When it comes to love, limits are negotiable.

Come Again, Book 3.5

Kat St. James is the Come-Hither Queen of the Silver Screen, irresistible to everyone—except the woman she secretly loves, childhood friend Bonita Pritchard. Kat's come home for a visit, and discovers Bonita has left town to avoid her—for the third summer in a row.

Hurt and angry, Kat heads for Come Again, Bonita's sex-toy boutique, for clues that will help heal the rift between them. There she encounters Destiny, who gives Kat the shock of her life. Bonita's become a sexual submissive.

Destiny also offers Kat the opportunity of a lifetime: the chance to learn the BDSM lifestyle from the experts. Only then will there be any chance to reconnect with the woman she loves.

Except becoming everything Bonita needs means giving up the one thing she's fought her entire life to attain. Complete control. Top to bottom, it's a challenge that will push her past her limits.

Warning: This book contains discipline demonstrations that range from hand to cane, a captivated voyeur, a Dominant struggling to learn submission, two very satisfied instructors, and enough kinky teacher/student roleplaying to make you want to go back to school.

Luz Greer says

Slow starter

Slow starter

Very difficult to get into up front, gets better in the middle and it suddenly ends. Feels like a bad tease.

Katherine says

Good and hot. What a great teaser - makes me want to dive right into #4, the full story of Bonita and Kat. It was hot and fun to read about Johnny and Destiny.

Freebie from kindle.

Lena says

Top Student was short, but incredibly enjoyable. This was my first read from the series, and I can't wait to go back and get the back story on everyone.

The characters are likable and somewhat endearing. Their motives for their actions make them real, rather than just people clamoring to have sex. I also found that the author used them well to provide insight into the BDSM lifestyle. As someone who doesn't identify with it, I felt this was a genuine overview and glimpse into it.

My only gripe is that it was too short. I was so into it that when I got to the end, it felt like I'd walked into a wall. But I mean that in a good way. I can't wait to read more.

Blue Spectrum says

I read this book when I was quite new to the whole BDSM Scene. It gave me glimpse into what went on

about how the sub is taken to a vulnerable state (sub-space) of mind through either physical or psychological means.

Heather says

Loved it...was deliciously exciting and loved all three characters. BDSM too.

Famous actress is in town to visit her secret lover/friend to find out she's skipped town. Now the only way to think or even have a chance at a future is to learn to be what she needs and earn back her trust.

Kat learns what it's like to first submit so she can dominate with full understanding. Destiny and Johnny two top dominants take Kat under their wing and begin the very fun journey from famous actress, to sub to domme.

One freebie from Amazon you don't want to miss.

Lexxi Kitty says

This story gave me brief pause, a brief moment of frustration. A moment when I thought it was going to be like all the others vaguely similar set-ups. A dominant strong woman who ends up being taught to be a submissive. But that didn't happen. And a little light somewhat went off in my head, as the saying goes. A lot of BDSM stories frustrate and annoy me because of that dynamic. Plus the simple fact that there are so few dominate women out here in the fiction. Who actually work are Mistresses. I've seen a few, but they are almost always side characters.

Hmm. Exit to Eden had one, a Mistress who was more of a switch than a dominant. The Office Trilogy by N.T. Morley had a side character who was allowed, at times, to be dominate (and another who the reader was teased with the idea she was, but most of her scenes were off-stage). Yvonne: A Courtesan's Compulsion had a rather interesting female dominate, and probably one of the main reasons I gave that one as much as 3 stars. But she very much was a side character. Only a brief moment on stage. I initially overrated Being the Submissive - Lesbian BDSM Erotica for the mere fact that it was the first time one of the main characters was a female Mistress with a female submissive. Point of view of the submissive, though. Morley's Library series flirted with the idea of a dominant female character, but mostly just teased the reader with her.

So, long and short of all these words is the simple little matter that I might again have overrated because of a female dominate with a female submissive, though I don't think so. Finally, I found a story from the point of view of a female dominate. And it made me happy, it did. I suspected that this was the reason BDSM works kept frustrating me. Nice to know my suspicions were correct. Too bad there really isn't a F/f genre in published form.

Though, now that I think about after using that 'F/f', there are stories in the past I've read in that genre. I didn't think of them while going through what I'd read since those had been free stories strewn among hidden pockets of the internet.

Mummy's Naughty Corner says

Book gifted from the author in exchange for an honest review.

Cover :- 3 stars

Sex/steaminess :- 4 stars

Story line :- 4 stars

Characters :- 3 stars

Overall rating :- 3.5 stars

Personal rating :- 3 stars

Book Pairing:- M/F/F

Did it give me a book hangover :- No

Is this a review book or personal read :- Personal Read

Why I chose this book?

It was a freebie and looked good

What I liked about this book.

- * The sex was good.
- * The writing was good.
- * I'm left wanting more

What I didn't like about this book.

- * It seemed a little short. I didn't feel it was finished.

Would I read more from this author?

Yes

Would I recommend this book?

For a quick read yes.

Anne says

I very much enjoyed this one. Basically, Kat isn't satisfying her submissive girlfriend, Bonita, so she enlist the help of a couple, Johnny and Destiny to teach her the ropes of bondage/submission role playing. The writing is clean and well paced for the most part, though in my opinion, it took the author a tad bit too long to get down to it. The characters are somewhat strong and well defined. I would not be afraid to recommend this one.

Dee says

This book restored my faith, not only in freebies, but realistic power exchange.

At the time of one clicking, I didn't realize it was part of a series. I'm pleased to say this story stands alone, and even happier to know I have the rest of the series to devour.

Free on Amazon at the mo - [https://www.amazon.com/dp/B00G047RLA/...](https://www.amazon.com/dp/B00G047RLA/)

Kent says

I was really getting into this story... then it ended. :(

Patricia says

Liked

A woman will go to any lengths for the person they love. I love how Kat was willing to put aside the very foundation of who she is in order to understand and win back the woman she loves. I need more of this story.

Kellie says

Quick and dirty pleasure

Not bad for a short story, great believable characters that leave you wanting more. A glimpse into another world, nice escape from reality.

Andita says

I think I...

Read this book before but as I read more it didn't seem that familiar. It was interesting with a dominant flair. I think it made me almost want to learn more about the characters.
