## From Reader Review Angel for online ebook

### Alpha Possessive Heroes says

Okay.. so Angel.. one of the twins right? He was the one who got pick to be an insurance to keep Carusos and Lucianos in a truce. As far as I remember, he's the lazy one and the most twisted in the twins.

I'm trying not to get too excited because the release date is next year. But I can't wait to see what this rugged tattoo Angel can do! (*I hope he's wacko and OTT alpha! hehe!*)

Angel and Mathias are twins and they have the same exact tattoos and as far as I can remember, its hard to tell them apart.. I'm just hoping there's no sharing or ménage in this story.

### EDITED:

I'm not rating this because I didn't finish the book. Pretty much lost interest half way.. I'm thinking maybe I'm still book hang over from reading Rider's Revenge but gosh this book was terrible! I did not see/feel any chemistry between Adalyn and Angel. Adalyn character was annoying as fuck and don't get me started with Angel! I mean, what happened? Where's the OTT possessive mean hero? After reading Lucca, I did expect the next one will be almost the same as him.

The story line didn't even interest me too. So I gave up.. I mean, if the main characters and plot aren't working.. why push it yeah?

I'm just disappointed because I've been waiting for this book.

\*Sigh\*

I won't prolongue this agony any longer.

Sadly , this series have gone downfall for me, apart from book 1 *Nero*

I can only say, that I have no patience with silly, immature, childishly spoiled girls wanna be young women who not only act stupid but blurt out such under-toned, trivial shit...and I just can't really justify it with anything for any reason...

That's one thing, the second thing is - the plot. Gah...damn, I know it's hard to find an original, unspoiled, untainted plot, cause there's NONE, everything has already been written, re-written, re-re-written, so far...sot

the only "originality" is within the writing style, dialogue, descriptions and initiative in being bold, but not for the "boldness" itself but for the height in the storyline that you already might have read but because of the "fresh" approach, it sounds new!

If you know what I mean...

So, nope...I guess i just lost patience, maybe there will be "new" readers who will find this storyline more interesting than I did, and they can even overlook the female character...and who knows, maybe this will be a winner.

I will have to pass and actually try to salvage the good memory that book one in this series embossed in me.

Spoilers included below

I liked Angel. A hot made man with a troubled but interesting backstory. I like too that he was faithful to Adalyn and she to him. Thankfully unlike Vincent Angel was not a manwhore and his story was not filled with OW drama and OW sex scenes.

While I do not dislike her I am not a fan of Adalyn's. She appeared too ditzy and wishy washy. One minute she is in love with Lucca and then she is in love with Angel. Also I want the heroes to do all of the the pursuing like Lucca and Nero did with Chloe and Elle. Here it was Adalyn who did some chasing and started crushing on him hard at the first meeting.

I want the heroes to be super possessive and jealous like Lucca and Nero were and still are with Chloe and Elle. Here while Angel got irritated that his twin brother briefly made out with Adalyn (who thought that it was him) he could handle it and there was no really angry reaction or violence involved. By contrast Nero almost lost it when Elle just kissed a guy on the check and I could write a book about the intensity of Lucca's reactions when Amo showed interest in Chloe. I cannot help but love Lucca and Nero for that. Even in this book the devil let his green eyed monster show. Vincent got banned from being in Chloe's sight because Lucca thought that he was flirting with her.

I was not happy about the fact that Angel thought that he was in love with OW until almost the end of the story even though he had already gotten physical with the heroine. Thankfully the OW only appeared at the end of the book and did not return his feelings. They never had a physical relationship but rather it was like Adalyn's feelings for Lucca. They were never returned.

While I was glad that the story contained a sex scene (that occurred at the end of the book) I was not feeling

the claimed love that was admittedly during that time. Also I did not feel any chemistry between them. Maybe if there was more of Angel's point of view in the present ( as opposed to his flashbacks) then I might have felt differently. As it was I wasn't sure that he even wanted her for awhile.

I enjoyed reading about Lucca and the glimpses we got of Nero and Elle. I would love a follow up story with both couples as long as they remain faithful to each other, which I am sure that they would.

Lake's over the top fan club responses to Angel's good looks that included fainting and always talking about how hot he was would have irritated me except it really bothered Vincent and given Vincent's past slutty behavior, even after he admitted to himself that he had feelings for Lake, I thought that he deserved it. Vincent had pay backing coming and the fact that it was given to him by mainly a submissive Lake pleased me.

