A collection containing:

His Wild Desire

I'm not supposed to want him, but I do. I'm not supposed to need him, but I can't stop.
I'm not supposed to love him, but my heart won't listen.
Most of all? I'm definitely, under no circumstances, supposed to sleep with him.

Grant "Wrecker" Harrison spent three years of his life locked away. He's out and he's tired of hiding. He wants everyone, even his father Judge President of the Death Lords MC, to know she's his.

Chelsea Weaver loves Grant even though she knows its wrong. She knew it was wrong when she gave him her virginity and she knows it's still wrong three years later...because Grant's her stepbrother and Judge is the only father she's ever known.

Her Secret Pleasure

Pippa

I love two things—books and bad boys. I'm trying to kick the bad boy habit and hold on to the loving books one. When I take the new librarian position in Fortune, I immediately say yes when the Chief of Police asks me out and deliberately turn my back on the bad motorcycle riding boys that litter the Fortune landscape. After all, my bad boy yen was kick started by the frequent absences of my nomad father. But no one turns down a man like Judge, the president of the Death Lords MC, not even a girl trying to be good.

Judge

When Pippa Lang breezes into town in her little red convertible, the wind blowing out her big red hair, there is no way the dirty Chief of Police is going to keep her. That red hair belongs on my pillow and her hot body between my sheets. And no one, not the Chief, not the town, and not even Pippa, is going to stop that from happening.

Their Private Need

Annie: I've been the good girl too long. I don't drink, don't smoke, and live at home with my preacher father. The most daring thing I've ever done is work part-time at the library. Rule-breakers and lawless men aren't part of my world but not doing doesn't mean I haven't thought about it. And every fantasy I've ever had is promising to come true if I just take a chance.

Easy:The moment I laid eyes on Annie, I knew she was the one for me and Michigan. We've been partners

ever since we served and now we do everything together. And by everything I mean riding, drinking, and women. If we can get Annie on board, it'll be perfect. Not only do I have to convince Annie, though, I need to convince Michigan, too.

Michigan: Easy seems to think sweet, delectable Annie's just going to fall into our laps. But my one experience with a preacher's daughter left me scarred—emotionally and physically. A good girl like Annie wants to experience a little danger but she doesn't want to live it and I'm not going all in unless this is for the long haul.

Kristin says

These are great for what they are! Super short, sexy stories that still manage to have a plot. I don't usually like long books, so these work for me. They're occasionally, and not terribly realistic at all times, but definitely hot

Kellie Dorman says

Very good reads

These were very good reads. I think Annie, Michigan and Easy are my favorite from the Death Lords heck I went and purchased the box set for these characters. I will eventually read about the other.

ValerieC says

This is a 3 novella collection from The Motorcycle Clubs series, written with Kati Wilde and Ruby Dixon. I am reading my way through the stories written so far, going club by club.

This is well-written and proofread. The experienced authorship really shows, and Ms Goode knows how to write male characters that are actually like real guys, each guy has a unique personality, and they're not mostly silent gruners. The couples in this collection are differing in age but are members of the same MC.

All of the main characters were great... the last story about Annie, Easy, and Michigan ends unresolved, so I am going to read the next one.

I would say that a couple of these stories (each is 'around' 100 pages) could be expanded, but the purpose of the series from these authors is a story each month that doesn't take too much time to read.

Karen Shortridge says

another brilliant read and i'm sure you won't be disappointed, these stories really do pull you in and you really want the characters to fly high, the plots set your pulse racing in so many ways,i can't wait for the next one

Lynn says

These stories are well written and engaging. I am now going to get the other books in the MC series, I am

looking forward to reading the books by the other authors, household budget is going to get hammered again, Oops!

Julie Jackson says

This collection was simply delicious. Three great stories of the MC life.

Wrecker and Chelsea are in love but will they be accepted.

Pippa and Judge these two cannot get any hotter. I love the trust and security within this read.

Annie and Easy and Michigan. Such a sweet love tale. This is the kind of love that every girl needs. Unconditional and so very hot.

Great read all the way around.

Judy Robertson says

awesome read. loved the series. the characters are sexy funny and badass. a must read for your bookshelf.

Cynthia Whisler says

Loved it

These books are getting better and better! Each character feels so real. Unique personalities and humorous attitudes. Can't wait to get more to read!

Lisa Guzman says

Short. Hot. And not so Sweet.

Well kinda sweet. These men love with all their hearts once they set their sights on the one woman they want. They pounce and attack their prey and make them submit. And when they do... Look out! These short stories are an awesome way to kill a few hours and walk away feeling satisfied.

Barb says

HOLEE! This was definitely a way to keep warm between shoveling shifts on a snow day! Biker crack...can't seem to stop...

Alison Chawning says

This series was good but it didn't quite do it for me. I enjoyed reading His Wild Desire the best out of this box set. The other two were okay I skipped some chapters just to get to the good stuff. I still liked the characters in some of the stories but some of them were dull. Other than that the series was good. All of these stories were hot and short with some sexy scenes.

His Wild Desire: Can Grant and Chelsea be together or will it cost them dearly.

Her Secret Pleasure: Can Judge and Pippa make things work out between even though one is a civilian.

Their Private Need: Annie being the good girl of a preacher can she fall in love with two men from the Death Lordes.
