MAR 1, 2013 UPDATE (Part Deux):

I don't know whether to hug Stephanie Hudson for a roller coaster ride or BEAT HER ASS! My fan girl in me is screaming in rage! - but the reader in me is in tears and praying for the 4th book to come out to put me out of my misery! PLEASE MAKE IT SOON!!!

MAR 1, 2013 UPDATE:

Almost done, still lovin' it! :-) But I did find that I had to constantly skip 3/4/5 and sometimes 6 pages worth of detailed descriptions! I'm all for setting a scene, but this was a little much. The story line is still amazing and I would still rec it anyone who loves this type of book/series. Just be prepared to skip a lot of pages. LOL

FEB 25, 2013 UPDATE:

So I have been reading along and I have found some quotes in this book that had me cracking up! LOL If you haven't read the others, these won't make sense to you... but I loved them all the same.

But obviously Carrick didn't appear to be worried, which brought on the mental picture of that day at the warehouse. What if Carrick had been there? Would Draven have ripped open the va, saw Carrick and said, "Oh, didn't know it was you... sorry, you just go ahead!"

And then this one:

What was it with bad guys, did they have a specialist car dealership they all went to or did they just walk in and ask for something dark, threatening and with enough boot space for a body, to kidnap young mortal girls!

All in all, I'm very much enjoying myself reading this!

BOOK REVIEW – The Triple Goddess (Afterlife Saga #3) – Stephanie Hudson

I'm still 'Craving the Drave', but... 'Lovin' the Luc'

Yes, loyalties have been tested and boundaries crossed in this thrilling new third instalment of the Afterlife saga.

Please excuse me while I just pick my jaw up off the floor and try to compose myself after what has just been another truly exceptional book journey, administered by the incredible talent that is, Stephanie Hudson. *Girl, I want to hi-jack your brain, crawl inside and set up house!*

To deliver a series that incorporates the full complexity of a paranormal world with characters that breathe takes a work of genius, and wow – does she know how to deliver. *Her writing flows with artistic flair as her words paint pictures of a place that has started to feel like home.*

*

In The Triple Goddess we embark on a new journey with Keira, as she is captured by Carrick (the Harbringer of Death) and delivered into the hands of the enemy, Lucius – The Vampire King.

Guarded in the confines of a large hidden mountain retreat in Germany, Kiera believes her mortality hangs in the balance, as she plays yet another pawn in this game of control between Dominic Draven, her one true love, and Lucius, the king of the Vampires, as he barter her life for a priceless relic that rightfully belongs to him.

Grieving the loss of her family, Draven and her home, Kiera finds an unlikely companion in the form of Pip, a mischievous little Imp that takes a keen interest in attracting trouble.

After spending nights at the VIP table at Transfusion by Lucius' side, Keira has no choice but get thrown into a darker side of the world she has been plunged into and starts to question her sanity when Pip calls her friend and hostile conditions gradually transform into familiarity as Lucius and his surprisingly loyal council show signs of leniency and support.

As captivity progresses into protection when another demon tries to stake his claim on Kiera – the Electus, Lucius has to make a crucial decision, but not before confessing some untold truths. As their connection strengthens, Kiera starts to question Draven and the actions of his past and learns that everything may not be as it once seemed.

However 'fraternising with the enemy' comes with its own set of consequences, when a face from the past puts Kiera's life in further jeopardy, and with Draven hot on Lucius' heels to get his chosen back, it seems everyone wants a piece as Kiera fights for unity and survival.

*

Draventies, be prepared for our big man to take a little backseat in this 3rd instalment as this is undeniably Lucius' story. He plays a prominent part but it was absolutely essential as the Afterlife Saga steers us in a whole new direction in Kiera's journey of self-discovery and acceptance as she learns of her role in this new world.

I love the Draven's but it was nice to delve deeper into enemy territory and get a whole new insight to the world Kiera has been plunged into as new characters are introduced and play a pivotal role in her prophecy. As always, this book is a marathon read but think of it more as a fine wine that needs to be tasted and savoured as it consumes you, making you a little dizzy and somewhat euphoric – because yes, some parts will leave you a little light-headed and breathless. I don't know how Stephanie did it, but I felt myself going through a transition period as many questions were answered with an honesty by the most unlikely of character's and it was an entertaining experience. Dare I say it, but I was falling for the enemy! There were times that Lucius stole my breath away and I think I may just love him a little now too.

Pip, what a character! That little imp had me rolling in my seat as Stephanie really pulled out the comedy card on this one. I absolutely loved her and Adam, they are the most unconventional couple I have ever encountered and yet the love that resonated from them both was beautiful and it shone a whole new light on the fact that there is a bigger picture, with 'Afterlife' being just the tip of the iceberg.

I can't finish this review without mentioning Vincent – can I just say, 'True Form.' Whoa! God, I love that Angel.

But... and there is a But... **The ending!** OMG! I didn't expect that, it totally floored me and I think my heart just broke a little bit. I need book four yesterday as I know it's going to be another rollercoaster ride as Kiera embarks on a whole new kind of mission.

Are you trying to kill me Mrs Hudson????

What can I say without giving anything away! Apart from I can't bring myself to start another book at the moment because I don't want to spoil the book hangover I have from this one. I love the way Keira's character has developed in this book with the help of Lucius of course. I seriously am so hot for Lucius, as I was reading I was so thinking forget Draven & just stay with the bad boy! Don't get me wrong I still 'Crave the Drave' but now I also 'Lust for Lucius'. I hope Stephanie's fingers are a blur on her keyboard at the moment writing 'The Quarter Moon' as I am not sure I can stand the wait after the ending to this book! This book certainly did not disappoint I LOVE, LOVE, LOVED IT

The sh*t literally hits the fan in this book as Keira is kidnapped and thrown into a world where her dark knight is not there to protect her. But her captors aren't entirely as they seem, and as Keira is kept hostage, she learns more about her place in the supernatural world than Draven would have liked. She learns more of herself too- as she starts to develop into a stronger character and stand up for what she believes in.

