To Tempt a SEAL

Sara Jane Stone

To Tempt a SEAL Sara Jane Stone

The first book in the sexy new Sin City SEALs series by Sara Jane Stone!

He can resist everything...except her.

For the first time in her life, art therapist Lucia Lewis is ready to live. And the masquerade ball in Las Vegas is just the place to find a ridiculously hot guy to complete her wicked to-do list. The only rule? Her elegant Venetian mask-which conceals the scars that have always held her back from the life she deserves-stays *on*.

Navy SEAL Cade Daniels heads to Vegas on a mission to keep his best friend's little sister out of trouble. Except the woman he's sent to find is all heat and flame...and perfectly capable of handling herself. *And* him. But the moment Lucia's mask slips, the need to heal her, body and soul, is complete and absolute temptation.

But revealing himself could cost him the one thing he isn't willing to risk...his heart.

Never Stop Reading or Dreaming says

Update: I really do love this book. I love a book that you can feel the pain of the characters and everyone her mask comes off no matter how many times I have read it I feel it right in my heart.

I fell in love with this book. My heart really went out to her when the mask fell.

3.75 Stars

*Cade," she moaned.
"Hold on tight, gorgeous. We're just getting started."*

Sara Jane Stone is a new to me author and one I didn't know what to expect from when I started reading this book. All I knew is the title had "SEAL" in it so I was sold. What? I never said I wasn't easy. After finishing it I can definitely tell that this author is definitely one I would read in the future and this series has fully sucked me in and I can't wait for more.

I love a romance that is a bit outside of the norm with it's story line. Although the set up is not unlike ones I've read in the past, I loved that the heroine wasn't your typical beauty. Scarred by her foster father as a young girl, Lucia has never seen herself as *beautiful*. She's never been the one to get any attention besides the uncomfortable stares that her facial scars induced. After losing weight and donning a masquerade mask, Lucia hopes that this bit of anonymity while at a party in Vegas will give her exactly what she needs; a night of scorching hot sex with a man that will cross off all 3 points on her sexual to-do list. And the best part about it is she wouldn't have to lose her mask throughout the entire process.

In his world, relationships were like quicksand. Even if they could keep their heads above the surface, what would happen when she found out he'd been sent here to find her?

Navy SEAL Cade Daniels notices the striking beauty in the gorgeous dress right away. He's drawn to her in a way he's never been before. But as much as he wants to give into the obviously crackling chemistry that sizzles between them, he's also on a mission. His best friend and Lucia's older sister, Natalie, sent him there

specifically to ensure that Lucia doesn't accomplish hers. A little distraction goes a long way, but before Cade knows what hit him, the attraction between them proves too much and when he gives into the inevitable and falls into bed with the woman, he knows that only one time won't do.

He'd been on covert missions that dialed the adrenaline up to one hundred, but this feel like the biggest thrill of his life.

Cade has seen first hand through his parents and fellow SEALs what a relationship with a military can do and he wants to part of it. But even knowing that all he can offer Lucia is temporary, he can still give her the best few nights of her life. Things don't always go according to plan though and it's not long before Natalie finds out what happens and keeping his true identity from Lucia becomes harder and harder.

This was a super steamy read and while I found the characters had quite a bit of depth for the type of story it was, I also craved something a little deeper. (No pun intended) While their chemistry was off the charts, I found their primary connection to be more on the physical then emotional sense. I suppose that I just needed something a little bit more on that end. Also I found the way it resolved to be just a little too easy and perfect. Considering how everything took place and Cade's lies by omission, I wanted him to work a little harder for his forgiveness. Lucia forgave him way too easily in my opinion. Overall, this was a sweet and sexy romance and one I'd definitely recommend to readers that enjoy a story about a sexy SEAL and the woman that brings him to his knees.

I want to take you any and every way you can imagine. In public or hidden away, if it turns you on, I want to try it. And one way or the other, we'll end with you screaming my name.

????? 3 STARS ?????

First time reading this author, I went on a Brazen binge last month, needing light and sexy reads. Hit or miss it appears. While I liked the premise, the cheesy ending failed to satisfy my picky self...

Navy Seal Cade Daniels is sent to Vegas on a mission... Protect his best friend Nathalie's little sister, Lucia and keep her out of trouble during her week end in Las Vegas...

