.

Anyway it's been a while since I've read about a 13 inch dick that protrudes through the belly so that's what brought up the above theories. Claude Denning is a 32 years old millionaire who also happens to be on trial for the slaughtering and dismembering of seven men. The seven victims were all apart of the same upscale community and seen as upstanding citizens. Vanessa is 26 years old, and she's the hard nosed District Attorney who is trying the case. She's the youngest person to ever hold the position and hopes to run for Governor in the near future. Claude does not look like a cold-blooded monster, he's a very handsome, suave, intelligent man who looks damn good in a suit. He's cocky as hell and has absolutely no intention of going to prison. He's well aware of Vanessa's reputation in the courtroom but he has more interest in her bedroom abilities.

Some of Claude's thoughts ;

Big, small, rich, or poor, they all end up hooked and strung out on my meat. (He's talking about his penis)

They're all too tight, or more to the point my cock's too big. Long and thick from base to tip it measures thirteen and a half by four, that's a lot of dick for anyone to handle.

And five minutes after I got her alone was all it took to have her back here in my bed getting the cunt snot fucked out of her.

She made a gurgling sound in her throat, her eyes rolled back in her head and her shoulders dropped onto the bed as her arms gave out, SHE'D FAINTED. I kept fucking, picking up the pace now that she was out, wasn't fuck wrong with me why would I stop ? Her pussy never stopped squirting.

#### **Sexy criminal**

This story of a DA and a man she is currently prosecuting for murder gets involved sexually. There was a lot of sex in this book and a little bit of story. Still, it was a good read. I like Jordan Silver's book, but did wish this one was longer.

**Sexy Hot Short**

Another sexy as sin and not from Ms. Jordan Silver!!! Known for her taking what he wants and cocky attitude, this newest alpha H fits the mold perfectly. Although I wouldn't call Claude a hero and him falling for the DA is irony at its best. Sexy and sinful, this newest addition to the family is a fun short read.