Fast-paced story with vivid imagery and bad-ass but likable characters. I really liked this story. It is my favorite so far of the Afterlife saga.

Natalie Cullen says

Enjoyed the third instalment of this book overall but found it hard to get into at first.

I feel at times although you can tell how much the author wants to set a scene there was just too much description I actually found myself skipping pages of unnessesary narration I mean for heavens sake at one point a chair is described down to every detail.

The detail descriptions I would expect from a first novel but the not the third in a series

I was worried when starting this book that Keira and Lucius would start some sort of affair but was so glad it didn't go that way I would have completely fallen out with Keira if she had gone down that route.

One of the things I really enjoyed was the introduction of new characters Pip and Adam thought they were a great addition.

I'm still not convinced Vincent is totally trustworthy when it comes to Keira and Dom's relationship we

found out that Aurora and Dom video was a lie but why did he act like it was going on when Keira visited Draven to confront him only for Vincent to sort of confirm her fears so we'll see.

But the biggest shock was the ending can he really be dead and if so what's happened to Vincent and Sophia surely one of the them would have told Keira unless they too are dead, even Lucius would have been a better messenger than Levic.

Plus I take it from the teaser for book 4 that Pythia is trying to get in touch but if that's the case what has happened to Draven and what can Keira do to get him back I mean she can't possibly die again she's died about 3 times in this book alone or at least come close to death.

Looking forward to what will happen with these characters hopefully Draven and Keira will be reunited soon and not be kept apart for most of the book like they were in triple goddess.

3.5 stars!! I so wanted to LOVE this book like I did the other 2. I stalked Amazon searching for it. The 5 chapters that were released had me dreaming of this book.

SPOILER ALERT...kind of!!! I WANTED Lucius to be the evil villain he was built up to be. In the beginning I felt the pull and hold evil Lucius had; I was right there feeling the tension and fear. And then it fell flat.

Pipper stole the show for me in this one!!

Kyrie Selby says

This is my favourite so far!!

It doesn't follow the normal, everything is happy then goes wrong then all happy again, it's a constant roller coaster of emotions which makes the stories a lot less predictable.

I loved seeing the different sides of Lucius & Pip is the most amazing character in the world. It's great having a character in a book which completely goes against the grain to spice things up.

The only bad part was the cliffhanger.

I cannot believe Stephanie did that to us. Talk about building suspense!!!! What a tease!!!

I enjoy these - all Free on Unlimited. The editing certainly leaves a lot to be desired, both in terms of the sentence structure and also the typical phoenetic problems.

This one throws in a bit of extra creativity which is pretty good. A couple of new support characters have joined the menagerie, Pipper, is especially fantastical and you've got to love her.

This 3rd book does a bit of a round off, so it's a good time to save the next books for later. I reckon I'll wait until book 7 is released.

Not enough stars available for this read!!!!

Amazing! Amazing! Amazing! The afterlife saga just keeps getting better and better!

Book three sees the introduction of new characters that are epic. The flow of tension and anticipation through the book are unrivalled to any other I have read. The feelings of love and desperation are deeply ingrained in all the characters for an outcome that is yet to be revealed but wills you to drive there as fast as you can.

There are too many characters to appropriately show my appreciation for them all but my heart opened to Pip, Adam and Lucius in a way I never thought possible from the previous 2 books.

This saga is nothing but completely unpredictable and endearing and has quickly become one of my all time favourites! I can not recommend this saga enough!

Huge congratulations to Stephanie Hudson for another incredible part to a truly mesmerising journey! I cannot wait to read The Quater Moon and pray it is not too long before its release!

+++++++

This book had me seething, smiling, doing tummy flutters it was a annoying and I shed a tear or two, and I found the whole book satisfying and totally not what I was expecting and I can't wait to read book 4 to see where the future takes all the characters. I totally adored all three books. Very well done.

CT says

Why did it have to end...n how long before the fourth installment?

So the third book in the saga and it started where we left off with Kiera kidnapped by Lucius. Its hard to say anymore without giving the story away because if you`ve read the first two, you should be able to predict some of the storyline. Having said that I found myself screaming no no no no no several times throughout the book. Loved it towards the end but oh another cliffhanger but this one is too much to handle. Loved

Loved Loved it!!!! Can't wait for the fourth book

OMG... i am absolutely loving this paranormal series:)

I still love "Crave the Drave" BUT A BIG loving welcome HELLO to Mr Lucius!!!

I was immersed from page one, completely fascinated by the creativity, action, drama and chaos in this book.

Each book gets better and better, I just loved the new characters, the yummy Lucius, Pip & Adam. We still had the appearances from Vincent "The Angel" (another hmmm)& Sophie & Keira's family. Thoroughly enjoyed the sexual tension building between Keira & Lucius, bringing humour and tenderness in this storyline line. Glad Stephanie remained true to Keira's character for her love for Drave:)

BUT OMG what a cliff hanger to end on!!!

Eaglerly waiting for book 4, The Quarter Moon!

this is one series, that i am happy to wait for even with a cliff hanger on each one...Stephanie Hudson does not fail to deliver the very best in all her books)
