After the confrontation at The Island of the Free Woman, Raven's crew is worse for wear and one of their number is on the edge of death. But somewhere nearby is an island where a legendary woman can heal any ills. Can Raven and her crew get there in time and will this woman even help a crew of pirates?

From Reader Review Princeless: Raven the Pirate Princess Book 3: Two Boys, Five Girls, and Three Love Stories for online ebook

Jennifer says

With a severely injured Ximena aboard, Raven and her crew sail to an island in search of a healer. But getting the healer's help requires some, er, persuasion.

Oh yeah. I'm so enthralled with Raven and her crew. I could read about them for days and days. There was no a good deal of plot movement in this volume. But the characters are just so fantastic that you do not realize how little forward momentum there is until you really think about it ... at the end!

I continue to have a complaint with the publisher Action Lab Entertainment. This volume was 128 pages ... with 27 pages of advertisements. The only saving grace is that the ads are at the end of each issues which makes it easier to skip them. If the ads were interspersed within the issue, I would be even more frustrated – and even more reluctant to continue with the Raven story. As it is, I will not be super eager to pick up another graphic novel from this publisher. Very unfortunate because I love this diverse cast and the story they are involved in.

Kathleen says

Friends, mark your calendars. On this day, I, being of sound(ish) mind and body, do admit to actually enjoying a love triangle in a story.

I KNOW.

Being fair to me, this love triangle contains absolutely no boys. It is three queer girls being uncertain and wibbly about each other and this matters a lot to me. I live in hope for an OT3.

Anyway. When Last We Left Our Heroes, Raven's confrontation with her brothers had gone badly, one of the crew had been hurt really badly, and everyone was scrambling to find a thing to do. In this volume, they find that thing: find a legendary healer and get her to help. I quite like this volume because we get to see a lot of Raven's flaws. She's impulsive, brash, reckless, and prone to use violence. However, she's also quick-thinking, loyal, and very loving to her friends. I also enjoy it because we get to see this whole crew of diverse, clever, badass women pull together and make a miracle happen, sort of in spite of their captain.

Finally, I like this volume because we get a bunch of stories. Raven tells one, Sunshine tells one, we even get the tail end of someone else's which sounds embarrassing and hilarious. And we all know how I feel about stories within stories. Good volume, if darker and less funny than the others; I look forward to the next.

Laura (bibliophile) says

Ohhh I like this series a lot

Dreximgirl says

I do love this book, it's really interesting to see a cast of mostly females getting along and being all badass. I felt the focus in this one was a little more on the romantic side than it had been before but it moved the story along nicely and I enjoyed it a lot.

Amanda [Novel Addiction] says

I think Raven the Pirate Princess has surpassed the original Princeless series. Princeless is great, don't get me wrong - but Raven's series is so much better. This series continues to be consistently amazing, and I will 100% be on watch for the next volume.

laura (bookies & cookies) says

MY OT3 LIVES. This graphic novel series is super gay, filled calling out of misogynistic comments and general asshattery. One of my all time favorites!

E. says

4?

"You hit me in the boob!"

Raven fights tooth and nail to get Ximena back on her feet. The love triangle gets intense. We get some interesting perspective of Native Islanders. *And I just want all of them to be safe and happy.*

Lara says

Yeah, I liked this one but didn't love it. I guess it's sort of nice getting more backstory on the characters, but I'm not a big fan of the "let me tell you a story" plot device. Also, so romance-focused! Boring! Let's get back to fighting Raven's a-hole bros, yeah? And like, a lot more Katie. Cause she's everyone's fave, obviously.

Marthese Formosa says

this one got me sitting on the edge of my seat! The crew is doing everything to save Ximena. They went to

an island renowned for it's healer but they get turned down because they are pirates and many people are hurt because of pirates. They try to be diplomatic and the they aren't.

It's great because of the love story as well. Raven liked Ximena, Ximena may like Raven. Sunshine likes Raven.

There are two stories within the story; one told by Raven and one by Sunshine, to keep Ximena company.

Again, character development, although this trade sees the secondary characters in the crew a bit less than the second. A lot of important discussions as well; on love, on setting people up to become criminals, on treating people with respect even if you're fighting or scared of them and so on.

Not sure if there is more, I hope there is! Also, still rooting for Sunshine.

Laura says

I was disappointed in Volume 2 of this comic, which I didn't think lived up to the awesomeness of the first volume. But I loved this one! Raven and her crew of badass queer women are as feminist and fierce as ever. There's action and adventure but a lot of depth, too--which is what I loved so much about Volume 1. Also, I absolutely loved the two stories-within-the-story in this volume.

Elaine says

I love this series!

Jasmine says

We didn't really learn much more about our characters than we already knew (yes you are in love, yes you are awesome, yes you are the most stubborn) but it's still fun to see characters be themselves (and acknowledge things to themselves) and meet new people.

Side note: Please don't beat up healers to convince them you're not a thug. Come on now.

Carrie says

I found Raven a bit insufferable in this volume.

Aliesha says

Downgrading because was the proofreader high? Ridiculous number of errors.

Sylwia (Wish Fulfillment) says

I love this series for its meta feminism, its many wonderful characters, and its character dynamics. The plot doesn't progress too much in this one, but the characters are worth it. This continues to be one of my favorite series. (For those of you that don't know, our protagonist is a lesbian and of Asian descent.)
