## **Behind Blue Eyes** William Woodall

After two years, Zach thought he was free of the curse at last. But when a stranger kidnaps him in his own back yard, he soon discovers that the past is not quite as dead as he'd like it to be. As he finds himself caught up in a vicious struggle of good vs evil, Zach is forced to figure out exactly what he believes in, and whether he has the courage to fight for it. Sequel to Cry for the Moon.

## **From Reader Review Behind Blue Eyes for online ebook**

### **Kristy says**

Very good sequel...the same cool mix of fighting werewolves and discovering faith. Zach is abducted by the wolves with the purpose of forcing him to find a curse breaking spring and there begins Zach's journey to discover his destiny as a curse breaker.

---

### **Peter Younghusband says**

Sometimes a sequel or a second book in a series is not as good as the first, as in the movies as well, but in this series, I would say that this is better than the first. I read this in one day, totally absorbed was I.

Woodall takes full advantage of what he established in the first volume and builds upon this very effectively. Everything is revved up in this tome. It instantly takes off where Book 1 finished with more action and suspense, more background revealed about the werewolf curse, its history, and its cure.

### **Dora Okeyo says**

I finally finished this book- and Zach's story continues as he comes to terms with what the legend of him being a curse-breaker involves.

I like the first story best "Cry for the Moon."

---

### **Hallowed\_soul says**

I thought it was really awesome just like the first book. I didn't want to turn off the Kindle. I suggest this book to anybody who loved the first book.

---

### **Deborah says**

I had to buy William Woodall's "Behind Blue Eyes" as soon as I finish his first book in the series "Cry For The Moon". The story of Zach continues a few years later. He is kidnapped from his backyard by werewolves. He gets away and his quest begins to find an answer to solving the curse of the werewolf. I really enjoy that Zack continues to grow in his faith and it is an important part of his family. Unfortunately I will have to read the third book in the series to hopefully find out if Zach finds his answers about the quest. Be

sure to read these in order as the background information is essential to the overall story.