I would love to read about Lucca and Nero's sister's story as long as her love interest is just as strong as her. She is a tough mafia chick and needs someone who can match her strength and at times keep her in her place. A whimpy professor, who she seemed to show interest in this book, will not be that person. Also I want her love interest to be hot for her and to do the chasing. She deserves a man who is head over heels for her and yet still be the alpha in the relationship like Lucca and Nero.

### **SF Bookaholic says**

What the hell did I just read? It was such a terrible book by this author. I feel like I have wasted my time and money on this disaster of a book. Everything about this sucked big time. It has officially ruined the whole series for me. I had really high expectations from this book. What was the author thinking when she wrote Adalyn's character? She was beyond irritating and annoying. Angel was such a jerk. I hated both the main characters. There was no character development for them. They somehow just fall in love. In fact, they didn't even talk about their past, basically no REAL conversation. This book also managed to spoil secondary characters for me. I mean what was up with Lake and Elle always checking out Angel. Mind you Lake literally fainted after watching Angel and his twin together, that too in front of Vincent. Some girlfriend she is. Throughout the book, we were reminded how HOT Angel is. The ending was too rushed. Overall, an awful read altogether.

**Hmmmm...**

Not the story I was expecting, disappointed overall. Wish the story would have gone into more details of Angel's life and there was no connection between the 2 characters, at least no romantic connection.

**Pop Sugar Reading Challenge 2018**  
**Un libro publicado en 2018**

*"They are doomed apart. God help them if one were to endure life longer than the other. Their love is the rarest of all. A sick one that's only made beautiful by those two souls and those two souls alone."*

A diferencia de la opinión popular, a mi si me gustó mucho este libro.

Si es verdad bajo la madurez y seriedad que venían en subida en esta serie, pero creo que la autora lo hizo de forma premeditada, era imposible repetir la intensidad que vimos en Lucca, así que, en vez de intentarlo y quedar en el intento, tomo un camino completamente diferente, y se regresó más al Young Adult.

Si amiguitos, este es un libro más juvenil, entretenido y **MUY DIVERTIDO**.

Este libro logro un plus, que hace mucho una historia no lograba para mí. **Hizo que me pusiera en la piel de la protagonista.** ¿Les ha pasado? ¿Que se ven a sí mismas como cierto personaje?

En esta historia me paso, ahora sí que ¡SAME!

Adalyn se llevó la historia, con su personalidad aniñada, inmadura e ingenua. Si cometió muchos errores, decía muchas babosadas, pero si yo fuera una princesa de la mafia, seria como ella. Se los juro, soy yo. Desarrollando crush con quien no debería, comiendo Nuggets y haciendo enojar a mi hermano.

Ángel, no defrauda, me hubiera encantado ver mas de su lado malo y no tanto de su lado roto. Pero bueno igual no pude evitar derretirme por él.

El romance no lo sentí mucho en este libro, al principio muy lento, luego muy rápido, había una conexión era obvio que terminarían juntos, pero algo faltó. Solo por eso no le doy las 5 estrellas.

Pero con ver a esta bola de Mafia adolescentes, su di a día, sus vivencias, toda la travesía solo para ir al cine, cada detalle me encanto.

Ahora hablando de María, la verdad no se que pensar de ella. Ya se que muchas creen que su historia será con el maestro de matemáticas, pero a mí me gustaría que su historia se entrelazara con el Boss de los Lucianos. Ella quiere ser Boss y tiene lo que se necesita para lograrlo, si se cazara con Dominic ella podría lograrlo, no lo sé, es solo una de mis locas ideas.

## **QUIERO SABE MAS DE LOS LUCIANOS.**

*"I am trapped by the walls that hold me. Trapped by the mind that fools me. Trapped by the bones that keep me here. But I must not give up, For I must win, To see your face, When you realize, That I will Never Ever Give in."*

### **Rgreader says**

Very disappointed in Angel, book 5 in the Made Men series, because this hero is in love with someone else throughout most of the book. WtF. The 'I love you' toward the end was such a let down knowing the hero was pining for some other female most of the book. That made the hero and heroine finally consummating their relationship, well, underwhelming.

The Mafia drama really saved this book from being a 1 star. That was really interesting. And what a shame no marriage and babies for any of the other hero and heroines who are couples in this book. Nero and Elle really deserve that.

Finally, I hope Amo gets a hea and isn't killed off.

Sorry I can't take Adalyn anymore she is too annoying for me to continue.  
I won't rate this as I dnf.

### **Anna says**

I have read and loved every single book in the *Made Men series* and witnessed each one coming out better than the one before it, with *Lucca* being the ultimate best in my eyes. *Lucca* did set a pretty high standard and I completely understood that the likelihoods of the next book being better were slim. I think there is only one future book that could ever compare - Maria's book.