I liked the premise of this story, Lucia, a beautiful young woman, scarred by her foster father when she was younger, decided to offer herself a weekend of fun and reckless in the city of Sin...

Unaware of her beauty, she's convinced no man will ever look past her disfigurement.

Dressed only in a sinful red dress and with the excuse of a masked ball to hide her marred features, she seizes the opportunity to find a handsome man for a night of sinfulness.

Yeah I can say, I was more than okay with her choices to let it go. And knowing she'll get caught by sexy Seal Cade Daniels? I was already jumping from excitement!

Cade Daniels is in for a surprise, he keeps looking for Lucia's description but is drawn to a gorgeous woman dressed in red...

Their meeting although expected was sweet and promised a sexy follow up. And Sara Jane Stone most certainly delivered on that part. "To Tempt a Seal" definitely fell into the heated read category with a bit of a kink thrown in for good measure. Cade revealed to be quite the dirty talker, the man knew how to take things to another level!

Lucia came with a list of fantasies to fulfill, and Cade will more than gladly play his part... They're soon checking all what was on her note and more...

Too much, in my opinion, I enjoyed the story until it became clear the author was giving us an all to nicely wrapped case of insta-lust/love/hea.

I like some light reads eventually, yes, but I can't just accept from 2 characters to fall in love over a night or two of sex in Las Vegas, of all places.

Overall I liked "To Tempt a Seal", it was an okay read but I would have preferred it to end on some kind of 'happy for now' ending rather than this too sweet happy ending.

Nicole P says

A nice and easy read about a woman who lets loose when she goes to Las Vegas for a vacation. Unbeknown to her, her sister sends her best friend to go check up on her and he just so happens to be a sexy, hot SEAL. Sexy times, lots of dirty talk and a number of fantasies make for a memorable time in Vegas. It was nice to read a book where the heroine wasn't this perfect sized specimen.

4 Gorgeous, I'm your man stars

Lucia Lewis is running from the person she has become. She is in Vegas and she has a list damnit. Having led a sheltered life, following a harrowing experience at the hands of her foster father, Lucia decides now is the time to open up, jump on, hold tight and see what is in store for her, especially at a masked ball. Who knows who she might find.

Cade Daniels is a Navy Seal, just like his Dad, and he knows his profession of choice leaves very little time or energy for relationships. However, his best friend has a sister that may need a little looking after, and she's heading to Vegas. Get the picture?

Now this is not a new storyline, by any means, but Sara Jane Stone is a new author to me, so I was keen to see how her voice would call to me.

I had an immediate attachment to Lucia, given her backstory and her resultant fears she was still trying to come to terms with. Sara characterised her beautifully, with care and compassion, as well as giving her a backbone.

Cade wasn't just a beefed up bodyguard.

"Those muscles were like catnip."

He recognised Lucia's underlying fears, and sought to help the brave woman struggling to get out. The fact that he was willing to do anything to help her, including injecting his own agenda, was a joy to watch.

They both had issues to work around if they thought their weekend fling would go any further, but it was a pleasure to hitch on this story and see it unfold in Sara Jane's unique way.

I will definitely be seeking out more from this author.

Michelle says

ARC provided by publisher in exchange for an honest review

One weekend in Vegas to let loose and let your sexual fantasies comes true...no harm in that. Right? Well,

the saying couldn't be more true.. "What happens in Vegas, stays in Vegas." For Lucia Lewis, a trip to Vegas was meant to let go of her inhibitions and have a wild one-night with a stranger while crossing off her Post It fantasy list. Unbeknownst to her, she happens to meet one hot sexy Navy SEAL who was willing to help her cross off her list.

Cade Daniels was sent to Vegas by his best friend, Natalie Lewis to watch out her baby sister. His job was to watch over her but he soon found himself fulfilling Lucia's sexual fantasies. He knew if Lucia found out that he was sent by her older sister, Lucia's insecurities might resurface. So throughout his weekend affair with Lucia, he didn't expect their sexual chemistry to be explosive. So what happens when Lucia learns of the truth of the real reason why she met Cade?

