#### **Awesome**

This book is awesome. This book will kinda help u handling about bullies. Things I like about this book is that the wimpy zombie stood up for the mutant zombie to his big brother which was smaller than him and bullying the mutant zombie. The things I dislike is that the magma cube guy kept threatening the wimpy zombie about telling them about him bullying the wimpy zombie. Obviously, this book has more stuff and this book is marvelous.

Great book. Perfect for the mine craft lovers out there. I and my friends enjoy each book. My favorite character is mutant because he is strong but soft.

This is another quick read. I read this to my 5 year old son in about an hour. Once again he was laughing out loud. This book also has a really great message about bullies. When I first picked up this series I thought it was fun fluff reading. I was wrong. This book has a great message for kids about what makes a bully and thoughts on how to deal with one. I was really impressed! We have a stack in our living room of all of these books that I borrowed from the library and my son always walks over and grabs one and brings it to me. Maybe this author will have a giveaway?? I would love to own these so we can reread them. On to book 3!

Bullies and Buddies is the second junior novel in the Diary of a Minecraft Zombie series. At a disastrous party at Steve's place, Jack Zombie and his friends Skelee, Creepy and Slimey are attacked by the villagers. Steve is sorry for his friends' injuries so he lends Zack a special video game all about plants and zombies.

This second story has more narrative, the characters have developed and there is a message included.

The Diary of a Minecraft Zombie series is suited to an emergent reader, a Minecraft fan who enjoys stories written about the familiar gaming characters.

### **Diary of a Minecraft zombie book 2**

Read on Kindle unlimited.

This was a good one, with a good message in it as well - bullying. My 7 year old was questioning why people bully etc so it was a good talking point on bullies and what to do.

Again written in a diary style it makes for easy reading, the kids love this series and they are on Kindle unlimited as well so will keep us going for the next 12 nights!

I thought this was a very sad book, The reason is that I see Mutant as a good person, and he is being treated like a jerk. :( We should end bulling and we should help stand up for friends of ours, and do something about it. I made a lot more friends for being cool and helping each other out, I helped out Joaquin and Roman. We all need to stop bulling and we need ways to fix this.