But while I did not anticipate *Angel* to be better, I fully expected it to be at least as good as all the other installments in the series. It wasn't.

*Angel* started out good. The writing was still the way I remembered it to be and the right mood was set from the very beginning. I happened to like Adalyn and was exited to see her with the representative from the Luciano family - Angel. Both of the characters felt as though they could bring something interesting to the story. But I soon realized that it wasn't working for me and I did not really understand why. I was halfway through and still the story wasn't really coming together in my mind. I then realized that it was because the book felt undeveloped. The scenes did not seem fully finished, the chapters would end with no real conclusion. The characters were not exactly unraveled, there were still a lot of things left to discover with each of them. The relationship did not feel fully formed and the connection between the characters did not seem real and genuine to me.

In conclusion , I'm sorry to say that it's my least favorite book in this series and I just hope that any further books will be back on track being awesome. Because I know for a fact (or four) that they can be better.

### PopSugar Reading Challenge 2018 30. Un libro con personajes que son gemelos

“I realized I could either spend an eternity here, trapped, or I could spend an eternity here, with you.”

Esta serie de mafia se ha convertido en una de mis favoritas, la descubrí el año pasado y con el libro de Lucca me conquistó, es por eso que siempre voy a estar esperando cualquier libro de esta serie.

Obviamente al leer el libro de Lucca ya sabía que los demás no iban a estar a la altura de semejante libro, ese está a otro nivel ~~siempre de exagerada~~ y pues estuve en lo cierto pero el de Angel es mejor que los otros restantes.

Disfruté muchísimo la lectura, me reí con las ocurrencias de Adalyn ese chica es una loquilla se le venía cada pensamiento o decía cada cosa, el enamoramiento que tenía por Lucca era bastante cómico y a la vez pienso ¿Quién no se enamora de semejante hombre?

Ángel también me pareció un personaje muy bueno, es un hombre que es peligroso, oscuro que tuvo una niñez bastante fea e injusta llena de maltratos y abusos de parte del desgraciado de su padre, esos flashback de la niñez de Angel fueron bastante tristes. Es un hombre fuerte y leal a sus hermanos, a su sangre.

La relación de Adalyn y Angel no me convenció del todo porque no vi en qué momento se enamoraron si hubo tensión sexual a lo largo del libro pero no lo sentí como para que fuera amor y para mí es la parte más floja, lo que sí me gustó es que Adalyn fuera la que estuviera detrás de Angel y que cuando él se da cuenta que la ama no se la puso fácil para volver a confiar en él.

Ya me di cuenta que en esta serie el personaje principal es Lucca, QUE HOMBRE POR DIOS!, me encanta su oscuridad el monstruo que lleva dentro su inteligencia y astucia, la manera de manejar las cosas que siempre está a dos pasos por delante de los demás “*Lucca always win*”

“He’s always five steps ahead of you, and he knows every move you’re going to make before you even make them, because it’s exactly the move he wanted you to make. He wants you here, and he wants you with her.”

Yo cada vez me enamoro más de Lucca **"Darlin, I love you"????♥**

*No hay nadie como tú*

*No hay nadie como tú mi amor??*

Como me reí cuando las chicas Elle y Lake babeaban por Angel cada vez que lo veían y la escena cuando van al cine es de las mejores, una gran lección para Nero y Vincent que por cierto este como sufre con su cara bonita y sus baby blues que hasta Lucca lo tiene vetado de su casa por coquetearle a Chloe.

Ahora espero que el siguiente libro sea de María que antes la quería con el profesor pero pensándola bien y por lo que vi en este libro me gustaría que fuera con Mattias el otro gemelo *What would be better?*

PD: ¿Qué pasará con Amo? ¿Qué hará Lucca con él? AAAH que intriga... a esta serie todavía le queda mucho.

**Sarah needs to deliever a way better OTT Alpha man and a way too cute love story than Chloe's for me to move on.**

**Just like after Nero i could'nt enjoy Vincent until Lucca came in the picture.**

**So better luck next time! I guess :/**

**B.R-**

Ok! So after Lucca i have BIG expectations....

I hope this book will give me the same or more feels like Lucca♥♥♥

Seeing that the cover has only one man i am hoping this won't be a ménage love story but then again Chloe too did'nt gave any clue based on the cover!

Well! If its a love triangle like chloe or simply a ménage then i am sad to say i won't be reading it so plz be a normal mf love story with a ott alpha man!
