Book One: Sporadic Memories Ali Marsman

Book One: Sporadic Memories is a novel about a lifestyle that needs to be read about. Within the first few pages you will realize there has been a loss, it is not sad though; the narrator expresses with great enthusiasm the life they lived, which makes it nice during the times when it becomes difficult to read.

By the first few pages I hope you can hear the narrator has been alive for a long time, explaining the way it is written?

There is no distinction between the characters' genders, which offers a personal experience for the reader.

The part that remembers the time they gave bracelets to each other brings about another way of joining together in marriage ... following how their courtship developed, and the apple tree that is depicted throughout the novel using its fruit in traditional family recipes. It gets sad for a bit after this, but notice that it gets sad because there is so much more to why the one lost is worth writing about.

It is partly a love story. You know for sure it is when you get to the parts about the piano played and songs written ... you should at first read to the first song. The memory at the exhibition and recalling times in the rain and snow are next. They traveled a lot together and you will read of a place if you read a little past the description of the surroundings of their home.

If you read to the first birthday mentioned; you will find a recipe worth trying, a poem worth reading, and fireworks. The narrator is a playwright, so there is a play that is broken down throughout the novel ... it is a difficult read, but it is important in showing how the two brought their work together, and what positive influences they made upon those they met.

Things are repeated to show how important positive repetition is, which helps to move past pain while remembering the passion. This novel is full of passion, carried throughout the life they had for each other, their work, and their friends ... you might want to read through first until you hear about their friends.

This novel completes the story as the pages turn; putting certain pages together will bring the memories in order.

It is an easy read.

It is written poetically, which gives it justice. It begins the way it ends ...

Book One: Sporadic Memories is a novel about a lifestyle that needs to be read about.

Natalie says

This book was so moving. I cried a lot, laughed and loved the love between the characters. The recipe book was a great touch and I have tried many of them.

Jeanette says

This is an amazing read. I recommend you read it, I can't wait for the next one to come out.....

Deseree says

I thoroughly enjoyed the book, yes it was not your normal read but I loved the recipes and the women empowerment. It certainly reflects the title and you just may sporadically read it! I can't wait for the next edition!!!

Bhumi says

I received this book from First Reads giveaway.

I thought this was a mediocre book. There were a few touching parts, but sometimes it seemed slightly amateur.

Oliver says

I agree with my wife, beautifully written. I was a bit sad thinking that I haven't done enough in my life outside of work after reading this book. I think I will retire for sure now!

Brad says

My Mom always said, "If you can't say anything nice, don't say anything at all."

Erma Odrach says

This is not a novel in the normal sense of the word but a novel of poetry; it is about love and loss and about time and life. The apple on the cover symbolizes ecstasy, fertility, abundance and love, and when an apple tree is planted on pg. 160, it brings with it inspiration. I love the recipes that follow: apple pie, curried apple soup, apple butter and more. I even tried a couple (apple baked pancakes and apple jelly) and both were really good. Honest and engaging, this is a book from the heart.

Danielle says

A great read, I recommend to all:)

Frances says

I had an appreciation for life, but since reading this novel, even more so.
Beautifully written/inspiring and by a Canadian author!

Ali says

I should have been the first one to rate my novel as I am so very proud of myself and my work!

I hope you enjoy(ed) it!?

Sincerely,
Ali :)

Grace Brewster says

I met the author. Such a creative soul!

Bridget says

I will admit that this book was hard to read at times. Even though I was prepared for that because of what the back of the book said I still had to put it down sometimes and take a breather. The way the main character feels about her partner is how I feel about my husband and I just kept thinking about how I would feel if he were to pass away.

Jeanette says

This is an amazing book!! I recommend it to all! I know once you pick it up, you wont be able to put it

down, magical words Ali, Keep the books coming! LOVE IT!!!!!!

Urenna Sander says

Throughout the book, Ali Marsman's writing invoked almost continuous, intense love and yearning. The person, who I presume passed, was much loved and revered. Some passages are beautifully written and heartfelt. The theme appeared to be apples, which is depicted on her book cover.

Apples have many symbolisms, but I think the symbols in Ali's book are love, beauty, and remembrance. The apple tree represents immortality; the person will always be alive in their heart. There are several apple recipes in the book.

Ali is a playwright; snippets of a play were interwoven throughout the book. This should have been omitted. Other than that, I enjoyed Sporadic Memories.

Although considered a novel, I think this is a book of poetry.

Tara bosch says

i have known ali for a long time and this book i love so much that i couldnt put it down and when i was done reading it the first i had to read it again. he work is so great that it touches me keep up the great work ali my sista love ya
