## White Women's Christ and Black Women's Jesus: Feminist Christology and Womanist Response

Jacquelyn Grant

Christology is especially problematic for feminists. Because Jesus was undeniably male and because the Christian church claims him as the unique God-bearer, feminist christology confronts the dual tasks of explaining the significance of a male God-bearer for women and creating a christological model adequate to feminist experience. Jacquelyn Grant rehearses the development and challenges of feminist christology and argues that, because it has reflected the experience of White women predominantly, it fails to speak to the concerns of non-white and non-western women. In response to this failure, Grant proposes a womanist theology and christology that emerge from and are adequate to the reality of contemporary Black women.

## **Ashleigh says**

This book was excellent except I felt like it took the author the whole book to get to her point and I wish it had been more integrated. Still, really interesting.

---

## **Hank says**

This is a solid overview of feminist perspectives on Christology, and I recommend those chapters. However, the author does little to actually demonstrate that "womanist" is anything other than "feminist" and "liberation" together, and she makes the claim numerous times. She gives no examples or experiences to demonstrate the unique dimensions of "womanist" that could not also be described as "liberation feminist."

---

## **Rod says**

Talk about an in-depth study! Grant goes through the Creeds, evangelicalism, feminism, and liberation theologies. A must read to dialogue with Womanist God-talk.

---

## **Erin Grasse says**

One of the most intriguing and convicting and vindicating books I've read in a very long time.

---

## **Mollie Meyer says**

Used this to write a research paper on womanism hermeneutics, and it was the one source I kept going back to over and over again. So much rich wisdom to learn from.

---

## **Nancy says**

An interesting concept that makes sense.

---

**Pat Kelly says**

Loved this book.