To Tempt a SEAL by Sara Jane Stone was one hot sexy read. From the opening pages to the last page, this story was wickedly and sinfully addicting. There is nothing like reading a romance book of a hot Navy SEAL who can sweep you off your feet. I loved how the author kept the heat level of this book extremely HOT and there was no denying the sparks between Lucia and Cade. I really enjoyed this quick steamy read but I wished the unraveling scene of the truth was a bit longer since I wanted more of an emotional connection with Cade and Lucia. But overall, I can't complain much since this book satisfied my Brazen book junkie addiction. So if you are looking for a sinfully, sexy steamy book then I recommend you to read To Tempt a SEAL by Sara Jane Stone since I know for sure this won't be the last time I read from this author.

Kim Bailey says

3.5 Gorgeous Stars

I was pleased with the overall narrative of this story. The character struggles seemed genuine and not overplayed. The chemistry between the characters was also well done - probably the highlight of the book.

“So Cade, did you come for the art or the chocolate?”

“Gorgeous, I came to find you.”

As cheesy as his pick up line may sound, Cade's statement is actually true. Sent by Lucia's big sister (and his best friend), Natalie, Cade is only meant to protect Lucia from her desired one night of debauchery with a stranger. Instead, Cade finds himself falling helplessly for the curvaceous and tempting woman who is

nothing like the insecure ugly duckling her sister described. Attending a Vegas party, wearing a mask to cover her scarred face, Lucia is ready to meet a man and enjoy a night of anonymous sex. When Navy SEAL Cade finds her post-it-note list of sexual fantasies, they both learn Lucia has what it takes to tempt the SEAL.

The post-it-note lists and Cade's stick figure fantasies was a cute addition to the storyline. I loved when the characters were discussing what they wanted to do to each other and referenced the post-it's as #1, 2, 3, etc. So much fun!

What I found a little difficult to digest was the idea of 2 people who are struggling with their own issues of commitment, finding each other and falling completely in love in the span of 2 days. Finding a connection or a bond quickly is fine ... but the head over heels, "I know you're the one" type of epic love that was built (in Vegas of all places) seems really unrealistic. It would have been much better if the timeline had been stretched out and the characters had more than a quick fling to get to know each other.

Overall, a sweet romance with great steamy parts and really nice HEA.

Jessica says

3.5/5 stars

I am always game for a Brazen and I have to say, this one was a fun and extremely sexy read! Sara Jane Stone does not hold back on the sexy times and I have to say I loved how she jumped right into them!

I felt for Lucia. She has decided to take a trip to Las Vegas for an exhilarating weekend in Sin City and all that entails. She attends a masquerade ball and plans to find a sexy man to fulfill her list of fantasies. She is approached by Cade Daniels, a sexier than sin Navy SEAL in a tuxedo who is all too willing to participate in her fantasies. However, Cade is there under false pretenses. He has been sent by his best friend, Natalie, who also happens to be Lucia's older sister. Natalie knows of Lucia's weekend plans and wants to make sure she stays out of trouble.

However, one look at the beautiful woman who tempts him like no other, and Cade knows he can't let her find some other man to do the things on her list with. He knows it's a betrayal to his best friend, but the more time he spends with Lucia, the more he wants to be the one to show her how beautiful and sexy she is, scars and all.

Neither Lucia nor Cade is looking for anything long-term. Cade doesn't believe he is capable of it, being a SEAL and seeing what that did to his family when his father served. Their deployments are long and most marriages and relationships cannot withstand the time and distance. Lucia just wants a weekend of fun and sexy times with a stranger before she returns to her life in Tennessee. She never expected to fall for Cade, but she can't help but relish in the way he makes her feel. He sees past her imperfections and empowers her and I really loved that about him.

My one issue with this one was that the relationship felt too rushed. The entire book takes place over the span of a weekend and Cade and Lucia are making declarations of love to one another. I would have preferred to see the more serious aspect of their relationship drawn out a bit more.

This is definitely a feel good story, especially considering Lucia's confidence issues. She's real and I'm sure a lot of women can identify with her. Cade is one of those guys that every woman dreams of having- a man who isn't afraid to use his actions and words to show her just how wonderful she is and what she deserves in her life.

Overall, while I felt some of it felt rushed, I did find this to be a sexy and fun read!

Received a copy of this book via the publisher in exchange for a fair and honest review.

Claire Robinson says

4.5 - "You like things that explode in your mouth?" Stars!

