Diana says

My 15 month old loves to feel the furs.

DuPar says

A good book for very young readers who like to feel textures.

Tressa says

Cute touch and feel book. Small enough to fit in a diaper bag.

Athena says

I like to name the animals, imitate their sounds, and pet them gently.

Kendra says

Cute book for tactile babies.

Emerson and Theodore says

Another great book from the SD Zoo. Emerson loves the soft patches and the colors. There are several rhyming sentences for each animal which makes it actually "readable" as well as touchy fun.

Marc Lucke says

Unlike many board books, the text here is fun and well-written (at least enough to not be grindingly boring on the eighth consecutive read). The images are bold and bright, and the tactile pieces are constructed well enough to withstand at least two kids (YMMV). An excellent addition to any toddler's library.

Tory says

This was the first time Eowyn volunteered to reach out and touch the baby animals without prompting or guiding!
