Darby Conley's previous two books, *Blueprint for Disaster* and *The Get Fuzzy Experience* were *New York Times* best-sellers!

People read cartoons for different reasons. Some are taken by the visual element...Then there's the people who want it to be funny...Darby gets both." --Scott Adams, creator of *Dilbert*

*Get Fuzzy* collections are flying off the shelves. And *Bucky Katt's Big Book of Fun*, the second full-color treasury of the outrageous antics of Bucky, Satchel, and Rob, is sure to attract more readers of the strip voted Best Comic Strip of 2002 by the National Cartoonists Society.

Behold the world of *Get Fuzzy*. Meet Bucky Katt, the Siamese smart-ass who coexists under protest with Satchel Pooch, the sweet-tempered shar-pei/Lab mix, and Rob Wilco, the human who keeps the refrigerator stocked.

Each day in newspapers around the world readers visit the place where cats, dogs, and humans meet and learn a little bit more about each other-not necessarily by choice. By turns hilarious, poignant, and even human, *Get Fuzzy* is the smartest, funniest comic strip in newspapers today.

### **Carly Kirk says**

Love Get Fuzzy! Some of these had me laughing so hard my cats were looking at me funny - bet they wish they could talk... I'd get lots of snarky comments, I'm sure.

Right off the bat I have to say is that more often than not I went: What the...? My recommendation is to read, nonstop, through two of his treasuries. Then you'll get it. Once you do Conley is a genius at showing how different personalities get along and how poignant his messages are. These books are very funny and just fun to show the crazy and messed up ones to your friends.

### **Hayley says**

This is a hilarious collection of the Get Fuzzy cartoon. I love the wonderfully witty and sarcastic Bucky Katt and the sweet, innocent Satchel.

A brilliant glimpse into what is lurking in our 'pets'. A++++

A good-hearted but perhaps not very bright dog, an extremely nasty cat with a brain of gold (impervious to most things and fixated on money), and a hapless Red Sox fan share an apartment in Boston. For fans, this is the book in which Bucky sues the ferret next door on the Judge Judy show.

12th book read in 2015.

Number 406 out of 440 on my all time book list.

Personally I'd give this book like 3 stars, but my 8 year old son loves it, so it gets 4.

I felt that a lot of the stuff in it is just really dated and chock full of late 90's or early 2000's humor that just isn't very relevant these days.

It's a fun read though and Bucky makes it all worth while and his ongoing feud with the weasel is pretty hilarious.

Fun!

I first picked up a *Get Fuzzy* book back in the early 2000s to get my daughters to stop reading Garfield. It worked, and became a gateway for them to discovering the world of Manga and Bone. The strip had its heyday somewhere around 2000-2003 and this volume pretty much covers that period. Be warned that there is nothing new here, so if you read the other collections then this will all be review. I picked this up just to have a quick nostalgic read and was happy to find that the humor holds up for the most part.

Darby Conley is a genius when it comes to showing us the world of pets and the crazy things they think and do. If you want a great laugh-out-loud moment, then pick up this book and just read a couple of the strips. You can't help but smile as you read this book. A great book for laughs.

### **Dave Woods says**

Darby Conley is a cartoonist that delivers every time he writes/animates. Unlike Garfield, Bucky is a cat that is actually funny and you can't help but laugh at his cat-like shenanigans. Satchel Pooch (the shar-pei dog) is naive as they come but it only adds to the hilarity the household of three run into on the daily. I recommend this book if you want a good laugh.

8 burritos!

When I was working in any of the many bookstores where I was employed and I did not want (or have the

time) to read my current book, I would grab one of these collections to read on my too short break. I slowly but surely worked my way through several series. These are great time killers and will usually improve your mood no matter how hectic the day. Laughter can be the best solution to dealing with the public.

If you are a fan of the funny page or comics or Bucky Katt then this collection from Darby Conley is the book for you. Hilarious.

Get Fuzzy is a comic strip that fascinates me. There's a sensibility to it that's distinctly different from more traditional strips. The setup is fairly conventional: Rob Wilco is a bachelor who works in advertising. He lives in an apartment with his dog, Satchel, and his cat, Bucky. So far, this could just as easily be Garfield. But what sets Get Fuzzy apart from most other strips is its sense of humor. Darby Conley uses a much more character-based style than most. The strip is less about traditional gag-a-day jokes and more about throwing his cast into situations that they can react to. Satchel is loveable but clueless. Bucky is scheming but ineffectual. And Rob tends to waver between bemused and exasperated by the exploits of his ... well, technically they're pets, but they act more like a cross between roommates and children depending on the situation. Add in a dollop of geek humor and just plain odd references (Rob is a rugby fan, for instance) and you have a winning combination.

The first few Get Fuzzy strips I ever read, I was like, "What IS this?" But once you catch the rhythm of Conley's humor, it becomes addictive. It's also nice to see, in this age of Dilberts and Garfields and Pearls Before Swine, some art with actual detail in it for a change. There are, like, actual backgrounds in these strips! I thought that was out of fashion or something ...

I'm mildly irritated by a line from the back cover copy that begins, "This full-color collection of Get Fuzzy strips ..." Sure, black and white are technically colors, but it's only the Sunday strips that have actual reds and greens and everything--not that any sane person familiar with newspaper comics in general would expect differently--but still ...

Anyway, Get Fuzzy is an excellent strip, and this collection is well worth your time. Recommended!

The funniest comic strip I've ever read. Darby is amazingly clever; I've read all of these books several times and they never cease to make me laugh. I wish I could afford to send a set of them to all of my friends. In fact, I'm thinking of buying a set and giving them to Jared for his wedding.

### **Amanda says**

I really enjoyed this book as I usually do when it comes to these Get Fuzzy comics. I was just a little disappointed though that only the first 128 pages were of new material that I had not read while the last half was page for page what I read a few weeks ago in another book.

Bucky Katt's Big Book of Fun: A Get Fuzzy Treasury is Darby Conley's second treasury in the Get Fuzzy series, which features a guy named Rob and his two pets, Satchel Pooch and Bucky Katt. In this treasury, it features a ferret moving in next door, which Bucky doesn't approve of, and causes him to lose his tooth. It also features Satchel chasing a guy on a bike, and causing him to go to the vet, as well as having a dog conference.

I love how Bucky makes a new rivalry with something or someone, and Satchel is always loveable. Get Fuzzy always makes me laugh. Gotta love the Judge Judy strips in this treasury.