Sara Jane Stone's writing epitomizes everything that I want to read in a book of this genre. Well developed and engaging story-lines, likeable characters, and plenty of sexy, sexy sex! This isn't the first book I have read by this author, and it definitely won't be the last.

"We've moved a helluva long way past hello."

Lucia and Cade, accidentally (on purpose) bump into each other in Las Vegas. Lucia is there for one thing, sex, no-strings, and commitment free sex. Cade is there unbeknownst to her, at her sister's request to ensure she doesn't make a mistake of epic proportions or end up out of her depth.

"I'm going to hell for this."

What Natalie didn't figure on is the chemistry that sizzles from Lucia's first meeting with Cade, and the fact that her best friend has his sights firmly on being the guy that Lucia end up having her weekend of sexy fun with while in Las Vegas.

This is one of those books that you pick up, get lost in and don't really return to reality until you finish the epilogue. I loved Lucia, strong and vulnerable, confident but shy and although she had issues, they felt genuine and not overplayed.

"I've been good for a long time... I think I'm ready to be bad."

Cade was the perfect yin to her yang, he talked the talk, but backed it up with the walk as well, also in that he had his own set of issues but they complemented each other in their weaknesses and strengths to give a whole enjoyable and really sexy and emotive read.

"I thought going down under water was a SEAL specialty?"

I had high expectations of this book, that's because I have high expectations of the author and once again, she delivered 100%. I hope we do not have to wait too long for the next *Sin City SEALs* book, because if *To Tempt a SEAL* is anything to go by this series is just getting started!

"You can paint my dick magenta if it turns you on."

◆*Arianna◆* says

3 Stars!!

Lucia Lewis has a tormented past. Scarred by her foster father when she was younger, she always felt unwanted and undesired. She never felt beautiful and now, all she wants is to escape her dark past. She's in Las Vegas for two days and she plans to find someone who will give her what she craves the most – some attention and a night of scorching hot sex. Even if she lost some weight she still feels insecure, so she decides to attend a masquerade ball, thinking that she will be more comfortable behind a mask.

Navy Seal Cade Daniel heads to Vegas on a mission - to keep his best friend's little sister out of trouble. His best friend, Natalie wants to protect her little sister, Lucia, so she asked her friend to find her and stop her plans. She thinks Lucia is not ready for what she has in mind thinking she eventually will end hurt and alone.

Cade is fascinated by Lucia even before to find out she's his best friend's sister. Lucia is gorgeous, she seems shy, vulnerable and in need of someone to protect her. He knows he's not that man for that, but he's ready to do anything to have this beautiful woman in his bed for one night. Even if he promised Natalie he will not touch Lucia, he can't stay away. When Natalie finds out what her best friend did, Cade knows he will not be able to keep his true identity from Lucia for too long.

"I want to take you any and every way you can imagine. In public or hidden away, if it turns you on, I want to try it. And one way or the other, we'll end with you screaming my name."

This was my first time reading a book by this author, so I didn't know what to expect. *"To Tempt a Seal"* was a very steamy read with an interesting storyline and likeable characters.

Lucia was a heroine very easy to like. She's a little bit shy and vulnerable at least at first, but she also is strong, determined and confident. Cade was likeable as well. He's sweet and thoughtful and made Lucia more than once feels like she truly is, a beautiful woman. Their chemistry was off the charts, but what I didn't like was how fast they fell for each other. I don't need the 'I love youS' to enjoy a romance, so this aspect of the story didn't work for me. Also the ending was very rushed. The connection between them was

nicely done, but it was more physically. I would have preferred to feel an emotional connection.

Overall, a good, steamy read with two likeable main characters and great writing.

nick says

I was drawn to *To Tempt a Seal* because of the synopsis. How often do you get a good romance book featuring a character who isn't physically perfect? While *To Tempt a Seal* was a hot and sexy read, I sadly, didn't think it was an emotional book that made me want to believe that the relationship between the couple went beyond sex.

Lucia flies to Vegas in the hopes of finding a man who would be willing to fulfill all her fantasies in a night. She finds that man in Cade. She doesn't know that he was sent by her elder sister, Natalie, to look after her. Lucia was a very insecure woman. An incident with a foster parent had left her face scarred and she also struggled with her weight. She was easy to sympathize with and I wanted to give the girl a hug. I was proud of her for going after what she wanted with Cade. With the help of Cade, she realizes that her scarred face does not define her and that she can feel beautiful. Cade was pretty much the typical romantic military man. Good hearted, sexy and possessive. I didn't like that he kept his friendship with Lucia's sister a secret from Lucia after becoming involved with her, but in an odd way I understood where he was coming from. The sexual chemistry between Lucia and Cade was off the charts. These two were hot together and there were lots of scenes that attested to that. I think one of my issues with *To Tempt a Seal* was that there was a bit too much sex. I know Brazen books are supposed to be all about the sexy times but I like how the emotional relationship balances out all the sex. In *To Tempt a Seal*, I didn't think there was much of a balance. I never got the feeling that Cade and Lucia got to know each other besides the surface. So when the "I love yous" came after like 2 days dominated by sex, I was taken aback. That being said, *To Tempt a Seal* was certainly entertaining and I liked the author's writing a lot. I hope Jack, Cade's friend, and Natalie get a book of their own. Speaking of Natalie, I wish her relationship with Lucia was explored further in this book. The two seemed to share an emotional closeness despite being far apart, so I was a little let down that their relationship wasn't portrayed more.

In the end, *To Tempt a Seal* was an entertaining read, but I wanted a bit more to feel emotionally connected with the characters and their romance. I would still recommend this book if you're looking for a quick, sexy read.

Kim Reads (Read Your Writes Book Reviews) says

Reviewed for Read Your Writes Book Reviews
by Kim

Very few books have the ability to have me liking the characters and enjoying the story from the very beginning. I was surprised that Sara Jane Stone did just that even though she is a new author to me.

To Tempt a SEAL takes the best friend/sibling troupe and gives it a little twist. In this case, Cade Daniels and Natalie Lewis are best friends and Cade ultimately falls for Natalie's younger sister, Lucia.

After the death of their parents, the Lewis sisters went from foster home to foster home. When the girls were seventeen and sixteen, their lives again changed in an unimaginable way. As a result, the two grew apart but still maintained a relationship. The two don't really see each other since Lucia lives in Tennessee and Natalie lives in California. They call, text, and email but they don't really have a grasp of who the other is on a daily basis.

When Lucia tells Natalie she plans to go to Vegas and live out some of her fantasies with a complete stranger, Natalie freaks out. She convinces Cade to look out for Lucia since he's going to be in town visiting his father.

"So Cade, did you come for the art or the chocolate?"

"Gorgeous, I came to find you."

Oh, Lord, and so it begins.....

Lucia has no idea Cade is actually there to find and look out for her. Cade has no idea Lucia is a beautiful tempting vixen who's a little bit insecure. Lucia isn't looking for anything past her weekend in Vegas. Cade doesn't do relationships since the SEALs are his life. He has first hand experience that his job isn't conducive to having a true relationship. These two are so great together with their playful back and forth and their sizzling chemistry.

Sara Jane has given me everything I love in a Brazen romance, from the hot, to die for hero, to the likeable, insecure heroine, to the steamy bedroom (or lounge chair or shower) action, to wonderful secondary characters I can't wait to read more about. Sara Jane definitely has a new fan in me.

Received a copy from Entangled Brazen in exchange for an honest unbiased opinion.

Nicola says

A new-to-me author and a new series and, as firsts go, if *To Tempt a SEAL* is any indication of Sara Jane Stone's writing, then she has a new follower. Her addition to the *Brazen* line is one of the best I have read in some time and she has created a likeable couple with depth and a superb chemistry, who are passionate with realistic strengths, weaknesses, hopes and fears. It was enjoyable from the first page and maintained this momentum throughout.

"Ready for your dreams to come true?"

The best friend's little sister trope is a firm favourite but in this instance the little sister has no clue who Cade Daniels is. To Lucia Lewis he's a stranger she meets at a masquerade ball; a handsome Navy SEAL willing to help her achieve her to-do-list of fantasies. I very much liked Lucia; determined and sassy she brings out the best in Cade and this attentive, thoughtful and very sexy man unleashes a confident lady who quickly works her way into his affections.

Together they burn the pages, bring fun and emotion. This ticked pretty much all the boxes of what I want to find in a sexy read, is a great opener to the *Sin City SEAL's* series and with strong secondary characters I'm excited to see where Sara Jane Stone takes the series. 4.5 stars.
